The Overseas Depot

IN connection with the shopping service department there has been established an overseas depot.

Here suggestions are freely offered as to what best to send that will pass the authorities and which will keep for weeks without injury and which have been found to be most popular with the soldiers in the trenches. Advice also as to how to pack the parcel so that it arrives in good condition is also a duty of this depot.

And, furthermore, if you wish the depot to prepare, wrap and ship a parcel you can select from a collection of suitable articles, samples of which are displayed, and these will be forwarded according to your instructions.

"Overseas" Boxes for Packing
Articles Sent to Soldiers

TO BE assured that the things you send will arrive in a useful condition you should pack them in these specially prepared "overseas" boxes, which are made to stand rough usage and heavy pressure. They are made of corrugated cardboard and are easy to handle and pack. Sizes and prices:

SUPPLY OF GLOVES
NOW!

IT'S NONE TOO EARLY to commence despatching gloves to men on active service. Allowing for the uncertainty and irregularity of ocean transportation, gloves sent now will arrive about the time the cold winds and frosts of early fall commence to add another hardship to the life of the man overseas.

Special arrangements have been made in the EATON glove department for supplying the proper cold-weather gloves for every branch of the military service, and the display on the Main Floor includes gloves for aviators, transport drivers, despatch riders, officers and privates.

Examples of the Values Obtainable

For aviators we particularly recommend a glove made of black or boulevard horsehide. It has extra wide cuff with gusset for covering over the thick garments worn by aviators. All seams are half pique, and it has Bolton thumb, extension dome fastener and strap at wrist. It is lined with a thick fleece material. It's one of the best gloves we know for cold weather comfort and is exceptionally well-made to withstand all sorts of hard usage. Sizes 7 1/2 to 10. Price, per pair

For transport drivers or despatch riders we mention the gauntlet glove, made of peccary pigskin, a material that is soft, flexible and durable and which is washable without shrinking or hardening. Has the desirable high stiff cuff and extension straps at wrist, half pique-sewn seams and Bolton thumb. One of the most popular gloves in the selection for sending overseas. Price, per pair

For either officers or men we suggest a short, unlined glove made of washable peccary pigskin. It has half pique-sewn seams, Bolton thumb and one dome fastener. Exceptionally good value, per pair

A comfortable glove for the men in the trenches is the one-fingered horsehide mitt, with fleece lining, knitted cuff and full welted seams. Extra good value, per pair

Socks for Soldiers—Comfortable and Durable

FINE ribbed medium weight grey army socks, seamless throughout, with close-ribbed cuff, double heel and toe. Made of strong, serviceable yarns. Per pair, 35c, or 3 pairs \$1.00.

Men's 3-1 ribbed grey wool socks, knitted from strong, durable woolen yarns and made seamless with 1-1 ribbed cuff; the heel and toe are extra spliced with double-ply yarns. Sizes 10 and 11. Per pair, 45c, or 3 pairs for \$1.25.

Soldiers' grey hand-finished machine-knit wool socks, 2-1 ribbed close-fitting cuff, double heel and toe. Per pair

Men's plain grey wool hand-knit socks of extra soft four-ply yarns, reinforced with double ply at heel and toe, 2-1 ribbed close-fitting cuff. Per pair

CANADIAN FORCES
QUIT CROWBORO'Camp Broken Up—Hospital
Ceases to Be
Used.

Canadian Associated Press Correspondent.
London, Aug. 22.—Canadian forces have been withdrawn from Crowborough and the headquarters there closed down. As a consequence the Canadian officers' hospital at the Limes, Crowborough, ceases to be operated as a Canadian military hospital.
A change has come over the various order sheets issued daily in the Canadian quarters, giving general routine and camp orders. Hitherto battalions when mentioned were specified by number and then easily identified, but instructions have gone forth that for the future no battalion numbers are to be published.
In a recent examination at the eastern command school of musketry, the following officers passed the course, distinguished: Lieut. G. A. Urquhart, 1st Cent. Ont. First class; Major N. A. Curwen, British Columbia; Capt. E. J. O'Brien, 1st Quebec; H. D. Patterson, Manitoba; Lieut. S. H. Leach, C.A.S.C.; G. Davies, 1st Cent. Ont.; T. E. Lockwood, E. Ont.; D. Dale, British Columbia; L. R. Whitman, C.E.T.D.; H. K. Wood, 2nd Cent. Ont.; W. H. Wright, 2nd Cent. Ont.; V. Gerard, Manitoba; A. R. Jones, E. Ont.; J. C. Cullen, E. Brunswick; D. E. Campbell, Res. Cyclists.
The latest transfer of officers embodied Lieut. J. C. MacKinnon, 44th Batt., to Manitoba Regt.; Lieut. A. M. McDougall, P.C.C.L.L., to East Ont. Regt.
Nursing sisters who have recently resigned from the Canadian Army Medical Corps include: E. Doyle, E. L. Bell and S. E. Fellows.
Capt. H. C. Elberts, R.A.M.C., of

Victoria, was married to Winona Claire, daughter of Capt. Troop, of Victoria. David Wilson McIntyre, C. F. A., was married to Doris, second daughter of W. H. Jacques, of Ivorra, County Londonderry, Ireland.
A son has been born to Capt. and Mrs. J. W. Ross, C.A.M.C., Toronto.

KING GEORGE KNIGHTS
U. S. EX-AMASSADOR
Sir James Gerard Receives Title
for Aiding British Prisoners.

London, Aug. 22.—The statement that King George has conferred the Order of Knight Grand Cross of the Bath, on James W. Gerard, former American ambassador to Germany, appears here for the first time in an official announcement in The Daily Mail, which says the decoration was given Mr. Gerard in recognition of his unceasing and courageous efforts to ameliorate the lot of British prisoners in Germany.
The Daily Mail adds that the decoration was offered Mr. Gerard in February, but that he was unable formally to accept it until his retirement from the diplomatic service. The "G.C.B." (Knight Grand Cross of the Bath) involves knighthood, with the prefixed title of "Sir".

CANADIANS NOW PRISONERS.

Canadian Associated Press Cable.
London, Aug. 22.—The following Canadians are reported prisoners: Lieut. E. D. Sitter, Petty Officer Thos. Rainey, 789051, Chas. Miles, 783404, Caring Hurdy, 142127, Edward Perry, 789065, A. L. Bentley, 801004, James A. Frizzell, 716255, Anthony Sumielski.

WATERLOO CROPS GOOD.

Special to The Toronto World.
Galt, Aug. 22.—Crop report of J. S. Knapp of the department of agriculture for Waterloo County, is an encouraging one. Oats are exceptionally fine; hay is a heavy crop; wheat weather; barley is excellent; corn varies; while root crops need rain; potatoes are looking good.

SIX THOUSAND HUNS
TAKEN BY FRENCHAllies Hold All Verdun Gains
Against Counter-Attacks.

Paris, Aug. 22.—This afternoon's official statement says:
"The Germans last night violently bombarded our first lines at various points on the Aisne front. They made several strong attacks in the region of Mennegean farm, east of Braye-en-Laonnais, south of Bovelles, between the Allies and the Hurtelbise monument, and on the Calonne plateau. Everywhere our troops maintained their positions entirely. Prisoners were taken."
"On the left bank of the Meuse (Verdun front) late yesterday we repulsed a violent German counter-attack between Hill 304 and Dead Man Hill. Certain enemy detachments which succeeded in gaining a footing in our new first line trenches were ejected by a brilliant attack which gave us 60 prisoners. Our reconnoissances were pushed forward as far as the Village of Forges."
"On the right bank of the river the enemy also made several attempts to drive us from the positions which we had captured, especially north of Mornmont farm, and at Hill 344. Our fire inflicted heavy losses on the Germans and broke up their assaulting waves, which were not able to approach our lines at any point. Norton of Caubieres wood the attacks accompanied by the use of flaming liquid, were not any more successful for the enemy, and added to his losses. The number of unwounded prisoners we have taken since August 20 has now reached 6,118. Of these 114 are officers. This does not include the prisoners captured yesterday in shell-

ers, or 600 wounded prisoners who are in our hospitals.

"According to information now at hand, important booty has been captured, especially in the three tunnels in Dead Man Hill, where we found dressing stations and complete electrical plants. At this point we took prisoner an entire regimental staff and an officer of the engineers.
"There is nothing to report from the remainder of the front."

GREEN APPLES FATAL.

Special to The Toronto World.
Chatham, Aug. 22.—Norman, the two-year-old son of Mr. and Mrs. Earl Glover, Centre street, died this morning. The cause of his death is said to be stomach trouble as a result of eating a number of green apples which he had found Friday last. The child was taken ill Friday evening and his condition gradually grew worse. The dead child was an only son.

FALLS ON EMERY WHEEL.

Special to The Toronto World.
Chatham, Aug. 22.—Shirley Gilbert, an employee of the Hayes Wheel Company, is in St. Joseph's Hospital with injuries sustained this morning when a heavy pile of steel rims collapsed and forced him on to a fast revolving emery grinder. The flesh was torn from his right cheek when his face came in contact with the emery wheel, and two deep wounds were inflicted in his right arm when it touched the wheel.

NEW HOTEL FOR GALT.

Special to The Toronto World.
Galt, Aug. 22.—Wes Pickering, for a number of years proprietor of the Iroquois Hotel, has disposed of his interests in that institution to the Iroquois Hotel Co., a joint stock company of local merchants and business men, who will make the present hotel a modern one and build a \$40,000 three-story annex on Cooper street. A. Andrews of Hamilton is manager pro tem of the hotel.

HUNS TO CONSULT
ALLIES ON PEACEChancellor Michaelis Dilates
on Optimism Over Military Situation.

Berlin, via London, Aug. 22.—Chancellor Michaelis informed the main committee of the reichstag this afternoon that Germany would not reply to the peace note until she had consulted her allies.
Dr. Michaelis added that, in view of the fact that Germany had previously repeatedly and positively indicated her readiness to enter peace negotiations, the Vatican's appeal, of course, is looked on with sympathetic approval. Germany, however, could not again offer peace in face of the summary rejection of previous proposals and continued declarations of the entente that no peace is possible until the central powers are defeated and crushed.
The chancellor informed the committee that no steps would be undertaken toward peace without fully consulting the rest of the allies.
He then declared that the military situation on all fronts was exceptionally auspicious, and read a message received from great headquarters, in which the chief of staff was given liberal credit for its effect in successfully warding off the allies from invading Flanders.
Dr. Michaelis conferred confidentially with the reichstag leaders during the day, while party factions were also in session in the morning.

AUSTRIA PACIFIC.

Copenhagen, Aug. 22.—A telegram from the official Corburo of Vienna seems to indicate that Austria-Hungary will accept the Pope's peace proposals. A summary

MUNITION SHOPS
WILL EQUIP SHIPSImperial Government Ceases
Making Some Sizes of
Shells.

Ottawa, Aug. 22.—Towards the close of 1916 the capacity for producing munitions in Great Britain has so increased that the minister of munitions advised that it was unnecessary to continue the production of munitions in the United States for British account, except for a few special lines. The production in Canada, however, was continued as before.
The minister has now advised that it is unnecessary to continue production in Canada on the present scale. He has directed that certain lines shall be discontinued, that other lines shall be produced in lessened quantities, while some lines are to be continued as at present.
The effect of this will be to stop the production of shells and equipments at some plants which are now producing sizes no longer required. In other plants, where shells are made of sizes of which a reduced output only is required, it will mean working during the day only, thus stopping night work. In other plants, however, where sustained production is required, operations will be continued night as well as day.
These changes have been anticipated by several important firms, who have already resumed, or are planning to resume, their pre-war activities in their own lines, while others are engaged in the production, or preparation for production, of equipment needed for ships now under construction or to be built during 1918.

Cuba Hands Over Four Large
Steamships Seized as Prizes.

Havana, Aug. 22.—President Menocal yesterday signed a decree transferring to the United States Government four large German steamships, the Bavaria, Olivant, Adelheid, and Constantia, of an aggregate tonnage of approximately 20,000 tons, which were seized as prizes of war by the Cuban Government on the day this country declared war against Germany.

CORONER SCORES CARELESS-
NESS.

Special to The Toronto World.
Kingston, Aug. 22.—A jury found that the death of Freddy Belwa, hit by an automobile, was accidental, but Coroner Dr. Mundell scored drivers who are careless, and said he would hold an inquest in every case of a person killed by an automobile, and that if it was found that the driver had been reckless he would push the case to the limit.

LIVERYMAN FOUND DEAD.

Special to The Toronto World.
Kingston, Aug. 22.—Andrew McIlquham, aged 55, liveryman here for many years, was found dead in his barn today by his son. He suffered from heart trouble. His wife and four sons survive.
