

DARLEY'S CONDITION POWDERS

AND
ARABIAN HEAVE REMEDY

FOR THE CURE OF

Colds, Coughs, Heaves, Thick and Broken Wind, Inflammation of the Lungs, and all Diseases which affect the Horse.

THIS is the only reliable internal remedy for all complaints incident to Horses and Cattle: Bots, Yellow Water, Purging, Surfeit, Mange, Colic, Colds, Coughs, Hide-bound, Loss of Appetite, and all derangements of the Kidneys and digestive organs. Also for Heaves and Broken Wind. It has restored to perfect soundness thousands of horses supposed to be broken down and almost worthless, all traces of disease having been completely removed, and afterwards having been sold from \$50 to \$100 more than they would have previously brought. It cleanses the breathing apparatus, equalizes the circulation of the blood, improves the appetite, corrects all derangements of the digestive organs, softens and loosens the skin, and gives to the coat a sleek and shining appearance.

It first acts gently upon the bowels, and then on the liver and lungs, and removes all obstructions therefrom, purifying the blood, and enabling the organs to do their work without overtasking any.

For Hide-bound it is a complete success. In a very short time the disease will disappear under its operation, and a sleek and shining coat will follow.

For Heaves, Coughs, Colds, and all diseases which affect the wind of Horses, it has no equal.

As a **CONDITION MEDICINE** for Horses, Cattle, Sheep, Pigs, Poultry, etc., it is a decided success.

As a Spring and Fall Medicine it is safe and thorough, and will not injure a horse whether sick or well, and can be given at all times without interfering with his work.

Price, 25 cents. **NORTHROP & LYMAN CO.,** Proprietors, Toronto.

IT is a source of annoyance to many young people to see their hair gradually turn grey and with many this undesirable change takes place before they have reached their thirtieth year.

Various causes have been assigned, and much has been written on the subject, but when all is summed up we are as uncertain in most cases as to the cause as we were when we first commenced our investigation.

Nothing we know, and that is, that nothing will restore it to its original state, but it can be artificially colored so as to be equally as beautiful, and have all the natural appearance that it at one time possessed.

If the reader is one of the unfortunate ones, and is seeking for a change, we would ask him or her to get a bottle of the

CANADIAN HAIR DYE.

It will change both red and grey hair to a beautiful black or brown, as may be preferred, allowing it to retain all the freshness and lively appearance of the original hair.

Unlike many other preparations, it will neither rub nor wash off, and as it is complete in itself, it is much more convenient than those requiring two separate bottles.

It is easily applied, and quickly and effectually produces the desired color.

It is over twenty years since the Canadian Hair Dye was first introduced, and as it has a larger sale in Canada than all other Hair Dyes combined; this, we think, is conclusive evidence that it has given satisfaction.

Give it a trial and satisfactory results will follow.

Price 50 cents per bottle. Sold by all Druggists and Medicine Dealers.

Prepared only by **NORTHROP & LYMAN CO.,** Toronto.

Distressing Sensations.—Rev. J. B. Huff, Florence, writes: "I have great pleasure in testifying to the good effects which I have experienced from the use of Northrop & Lyman's Vegetable Discovery for Dyspepsia. For several years nearly all kinds of food fermented on my stomach, causing heartburn, and gas to accumulate, so that after eating I had very distressing sensations, but from the time I commenced the use of the Vegetable Discovery I obtained relief."
