THE KENNEL

The Best Toy Dog. The winner of the best of breed in the Pomeranian class at the recent N. B. Kennel Club bench show was Meadowtop Betty. This dog is owned by W. E. Mason, and not by A. E. Massie as published yesterday. Meadowtop Betty also took the prize for the best toy dog in the show.

RIFLE

Quebec Wins Again. Ottawa, March 8.—The silver challenge bowl competed for in rifle shooting by the permanent militia forces of the militia has been won by N. A. Conway, R. C. G. A., stationed at the Quebec Citadel for the competition held in 1921. This is the seventh time in nine years that the trophy has been brought to Quebec. The Quebec marksmen scored 146 points out of a possible 185. The range was from 200 to 500 yards. Gunner Tingman, who made 178, the highest score of the Quebec team, is one of the best shots in Canada. He has been a member of the Canadian Bisley team on two occasions and has been selected to shoot at Bisley again this year.

WRESTLING

Another For Stranger. Indianapolis, March 8.—Stranger Lewis world's heavyweight wrestler, defeated John Grandovich of Maine, in straight falls here last night.

HOCKEY

St. Paul Wins Another. St. Paul, March 8.—The St. Paul A. C. defeated Eveleth at hockey here last night 2 to 1 in the fourth game of their series in the semi-finals of the U. S. Amateur Hockey Association title. St. Paul has won two games and Eveleth one. One game resulted in a scoreless tie.

RING

Johnson Not Allowed To Box. Plainfield, N. J., March 8.—(Canadian Press)—Jack Johnson, former heavyweight champion, was not permitted to give a boxing exhibition at a theatre here yesterday as it had been advertised he would do. It was decided that such an exhibition would be a violation of the state law since Johnson holds no permit from the state boxing commission. Johnson had been announced to box four fast rounds and to meet any or all local boxers. Johnson, accordingly, merely gave a short talk in which he expressed a wish to meet Dempsey in the ring.

BADMINTON

St. John's Church Wins. St. John's Church Badminton Club defeated Centenary's representatives last evening on the former's courts by a thirteen to two count. After the tournament, refreshments were served and greatly enjoyed by all. The chaperones for the evening were Mrs. Alfred Morrison, Mrs. J. W. McKean, Mrs. O. Giam, Mrs. George Warwick, Mrs. W. C. Clarke and Mrs. J. B. Thompson.

HOCKEY

Canadians Defeat St. Pats. The Canadians of Montreal defeated St. Patrick's of Toronto by a score of 7 to 1 in the last regular game of the season, which was played in Toronto last evening. The exhibition was one of the poorest of the season.

MONCTON VICTORIAS WIN CHAMPIONSHIP

Moncton, March 7.—By defeating Amherst here tonight in the replayed game, the Moncton Victorias won the championship of the Independent Hockey League. The score was 5 to 3 and owing to soft ice the game was rather slow.

AQUATIC

Hilton Belyea Practising. Hilton Belyea, Canadian senior single sculls champion, created a mild sensation along the water front yesterday when he appeared out in his trim shell for his first work out of the season. While doing so he took advantage of an occasion to have a brush with the ferry steamer Ludlow, which has become quite a pastime with Hilton during his course of training. Big things are expected of Hilton this year and his progress will be watched with interest.

BASKETBALL

Trojans Will Seek Honors. The Trojans, the fast local basketball team, will leave Friday morning on the Digby boat for Yarmouth where they will play a picked team that evening. From there they will go to Truro and after play Woodstock. Those taking the trip will be: Manager W. R. Golding, Andrew Malcolm, C. Urquhart, J. Fleming, Leslie Kerr and Potter of the High School team.

U. N. B. Team to Tour

The U. N. B. basketball team left yesterday for Sackville where they will play the Mt. Allison team tonight in the first game of the Intercollegiate League. On their return they will probably play in Moncton.

CYCLE

Far Behind Record. New York, March 8.—The teams of Brocco and De Ruyter and McNamara and Grenda, which lapped the field last night in the six day bike race at Madison Square Garden, maintained their advantage at 8 a. m. They had pedaled 1,024 miles and 2 laps. Thirteen other teams were a lap behind. The pace told on the team of Kopsky and Erskine which dropped two laps behind the leaders. The record for the 26th hour is 1,159 miles and 5 laps, made by Anderson and Depuy seven years ago.

BASEBALL

Charley Paul to Have Try-out. Boston, March 8.—Baseball is more profitable than mining and so Charley Paul of Cape Breton, has put away his pick and is now hustling to St. Petersburg, Fla., with the Boston Nationals in the hope that he may pitch for Fred

Paul is 23 years old. Stowed away in his suitcase is a record of sixteen games won and four lost as a twirler for the Waterford, N. S., team in a three-converted professional league last season. He gave up coal mining a month ago.

In the South.

Despite the adverse weather conditions that have prevailed in the south during the last week, practically all of the major league baseball clubs, including New York's two championship teams, have made some sort of a start toward training for the coming pennant race.

The Giants and the Yankees are now ready to open intensive training campaigns, and by the end of the week ought to be in fairly good condition for the practice contests with the Chicago White Sox and Brooklyn Dodgers, respectively. With the exception of Kelly, Irish Meusel, Phil Douglas and Fred Toney, all of the Giants' veterans have reported to Manager John J. McGraw at San Antonio, who will begin to whip his regular line-up into shape this week.

In addition to keeping an observant eye on the performances of the variegated array of young talent, the little Napoleon is also confronted with the problem of finding a capable centre fielder to replace the ever-reliable George Burys, who is now with the Cincinnati Reds. At the present moment Bill Cunningham, who was with the club last season, and the speedy Ralph Shimmers, who was obtained from the Indianapolis club, are the leading contenders for the only position on the club that is now open.

The followers of the Giants are anxiously awaiting reports on the work of McGraw's new infield, consisting of Kelly, Frisch, Bancroft and Groh, which gives promise of developing into one of the greatest of the game has ever known. If the Giants' veteran pitchers return to their normal form, and if Shea, Ryan and Causey live up to expectations, McGraw will have a really formidable hurling staff to round out his well-balanced team.

With the exception of Harry Harper, who has been granted a leave of absence until June, all of the Yankee veterans have either reported to Manager Miller Huggins at New Orleans or are on their way to the Crescent City. From present indications, the local American League club ought to have one of the strongest pitching stiffs in baseball, and it is well represented in the infield and catching departments, but Huggins has quite a task before him to develop a strong set of outfielders to carry the team through the early part of the pennant campaign while Babe Ruth and Bob Meusel are confined to the bench. The news that Bobby Roth has fully recovered from an operation for water on the knee was welcomed by the followers of the Yankees.

There is no apparent reason as yet why the fans of New York cannot hope to see the world's series confined to this city again this year.—N. Y. Times.

MEMBERSHIP AT BIG PRICE.

C. H. Barber Pays \$1,300 to Join San Francisco Golf Club. San Francisco, March 8.—A record for the price of membership in the San Francisco Golf and Country Club was set here when Superior Judge Graham confirmed sale of a membership held by the late John A. Kilgaff, insurance broker, to C. H. Barber for \$1,300. The attorney for the Kilgaff estate arranged the sale.

THE "FARGE" OF AMATEUR HOCKEY IN STATES

Boston, March 8.—(By Canadian Press)—The amateur ice hockey in the United States is looked upon as more or less of a joke by the authorities who control the sport in Canada, declares John J. Hahagen, a local hockey writer. "For some time they have been asking many questions that have been left unanswered, the most important of which, 'Why do clubs in the United States Amateur Hockey Association attract so many clever Canadian players has brought forth the additional inquiry, 'What is done for them?'"

"This winter there appeared in the line-ups of many of the clubs throughout the country men who have been prominent in amateur hockey in Canada—now playing for the championship of the United States. Only in Boston and in New York can it be said that there are any real local players. The majority of players on several teams—one in Boston—have been promised or given jobs, which are incidental to their hockey playing."

"Having Canadians, most of them with no idea of ever becoming naturalized play for the championship of the United States is another thing that has reflected adversely on the sport. With such a condition prevailing there is little incentive for young players to try and develop in amateur hockey."

ANNIE OAKLEY CREATES NEW MARKS AT PINEHURST TRAPS

Pinehurst, N. S., March 8.—Annie Oakley, noted marksman, and for many years the stellar attraction of Buffalo Bill's Wild West Show, smashed all existing records for women's trap shooting at the Pinehurst Gun Club, when she broke 95 out of 100 clay targets thrown at sixteen yards. She ran fifty straight to start with, and thirty-two straight to end with, missing only her fifty-first and sixty-seventh targets.

RELICS OF AN EXTINGUISHED RACE.

Relics of an extinct Indian race are being uncovered on the Santa Ynez river by a road construction gang under the direction of Ranger R. Forsythe, of the Santa Barbara national forest. The discovery is at a point two miles upstream from the foot of the grade of the San Marcos road on the side of the mountain.

One such relic brought into Forest Supervisor Thomas B. Sloan's office was a matter of much speculation. It appears to be a piece of black soapstone in the shape of a cylinder, about 1 1/2 inches in diameter and four inches long, with a half-inch hole the length of it. The relic is highly polished, and when first excavated was said to be of a softness that permitted scarring its surface. Exposure to the air evidently had hardened it, however, in a few hours.

Forsythe said two other relics sim-

ilar to this one have been uncovered and one of the bones of the forearm of a man also has been found.—Santa Barbara Press.

WHOSE PROPERTY.

The town clerk of a small town in Scotland had the misfortune to lose his leg in a railway accident. As a mark of appreciation of his long services, the council agreed to provide him with an artificial limb, which they accordingly

did as soon as he was sufficiently recovered. A few months afterwards the same official was unlucky enough to have his other leg fractured in a train accident. The mishap was naturally the topic of much discussion in the little town, and one old man was heard to remark: "It's a pesy bad business for the pair man, but it is his ain leg or the leg that belongs to the town that's broken?"

"THE GREAT MOMENT"

GLORIA SWANSON and MILTON SILLS

In the Romance of an English Heiress and a Mine Engineer

JUST READ THIS EXTRAORDINARY PLOT!—

An English baronet is visiting his Nevada mining property taking with him his charming daughter. When roaming the mine area with the gentlemanly superintendent the young lady is bitten by a snake. The old remedy, whiskey, is freely administered. The fair patient is taken into a shack nearby to recover from the effects of the antidote. In a delirium she makes love to the stranger. The baronet happening upon the scene becomes furious. He forsakes his daughter. When the girl recovers she is mystified at the roundabout turn of affairs and is crushed by her father's cruelty. The Engineer at once annuls the foolish marriage. This follows a real romance—a play in which such stars as Miss Swanson and Mr. Sills can well enact.
