KNOX HATS

HERE is a well defined tendency in soft hat styles for Spring that is splendidly interpreted by Knox. The rolled-up brim slightly narrower than before and the higher crown. For over eighty years Knox has been setting the styles in men's hats.

DON'T LET THEM BLOCK PROGRESS

Section in Proposed Bill Which Can Hold Up Paving Indefinitely.

St. John wants paved streets, wants them and wants them right away. This is agreed upon by both those in favor and those against the abutters' tax scheme. And under the system of general assessment, all that is necessary is a unanimous vote of the common council and every street in the city could be paved permanently. But under the provision of the bill now before the legislature, here is what can happen—and what is likely to happen in many cases:

- (1) The council decides to pave a street—Section 7, sub-section 1.
- (2) The resolution is published in daily papers—Sub-section 2.
- (3) Sixty per cent. of the property owners, representing not less than one-half of the lineal frontage on the street present to the council a petition, praying that such paving be not done—Sub-section 3.
- (4) No further action will be taken, nor shall the council again initiate such work within two years after the date of the petition.

If St. John wants paving, the electors do not desire to have on the statute books an act which will permit the work being held up indefinitely. The matter is in the hands of the electors now, and it is up to them to nip in the bud this weed which will choke the growth of the city. Copies of the bill can be obtained from the common clerk at City Hall.

DO YOU NEED GLASSES?

If you are troubled in any way with poor eyesight or if you have any symptoms of eye trouble, you will find it a great comfort to know positively whether you need glasses or not.

YOU CAN RELY UPON OUR ADVICE

Whether we sell you glasses depends entirely upon whether you need them. We will advise you honestly if there is actual need—and we know.

Better Bread

is not always an indication of greater experience in the making. The young housewife of today often excels mother at her own hobby.

Better methods count—convenient, certain. In fact

Star Flour

is about the only unchanged item in the better-bread making programme; the foundation of better bread for sixty years.

ASK FOR STAR—AND GET IT.

"FLU," GRIP, COLDS,

Pneumonia, Fevers, Hard Coughs, Tonsillitis.

Read this plain statement.

First, This whole brood of wicked enemies of health may be kept at bay, the medical authorities say, by keeping up high quality of the blood, and observing the ordinary laws relating to sanitation and health.

That is why Hood's Sarsaparilla is recommended as a preventive of "flu" and other diseases—it is the standard blood-purifier and vitalizer.

Second, for a definite case of any of the prevailing complaints, it is wise immediately to call a physician.

Third, for that weakness and prostration following the "flu," grip and other diseases, Hood's Sarsaparilla by renewing the red blood corpuscles wonderfully restores health, builds up the whole system, creates an appetite and "makes food taste good." If a cathartic is needed Hood's Pills are recommended.

Pulp Workers want all members to attend meeting to be held in Temperance Hall, Fairville, Sunday, April 11, 2.30. All delegates of the Trades and Labor Council are requested to attend. By order of the President. 113830-4-12

POLICE COURT.
William McGaw, who was held in connection with the shooting of William Cunningham, was released yesterday afternoon on a recognizance, after a hearing of the case before Magistrate Ritchie in the police court. Frank Harrington, Cecil Dingy and George Gilbert, companions of the lad, gave evidence. Cunningham is reported to be improving.

Fred Mahoney and William Wilson were fined \$8 each for not being able to give a satisfactory account of themselves.

Hinie Tazay, who was before the court recently on a charge of depositing junk on the C.N. R. property, was fined \$20, but the fine was allowed to stand.

Southend England, April 7—Eighty cases of drunkenness were dealt with at Southend last year, compared with half that number in 1918.

COMMON COUNCIL

At yesterday's meeting of the common council the question of the prohibition act was discussed and a letter from the Moncton council was received, asking the city to co-operate with them in asking for a proportion of the fines. This was agreed upon. Mayor Hayes, the city comptroller and city chamberlain were announced as a committee to deal with the sale of municipal bonds.

Daylight saving was brought up but no action taken.

It was decided to increase the remuneration for returning officers at civic elections to the following scale: Commissioners, \$7.50; scrutineers, \$6, and constables, \$4, with an allowance of \$6 to each booth for meals.

As it is likely that the federal government will abandon the free employment service unless the provincial government will bear one-half the cost, it was decided to memorialize the legislature to assist to that extent.

The report of the committee of the whole was adopted.

Commissioner J. B. Jones reported that more than 100,000 superficial feet of lumber, in the vicinity of Loch Lomond and Lake Latimer, belonging to the city, has been cut by private parties and that some of this was brought to the city and sold to city departments. Considerable cutting had been done on a portion of the Raymond property known as Donaldson Point. The amount voted last October for the investigation was \$800, but the work has cost more than \$2,000. Of this amount \$221 was for labor; board for the men, \$439.75; fee for G. G. Murdoch, deputy land surveyor, \$1,043.04. The report was referred to committee of the whole.

Endowment Insurance at Ordinary Life Rates

The Imperial Accelerative Endowment Policy is a combination of all that is best in life insurance.

Premiums payable under this contract are only slightly higher than the Ordinary Whole Life rates, and one does not have to "Die to Win" because, under any circumstances, the face value of the policy is payable to the assured himself not later than at age 75.

All the usual options of dealing with the profits at the end of each five year period are provided. In addition, two special options are granted under which the profits may be used, to reduce the number of premiums payable, or to hasten the maturity of the policy as an Endowment.

An Accelerative Endowment will ensure your own independence in old age, if you live; the independence of your family, if you die.

Write now for our booklet which explains in detail the distinctive features of this most desirable policy.

YESTERDAY AT OTTAWA.

Ottawa, April 7—In the house of commons yesterday, Adolphe Stein, elected by acclamation for Kamouraska, took his seat. Third reading was given to a bill providing for settlement of differences between the dominion and the province of British Columbia regarding Italian lands. An act for carrying into effect treaty of peace between Canada and Bulgaria was given first reading. Second reading was given to the food and drugs act, and progress made on it in committee.

A bill to amend the Canada shipping act was given second reading and put through committee stages. A bill to confirm an agreement between the government and the city of Ottawa was given second reading and reported out of committee.
