THE EVENING TIMES AND STAR, ST. JOHN, N. B., THURSDAY, OCTOBER 9, 1919

BIG FAIR ENDS TONIGHT

Entire Proceeds of Big City Cornet Band Fair, tonight for Oromocto Sufferers

Tonight will see the close of the City Cornet Band Fair. This will be the last opportunity to attend what has been the greatest event in its line ever held in St. John. The entire proceeds this evening will go to the Oromocto Relief Fund. You can help by being present. Tomorrow evening the Big Around the World drawing will take place.

A HAPPY GATHERING

The home of Thomas J. Cosgrove, Sydney street, was the scene of a happy gathering last evening when his daughter and a party of girl friends gathered to tender Mrs. Charles Scott a dinner. The occasion was a most enjoyable one and was practically a reunion of the girls. During the evening games and music were enjoyed, and refreshments were served.

Notice of Births, Marriages and Deaths, 50 cents

MARRIAGES

MYLES-ROBINSON—On October 8, in St. David's church, by Rev. J. A. MacKegan, Helen Robinson to Frederick M. Myles, both of St. John.

DEATHS

MAXWELL—At her late residence, 32 Prince street, West St. John, on October 8, Mary Bambury, beloved wife of Thomas Maxwell, aged sixty-three years.

Funeral from her late residence Saturday at 2 o'clock (old time).

MELANSON—At Bathurst, N. B., on October 9, James Melanson, after a lingering illness, leaving two sons and five daughters.

JENKINS—In Brookline, Mass., on October 8, Elizabeth Jenkins (nee MacDonald), wife of Shelton Jenkins.

FOSTER—At Oakland, California, U. S. A., on Sunday, Oct. 6, Mrs. Elizabeth Foster, widow of the late Henry Foster, leaving four sons and two daughters. Notice of funeral later.

IN MEMORIAM

BOGLE—In loving memory of Wm. Bogle, who died October 7, 1914. FAMILY.

GOOD THINGS COMING TO THEATRES OF ST. JOHN

'Dang'-The Gong Just Saved The Young Earl

'Sporting Life' at The Imperial Tonight a Great Picture for the Whole Family

Lovers of red-blooded sport, the pure English quality that stands the test of time, will thrill and thrill over again at the Imperial for the remainder of the week when Maurice Tourneur's reproduction of the Drury Lane triumph 'Sporting Life' is screened in seven reels.

The story is that of an attempt to ruin the many young Lord Woodstock—who, by the way, reminds one of the Prince of Wales—by doping his "unknown" boxer at the National Sporting Club and later by stealing his promising candidate for the Derby, the mare "Lady Love".

The scenes are truly wonderful and will be a revelation to the most hardened movie fan. It is what you might call a "sitting-on-the-edge-of-the-seat picture," climaxing upon climax and a delightful mixture of wealth, sporting folks, lovely girls and plucky wee heroes and heroines. The types and characters are cleverly chosen and the pace and racing events the real thing.

The Imperial is offering "Sporting Life" as its second big anniversary month picture. That it will attract record business is the logical guess.

GOOD ONES TONIGHT AND TOMORROW; OPERA HOUSE

Last time tonight for the Canton Trio at the Opera House, that sensational Chinese feature that everybody in town is talking about. If you have not seen them do so by all means, for they are worth while. Four other good features on the bill and a smashing good two-reel picture. Tonight at 7:30 and 9.

The regular change of programme opening tomorrow night offers The Three Kikkies in a sensational acrobatic trampoline comedy act; Lena Evans in melody tunes; Fraser and Mac in songs, chat and music; Larry Lomax, "seven feet of uprightness comedy"; Callahan Bros., blackface comedians, in "The Dark Side of Things"; and the Marie Walcamp series of western picture stories of thrill and adventure. Tomorrow night at 7:30 and 9.

A GEOLOGICAL FIND.

Sir Henry Jones, of Glasgow University, has just made a discovery which will probably have a very important bearing on the accepted theories of paleontology. In a narrow rock fissure on the hills in the neighborhood of Tighnabruach, Argyll, twenty feet below the ground level, he observed a protrusion quite unlike any of the geological remains of the neighborhood. The general appearance of the fossil was that of a petrified fish, but it had evidence of teeth and eye sockets quite unusual in the particular strata of the neighborhood. Sir Henry called in the expert advice of the Scottish Archaeological Society to examine the find, and meanwhile for the sake of convenience it has been classified among the caproids. The importance of the discovery lies in the fact that hitherto this order has not been found earlier than in the postiocene beds a much later strata than the Argylshire hills.

President Almeida, who was inaugurated on October 5, has retained the Portuguese ministry.

PROMINENT PYTHIAN IS LAID TO REST

Funeral of John Beamish Held This Afternoon

The funeral of John Beamish took place this afternoon. A short service was conducted at the house at one o'clock by Rev. F. M. Appleman, assisted by Rev. David Hutchinson, D. D., after which the body was taken to the Knights of Pythias' Castle Hall, Germain street, where service was conducted at two o'clock by James Moulton, past supreme prelate and service at the grave in Fernhill was also conducted by Mr. Moulton. Members of all lodges of the Knights in this city marched in a body from Castle Hall to the cemetery. R. B. Wallace, of Fredericton, grand chancellor, took part in the service. The funeral was attended by many and was most impressive. Many beautiful wreaths were sent, besides a shield, in form and color of the Pythian emblem, presented by the order. With the passing to rest of this Pythian brother passes out from existence one of the most prominent knights of the order in this city.

The funeral of Mrs. Sarah Cullinan took place this morning from the residence of her daughter, Mrs. Peter Sinclair, 108 Pitt street, to the Cathedral. Requiem high mass was celebrated by Rev. Charles Carroll and interment made in the old Catholic cemetery.

The funeral of Mrs. William Miller took place this afternoon from her late residence, Charles street, Fairville. Service was conducted by Rev. J. H. A. Holmes and interment made in the Good Shepherd burying ground.

The funeral of Charles M. Hodges took place this afternoon from his late residence, 119 Sheffield street, where service was conducted by Rev. H. A. Cody. Interment was made in Fernhill.

ADD 200 ROOMS TO CHATEAU FRONTENAC

Announcement by C. P. R. President—Talk of New Steamship Service

Quebec, Oct. 9.—Probably the most interesting announcement made by E. W. Beatty, K. C., president of the C. P. R., in his speech at a banquet tendered him by the council of the Quebec board of trade, was that the C. P. R. had decided to enlarge the Chateau Frontenac by an addition of 200 rooms, the cost of which would not be long before another 200 rooms would have to be added to the 200 just mentioned.

Beatty, in alluding to the province of Quebec, said that in manufactured products the production is 27 per cent of that of the whole of Canada; in woods

We will sell you in small quantities, cake, bread, etc., for less than you can make them. Woman's Exchange. All new books in our library. Open evenings.

MARINE NOTES.

The Furness liner Arlano is due here

tonight from London via Sydney to load

back to London.

The Furness liner Kanawha is ex-

pected to leave London in a few days

with a full cargo for this port.

The barge Inverness arrived in port

yesterday afternoon from Halifax in tow

of the tug, Cruiser. She is owned by the

Domestic Coal Company and will be

used about this port during the winter

months. She is 1181 tons net register.

The auxiliary schooner Quaco Queen,

although launched only at the end of

May this year is already about to com-

mence her second trans-Atlantic voyage.

She has coal for Marselles. Her first

trip was made in eighteen days to Pres-

ton, Eng., and the return to Sydney, N.

S., in seventeen, a very satisfactory per-

formance.

IN WALL STREET.

New York, Oct. 9.—Attention was

drawn toward steel shares at the opening

of today's stock market because of yester-

day's strong movement in that group.

The first transaction in U. S. Steel com-

prised 4200 shares at 110 to 109½,

followed by a small lot at 109½, yester-

day's final price. Bethlehem Steel soon

lost its gain of one point and copper

held within fractional advances. Oil

and shipments were in demand at sub-

stantial advances, also Baldwin Locomo-

tive. United Cigars featured the specu-

lating, rising eight points. Steel and

equipment later extended their gains.

Noon Report.

Announcement of the Gompers resolu-

tion, before the industrial conference

suggesting a way to settle the steel strike

stimulated further buying. United

States Steel continued to be taken in

large lots, including one block of 10,000

shares, at an extreme rise of one point.

Other strong features included Harves-

ter and Chemical and fertilizer shares

at gains of two to eight points. Advances

were largely cancelled later, when reac-

tionary tendencies developed in Crucible

Steel, Baldwin Locomotive and Atlantic

Cutlery. These were neutralized, however,

by the strength of General Motors, United

Cigars, American Car and Motor

Leather specialties. Coal money opened

at 8 per cent.

ON HEALTH BUSINESS.

Dr. J. F. L. Brown, district medical

health officer for the southern district,

left yesterday for Miramichi, Quebec

county, and other places in the district where

he will attend to health business.
