TRUCKING. Work has been begun on this end of the Miramichi Valley Railway.

Dr. G. O. P. J. D. R. Mackenzie, Esq., of Chatham, has been appointed Deputy Grand Master of the Grand Lodge of Miramichi and Campbellton.

Geo. Johnston returned yesterday received a telegram from East Avalon stating that Mr. George Johnston, fourteenth, had been injured at that place. A later telegram announced that he was doing well.

FATALLY SCALDED. Yesterday morning about 7 o'clock a one-year old child of Mr. Reynolds, Upper Water Street, Chatham, pulled a tea-kettle full of boiling water from the stove-hearth, upsetting the contents over it. The little suffered death in the afternoon.

CARICATURE. The Advocate follows the World's example and picks into the Dominion Government for alleged delay in commencing work on the new Post Office at Newcastle. Our information is that the work is to be commenced in about a fortnight. Somebody's politics string and see both of the load jumping in about dancing.

DR. JENNIE'S Charlottetown has been elected to fill the vacancy caused by the acceptance of the Charlottetown post-mastership by Mr. Becken. Mr. Walsh, the Liberal candidate, had about 90 votes less than Dr. Jenkin, who had the support of one of the leading Liberal papers. The Doctor is well-known here, having interested himself in our Driving Park races on several occasions.

THE MIRAMICHI RAILWAY. The Miramichi Railway trains from Miramichi bring down to Gibson daily a load of bricks, which are used in the erection of the new county building. Balls are now laid to the front of the Gibson station. It is expected that an accommodation train will soon be run between Miramichi and Gibson. A large force of men is at work along the line of the road for about twelve miles.—Telegraph.

REVEREND MOONLIGHT RECEPTION.—On Tuesday last Sept. 17th, there was a moonlight excursion by steamer on the Bay to the celebration of the anniversary of the landing of the first party of the Miramichi. The party consisted of Messrs. O. A. Barber, J. D. Sowerby, W. J. Williams, B. Ansell, J. W. McKinnon, W. H. Dalton and C. S. Shaw. The steamer will leave Miramichi at 7 o'clock on the following day. The proceeds are to be devoted to a benevolent purpose.

TIME. The World's Newcastle editor writes to know why Chatham does not adopt Newcastle time. He can't understand how it is that when Newcastle has done anything all the world does it likewise. The latest local on this is that the correspondent of Chatham's Weekly News about to start a campaign for the purpose of having "Newcastle time" adopted. The adoption of a uniform standard is very desirable and, as long as uniformity is secured it makes little difference what the standard is.

OBTUSE. Referring to the death of Mr. Charles S. Russell at Marquette, Wis., a correspondent writes—
"Mr. Russell has been for some time in the employ of Messrs. Wood and Wood in the management of the excellent traits about in his character. He leaves a wife and young child to mourn the untimely death of their husband and father. The funeral occurred Thursday afternoon, 7th inst. Rev. Dr. Schock officiating, and was largely attended by friends of the deceased."

SOVIL IN MONTREAL.—Sovil, the New Brunswick individual who went for the Wall Street brokers to the extent of one million dollars, was in this city this day fortnight. He called on a person who had known him in St. John, but who at that time had heard nothing of the defalcation, and stated that he was on his way to Shediac. It is thought that he left the city the same afternoon in the steamer Miramichi. The chances are that Sovil is either in hiding somewhere in the rural districts of New Brunswick, or that he has taken an onward ship from some of the north shore ports of that province and is now on his way to Liverpool.—Montreal Herald.

CORRECTION.—In the Campbellton letter referring to the visit of Rev. Father Barry to that place, published on last week was the following sentence: "The Rev. Father arrived here on the evening of the 4th inst. and was met at the depot by Mr. Campbell, Mr. McDonald, the Rev. Father Allard, of Charlo, and the Rev. Father Cronley, as well as by a very large crowd of people, who assembled to greet their former devoted pastor, and to tender earnest honor unto whom honor was highly due."
Instead of ladies in the above, our correspondent wrote ladies, which the compositor and "copyholder" both read wrongly.

THE FURNITURE of Miramichi held a special meeting at Newcastle on Tuesday the 19th inst. The ministers of St. Andrew's, Chatham, Blacksburg, Red Bank and Charlo were present. The principal matter of business which led them together was the suggestion scheme for the improvement of the salaries of ministers in the various parishes. This scheme was found quite a success during the past year in the western portions of the Dominion, and was equally successful in the Maritime provinces. The reports from the various congregations uniformly told of enthusiasm with which the people here were felt at the presence of the Rev. Thos. Nicholson of Charlo, who has for many months been laid aside from his duties by ill health.

A CASE OF POISONING.—A Sheddick correspondent writes that the Monks' Tenorist, Friday the 15th inst. of Mrs. Capt. Sprague, of this place, were taken very sick after breakfast, and Dr. Harrison being sent for, he declared it a case of poisoning, and that of the persons afflicted, and those who had not eaten thereof were not sick, this article

was thought to be the cause of the poisoning. Dr. Harrison thinks the acid used in the soldering cans the tins in some cases, and causing the poisoning. A new process is now being tried in the soldering of the cans, in which no acid is used. This case illustrates the necessity of care in the soldering of the cans, and patented by Messrs. Shank and Burbridge of Chatham, and which is being used by several of our leading boiler makers. It is said that without this acid soldering can be done by either solder or acid, which is the only safe way.

The Circus.

Robbins' Circus attracted quite a large crowd of people. The street parade was a fair one; the performance in the large tent hardly up to the mark and the show and manager rather poor. Gaffney, the strong man in the cannon ball act; Charvet's balancing on the pyramid of bottles; Lowrey as a bare-back rider; Barneal as a contortionist and Miles, Almas and McDonald on the rings and ropes were well worth seeing. James H. Cook as Ring Master and John Foster as leading clown deserve places in a better show than Robbins'. As a whole the Circus may be pronounced hardly up to the average.

Not Dead, After All.

The World should be congratulated on its improved display of matter in last Saturday's issue. In addition to charging the Dominion Government with "red tape" delay in connection with the Newcastle Post Office, and to passing of other current arguments used in favor of fall assembly with regard to prominent candidates recently in annual election in Halifax, the election campaign in the latter city and county between Messrs. Fielding and Payment was discussed. Of order of L.A. Col. Gillespie and of Messrs. S. Compey, the Competition for the Mitchell Artillery Cup and the Challenge Cup of No. 2 Company, 73rd Battalion.

An editorial in a Halifax paper said the least Mr. Fielding would simply relegate him to private life, thus depriving Halifax of the Provincial Secretaryship and the services of an able and more active man than his opponent. We presume the World is "regulating" the honored idea, thought the word "relegate" a good one to change, in order that original might be imparted to its column. It is an unusual thing to find the World, picking into the Macdonald administration in behalf of Newcastle, to say nothing of the favoring a Liberal candidate in an election largely influenced by Dominion voters. For it to do all this, however, at the same time, to have nearly two columns of semi-original editorial matter, is evidence of an energy that ought to be commended to those who differ, politically, from the gentleman who composed the board of directors, as last heard from.
