The Burnt Church Wharf. A casual visit to Burnt Church, a short ime since, by a member of the ADVANCE staff, was made more pleasant than former ones by the fact that the new Deminion Sassex, Tue-day and Wednesday, 27 and 28 August, Geo. H. Sarnes, E-q., sgent, Moncton, Thursday and Friday, 29 and 30 August, Ferdinand Thibodeau, Rsq., Riverside, Hotel, agent.

Chatham, Saturday 31 August and Monday 2nd September, Chas. Sargeant, E-q., of Newoastle, agent. ashore as aforetime. We found Messrs.
Anderson, the contractors, with a large force ture, under the eye of the inspector, Mr. Donald Loggie and, without desiring ot flatter either, it is right to say .nat they are doing the best job of its class that we have New Brunswick, if not anywhere in the

maritime provinces. The Burnt Church wherf consists of an approach from the shore of 203 feet actual easurement and 21 feet high, 23 blocks 21 feet wide and 20 feet long eet 20 feet apart, and an outer pier-head, 20x40 feet, forming an ell towards the west-the total length As regards prices, the Col. says he is being, therefore, 1163 feet. The depth of water at low tide at the outer face of the

pier head is eight feet. The wharf is, therefore, nearly 175 feet longer than that at Neguac, has a few more inches of water at its head and is, in every respect, a better built structure, although saying that does not disparage the former, r the new pier is a superior one. In saying this we do not refer to the material of presented which it is, for the most part, built, but to or town. ing this we do not refer to the material of the excellent workmanship done in putting it Drafts of addresses will be sent to Quebec together and the quality and ample suf-

stone throughout. as built with outside facing logs and outside Shamrock II Arrives at New York sheething of birch, while all the vertical fender timbers are also of birch. It seems a II, Sir Thomas Lipton's second challenger munion was celebrated at 7 o'clock by the
