Adopts As Its Creed

The Revised Westminster Confession -Only Two Voices Raised Against the Report-Aged Minister's Pathetic Protest.

(New York Herald, 23rd.)

IMPORTANT CHANGES. "No man is condemned except

the ground of his sin." "We believe that all dying in in fancy are included in the election of grace, and are regenerated and saved by Christ through the Spirit, who works when and where and how He pleases."

"Work done by unregenerate men, although for the matter of them they may be things which Gpd commands, and in themselves praiseworthy and useful * * * * they come short of what God requires, and do not make any man meet to receive the grace of God."

tell the coming results. "The Lord Jesus Christ is the only head of the church, and the claim of any man to be the vicar of Christ and the head of the church is unscriperied "Louder!" tural, without warrant in fact, and is a usurpation dishonoring to the Lord Jesus Christ."

THIS CLAUSE IS STRICKEN OUT. "Yet it is a sin to refuse an oath

touching anything that is good and impatient commissioners. just, being imposed by lawful authority."

With only two dissenting votes the Presbyterian General Assembly, in the Fifth avenue church, yesterday, adopted the report of its committee on the proposed revision of certain portions of the Westminster Confession. The report was adopted in its entirety and without a single amendment or alter ation.

This action was accompanied with cheers that fairly shopk the church. All the commissioners realized that they were making history as they cast the decisive vote which will eliminate from the Presbyterian creed the refer- was continued. ence to the Pope and the statement that it is sinful to refuse an oath imposed by lawful authority. It also embodies denials of the doctrine of infant damnation and the statement works done by unregenerated men are in themselves sinful. Aside from an address made by the

Rev. Dr. Henry C. Minton, in which he reviewed the revision report, there was practically no discussion, and not that I am not a member of any organa single speech in opposition.

It was a viva voce vote, and the Presbyterian and your moderatoroverwhelming majority made it a your servant. I want to plead that 1892 because he was dissatisfied with

This port, then spoke in its favor. comparison was received with con-"There is only one party whose acsiderable levity and hand clapping by tion on this question I fear," said Dr. Moffat, "and that is the party I my-Dr. Railey's words made a strong self belong to-I mean those who think impression on many persons in the that they themselves could have made gallery, who were impressed and it more satisfactory if they had a frightened by his earnestness. chance. I am sure that I should be "Brethren," concluded Dr. Railey, better satisfied if I could get my own years to come will tell the story. This amendments adopted, but I am will is the beginning of the end." His ing to forego that for fear that if I voice faltered again, as he repeated: did, some of your amendments might "This is the beginning of the end." get through, too. Let us bring this at In the assembly, however, there wer once, then, to a speedy and harmonilaughter and rather ironical applause ous issue. We have argued it for as the commissioner from the synod of twelve years. Personally, I am always South Florida returned to his seat. ready for a theological debate with "Well, fathers and brothers, are you any one who agrees with me to begin ready for the end?" asked the moder with. But the poor people are getting tired of it. They do not understand "Yes, yes," cried the commissioners it, and neither do we." business before the assembly

DR BOOTH WON OVER.

The Rev. Dr. D. R. Kerr of Omaha seconded Dr. Moffat's motion. The next to mount the platform was Rev. Dr. Robert R. Booth. A murmur a once passed through the assembly, for it had been rumored that Dr. Booth was prepared to fight against the revision. On the contrary, he asked for the adoption of the report, "speedily and with unanimity." Dr. Booth said he had dissented

IND OF SHAD F Named After the Ohio Is I VASHINGTON, May 24.-The commission announces the discovery of a new kind of shad, the third known in this country. It was taken from the Ohio River at Louisville

It was long supposed that there was only one kind of shad in America, the common Atlantic shad, found all along the coast from the St. John's River of Florida to the Miramichi, or even to the Bay of Chaleurs. The range of the Atlantic shad, whose scientific name is Alosa sapidissima, does not seem to extend into the Gulf of Mexico or its tributary streams.

Shad had been reported occasionally from the Alabama River, and they were thought to be identical with the common Atlantic shad. But in 1890, when the fish commission received some specimens taken from the Black Warrior River at Tuscaloosa. Ala., Dr Evermann, the ichthyologist of the ommission, found that they belonged to an entirely different and undescribed species, which he named Alosa ala

The Alabama shad does not seem t be at all abundant. It is thus far known only in the Alabama and Black Warrior rivers and at Pensacola.

Not long ago the fish commission began to receive reports of the capture of shad in the Ohio River at Louis ville, and Dr. Evermann was sent to make investigations. He found the had to be of a new variety, which he named Alosa ohiensis, or Ohio shad. A careful examination was made of forty-nine examples of this new shad. They were found to be quite uniform in size, the usual length being about sixteen inches and the weight about two pounds. It will thus be seen that the Ohio shad is much smaller than the Atlantic shad. Structurally, it differs from the Atlantic shad in being much more slender and in having few-

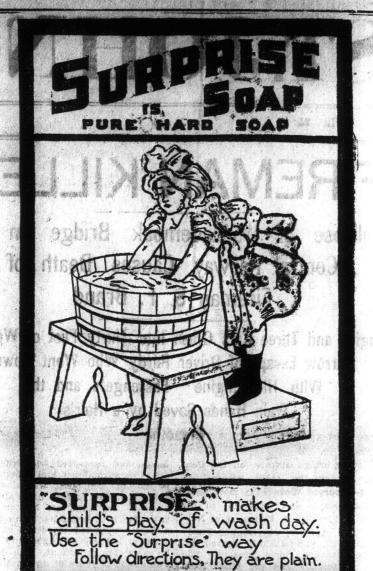

The average number in the Ohio shad is 72. The average number possessed by examples of Alabama shad is 67. The average for the Atlantic shad is more than 100: even the minimum is more than 90.

er gillrakers on the first gillarch.

While studying the Atlantic shad few years ago, Prof. Evermann discovered the curious fact that the number of gillrakers increases with increasing latitude. Shad taken on the North Carolina coast have about 98 gillrakers; those from the Potomac 100; those from the Susquehanna, 102 Delaware, 104; Hudson, 106; Connecti

cut, 107. Some years ago, while studying the flounders of the world, Dr. Jordan made a similar discovery regarding the number of vertebrae. The fewest vertebrae are found in those species of flounder whose home is nearest the equator, the greatest number is found in that species which ranges farthest north, and the species in between show a gradual increase as they go north-

ward. It has not yet been shown that the Ohio shad is anadromous, like the Atlantic species, but there can be little doubt that it spends most of its life in salt water and runs up the Mississippi from the Gulf of Mexico and into the Ohio for the purpose of spawning. from the report of the committee of There is evidence that it runs as far up as the Great Kanawha, specimens eported as having been

WASHINGTON.

Other Ambassadors the Pall-Bearers-Roosevelt Attends.

WASHINGTON, May 28.-The re-mains of the late Lord Pauncefote, British ambassador to Washington, today were accorded a national funeral in token of high esteem by the American people of the personal worth of the deceased, and an acknowledgement of the friendly feeling which is cherished towards Great Britain. Every department of the national government was represented, and the numerous diplo-

the late Lord Pauncefote was dean, was present in the person of the amcapital was fully represented. The presence of a thousand men in arms personal selection. was the visible sign of military par-

able portion of the body of the church. The cabinet was accommodated in two pews, directly behind the president's pew, and the supreme court was given a similar accommodation in pews in alignment with these.

The senate committee on foreign relations, headed by Senator Cullom, and the house committee on foreign affairs under the lead of Representative Hitt. were behind the right middle pews, and adjoining them sat Lt. Gen. Miles and Admiral Dewey with their staffs, the assistant secretaries of department, and the commissioners of the district of Colombia. The space in the rear of these officials was occupied by officers of the army and navy. In the galleries sat a number of personal friends of the Pauncefote family. A notable feature of the attendance here was sixteen servants from the embassy, for whom Lady Pauncefote had made special provision.

The services at St. John church in their general contour were very similar to those which marked the memorial matic body, of which for so many years service held at that church in honor of the late Queen Victoria. The large choir of forty men and boys took part bassadors, ministers and charges. Be- in the service at Lady Pauncefote's resides these, the resident society of the quest, and the three hymns sung in the body of the service also were of her

With this solemn ceremony over, the ticipation in the funeral. The church choir sang "I heard a Voice from of which the deceased was a member, Heaven" and after the hymn, "Now did honor to his memory by bringing the Laborer's task is o'er," the closing

taken from that river at Montgomery, W. Va. Shad have been reported from several places in the Ohio, among them Aurora. Bladensburg. Troy, Paducah and Evansville. They have iso been reported from the lower Waash, the Ouachita and White Rivers in Arkansas, St. Louis and a few othpoints along the Mississippi.

The shad are taken at Louisville in seines lightly leaded, so that they will fish the upper part of the water rather than the bottom. During its run the shad awims near the surface. Fishermen at Louisville ay that they have got a few shad every year for the last twenty-five years, but it was not until 1897 that any considerable catch was made. Previous to that year the scines had been heavily leaded to fish the bostom, and the shad probably passed over. Whether important fisheries for One

can be established remains to be determined. The species does not seem to be abundant, but this may be more apparent than real.

Bicyclists and all athletes depend on BENTLEY'S Liniment to keep their joints limber and muscles in trim.

PASTOR TOLLED THE BELL.

During the progress of the funeral rocession of the late Hon. A. F. Randolph from Frogmore to Forest Hill cemetery, says the Fredericton Herald, the bell of St. Dunstan's Roman Catholic chuhch was tolled, not by the sexton or any lay employe of the congregation, but by the pastor himself, Rev. Father Carney, whose kind consideration is much appreciated by the friends of the deceased gentleman.

HAYES & CO., - Simooe, Ont.

0 Wa ngton to conduct the services the coadjutor bishop of Philadelphia, tios was pronounced the choir took up the strains of "Jesus, lover of my Soul' the Rev. MacKay Smith, under whom and marched in slow cadence down the he had sat. chancel' steps and out the door to the Since Lord Pauncefote's death last

left. Meanwhile the body bearers had Saturday morning, his remains had lifted the casket again and carried it been lying in state in the large salon slowly out of the door to the right, fol-lowed by the two bishops. As it was of the embassy building. The British ensign flew at half mast over the main being placed in the hearse the mingled doorway, and a sweeping bow of black crepe told of the presence of death within the house. Soon after 10 o'clock this morning the sound of marching feet and slow notes of funeral music gave notice of the approach of the funeral escort. This was composed of the second squadron of the Second Cavalry, and the cavalry band, the latter mounted on white horses: the fourth field battery, the third battalion of the U. S. engineers, with band, and a battalion of U.S. marines and band. Maj. Wm. Black commanded the engineers, Capt. V. F. Fotte the battery, and Capt. L. M. Brett, the cavalrymen.

The soldiers were aligned on either side of Connecticut avenue and the adiacent streets and stood at rest while the clergymen and pall bearers entered the embassy building.

The pallbearers were Herr Von Hollebin, the German ambassador; M. Jules Cambon, the French ambassador; Comte Cassini, the Russian ambassador: Senor Don Manuel de Aspiroz. the Mexican ambassador; and Signor Edmondo Mayor des Planches, the Italian ambassador; Secretary Hay, Speaker Henderson, and Senator Or-

ville M. Platt, the acting president pro tem of the senate. With little delay the casket was lift ed upon the shoulders of four brawny sailors and as many soldiers, and borne through the marching porte cochere to the hearse, where it was deposited. Bishops MacKay Smith and Satter-lee, who were to officiate at the church, were seated in their carriage, the mourners and the honorary pall bearers and the members of the British embassy took their places in the line of carriages, the signal was given, and at a slow pace the procession started down Connecticut avenue towards St. John church, the soldiers and marines fallowing in the line of march as the column moved along. When the head of the procession ar-

rived at the church it halted and the body, again raised on the shoulders of the enlisted men, was tenderly carried into the small church.

President Roosevelt had the place o honor at the right of the central new With him sat Mr. Baikes, the British charge, and for this special occasio the personal representative of King Edward VII. On his left was Capt. Bell, representing the Dominion Canada, by special designation. To the left of the presidential pew and in line with it were Lady Pauncefote and her three daughters, the Honorable Sybil, Audrey and Maud. The ambassadors were placed in the pew to the left of these ladies. The corresponding pews on the right of the president were oc-cupied by Maj. Gen. Young and staff, in charge of the military portion of the funeral service. The staff of the Brit-ish embassy sat directly in the rear of

strains of organ and harp resounded through the church, this time in the grand solemn measure of the March from Saul." At the sound of a bugle the head of the funeral escort swung up the street leading the march to Rock Creek cemetery. At the express wish of the family, the escort from the church to the cemetery was limited to a single squadron of U.S. cavalry, which passed at first slowly and then more rapidly between the lines of troops at "present arms." Not even the honorary pall bearers were called on to accom-

pany the remains further than the church, for it was held that there the religious services had terminated. So with the mourners in their carriages and the officiating clergymen

and a few of the embassy staff, the remains were taken directly to Rock Creek cemetery, where they were placed in the receiving vault there to remain until such time as they shall be conveyed on a United States warship across the Atlantic to the ancestral home of the late Lord Pauncefote of Preston.

WAS HE MURDERED?

GRAND FALLS, May 26 .- On Saturlay, Alfred Tardy and Baptiste Froundy, while drifting down the St. John river on a catamaran from Edmundston, discovered the body of a man near Smith's place, at Green river, 12 miles above Grand Falls. They examined the body, and were horrified to see that the man had been shot, a bullet having entered the back of the skull, which it penetrated and passed out at the forehead. The unknown man was attired like a stream driver, and his boots were missing. They removed the body up the bank, and notified Mr. Smith of their gruesome find.

From the appearance of the body which was still bleeding from wounds in the back of the head, they state life was extinct not more than five or six hours.

ROBS ENGINEERING CO

HALIFAX, N. S., May 27 .- A meeting of the directors of the Robb Engineering Co. will be held in this city on Thursday, when a proposition from the Canada General Electric Co. for an amalgamation will be considered. This is a subject that has been spoken of before and the Robb people may go in with the Electrical Company, as the Canada Foundry Company did some time ago. The Robb Co. has a paid up capital of \$150,000 and a 6 per cent, bond issue of \$200,000.
