FRAME WITH FERROZONE. If it is Health, Renewed Vigor, Well

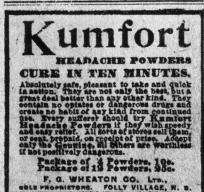

Balanced Nerves You Want, Try The Food Tonic Ferrozone. No stronger evidence than the case of Jno. M. Ainslee is needed to prove that Ferrozone is unsurpassed as a tonic and rebuilder. Writing from his home in Bartonville, Mr. Ainslee says: "I had typhoid fever two years ago, and for a long time couldn't get strong. larly attracted by other features of the I carefully followed my doctor's orders and for months took his medicine reg-

ularly, but no matter what I did I couldn't get up enough strength to take up active employment again. Like most weak people, I was also nervous and finally had to give up the doctor. I read of Ferrozone and decided to try it. I took the first box with fair results. I felt stronger. The second box astonished me and my strength returned very rapidly. I kept improving. This encouraged me to take more Ferrozone and my strength all returned in two months. When I started Ferrozone I gave up all other medicines and can say that it alone restored me. For weak, nervous people, Ferrozone will do more good than anything else."

Ferrozone is both a food and a medicine. It builds up the wasted tissue and strengthens the weakened nerves by giving the system a plentiful supply of pure nourishing blood. It puts new vigor into every organ of the body, dispels nerve sickness and lassitude. The person that uses Ferrozone will have a good digestion and a reserve of strength that protects you against pneumonia and weakening

Ferrozone is not a nauseous cod liver oil mixture, but a chocolate coated tablet, combining the most strengthening elements in concentrated form. Very easy to take. Its sale has multiplied year by year and no remedy today holds a higher place in the esteem of the public. The success of Ferrazone is due to its ability to give strength to the weak, and cure the sick of their troubles.
