"We have used the Individual Communion Service now for a few months and with pleasure I would express my satisfaction with the same. Apart from hygienic claim made by advocates of individual cups—and this to some people means very much—I like the service because it enables us to observe the "Communion" in a more uniform and what might be regarded orderly manner. The testimony of a visitor who had been for years carefully considering this question and saw how the Memorial Service was conducted by us was, 'I had no idea it could be made so solemn.' I am quite certain our people more and more heartily approve the change made by us, though not until it had been carefully considered."

Yours cordially,

G. O. GATES,
ex-Pastor Germain Street, St. John.

"Those who at first questioned concerning introducing the Individual Communion Service are the heartiest in its praise. The spiritual as well as the fastidious find it a change for the better."

Yours truly,

H. F. WARING,
Pastor Brussels St. church, St. John, N. B.

I am pleased to say that the Individual Communion service has been used by the Leinster Street Baptist church for five months and is giving general satisfaction.

1 to 3 Per Cent. Monthly AND 100 Per Cent. Yearly Profits

Seem excessive, yet many of our customers have realized these unusual profits during the year 1900 by following our intelligent plan of combination investments in mining stocks, dividing the investments, obviating loss, and by combining first issues of stocks in promising mines and dividend payers. The payment of the regular monthly dividends on the properties we handle as fiscal agents, June 1, required

Three Thousand Dividend Checks

And we have never yet made a loss for a customer in any mining stock recommended by our house. We make profitable mining investments a specialty and will not handle as financial agents any but meritorious working mines that possess all of the requisites necessary to make valuable producing properties, with conditions favorable for possible "Bonanzas."

We do the Largest Business in Mining Stocks

Of any firm in the United States, because we make our customers' interests our own, and do not advise them to invest in any property that we have not first thoroughly investigated, with our own experts and are willing to take a financial interest in, which with their own holdings will insure control and the proper and economical management of the property for profit to its stockholders.

Send for prospectus of new and promising mines and dividend payers, together with subscription blanks and reports showing present conditions of the properties and also booklet "ABOUT OURSELVES," giving in detail our intelligent plan of securing the large profits of legitimate mining without risk of loss.

NEW FAST LINE.

TWO STEAMERS WILL RUN TO CANADA.

Mr. S. G. Fraser, a Dublin engineer, who has prepared the plans for the new harbor at Bearhaven, Bantry Bay, Ireland, in connection with the proposed steamship line, which is to have steamers capable of crossing the Atlantic in four and a half days, has informed a representative of the Associated Press, that the line will consist initially of six large steamers, four for the New York and two for the Canadian trade. It is the intention to burn Texas oil. The Canadian port will be Sydney or Halifax. By building sixty-five miles of railway and connecting Bearhaven with all the Welsh lines, the new company will be able to take passengers and mails from Bearhaven to London in twelve hours, thus landing passengers in New York and London in five days. The English port will be Liverpool or Southampton until the new works at Dover are completed.

Messrs. Austin Chamberlain, Gerald Balfour and George Wyndham, respectively financial secretary to the treasury, the president of the Board of Trade, and Chief Secretary for Ireland, besides Lord James Hereford, Chancellor of the Duchy of Lancaster, actively supported the bill and advised silence on this side of the Atlantic until the bill was passed.

Mr. Fraser says much American capital is interested in the scheme.

A Toronto despatch says: The Ontario government's crop bulletin shows nearly all grains will be a short crop this year, probably not more than 60 per cent. as compared with last year. The yield is estimated at 16,000,000 bushels, compared with 23,000,000 last year. The yield of all spring grains, except peas, is considerably less than last year. Hay and clover crop, however, is exceptionally heavy. The peach and apple crops are failures.

Newcastle Advocate: We understand that Messrs. James Brown and Geo. McKay have purchased a tract of land on Trout Brook, which contains a clay mine. This clay is used in making crockery, etc., and is becoming valuable. It will be operated by a company, and will be known as the Caledonia Mining Company. A

quantity will be shipped immediately to England, France and Germany. We wish their success in their enterprise

Hon. C. H. LaBillois, chief commissioner of public works, has awarded the following contracts for bridges in the counties of York and Sunbury: Snake Creek bridge, Sunbury, David Smith; Rasey Creek bridge, Bright, York county, W. R. Fawcett; Long's Creek bridge, Kingsclear, York county, Coun. A. E. Cliff; Lower Trout Brook bridge, Manners-Sutton, York county, to J. A. Richardson and David Johnson; Upper Trout Brook bridge, Manners-Sutton, to Simmons & Cunningham.

Lord Kitchener's despatch dated Pretoria, Aug. 16th, says: "While a party of fifty of French's scouts were proceeding to join a column near Bethesda, they were surrounded in the hills by a superior force under Theon, and surrendered. One was killed and three were wounded. Captain Bethelheim dangerously. Kitchener, with a strong force, is moving on Hondsden, on the border of Zululand, where Gen. Botha is reported to have concentrated 4,000 Boers. An important engagement is expected."

When the great chemist, Chevreul, whose statue was recently unveiled in France, attained his 100th birthday he was entertained at a public dinner, at which his son, a high official in the department of justice, 67 years old, was also present. The old man made a speech, and in telling an anecdote made a slight slip, which his son corrected. Old Chevreul turned around quickly and said in a sharp tone: "Hush youngster, when I am talking," and the "youngster" held his tongue.

Charley Boyd, who has confidential relations with the South African Chartered Co., recently declared in the London Spectator that Cecil Rhodes, by a contribution of £5,000 to the funds of the party, had induced the Liberals to abandon their policy as to Egypt, which favors evacuation. Thereupon the Spectator insinuated that this arrangement explained the tenderness which the Liberals displayed toward Mr. Rhodes on the inquiry as to the Jameson raid. Sir Henry Campbell-Bannerman declared the story "a lie from beginning to end." Mr. Rhodes promises to get the correspondence on the subject from Africa.
