SCOTTISH CURLERS UNFORTUNATE IN YESTERDAY'S CURLING MATCHES, BUT THEY ARE RIGHT GOOD FELLOWS

The curlers from Scotland arrived in the city yesterday on the Halifax express, 32 in number, and were met on the arrival of the train by a delegation composed of Messrs. A. Macaulay, John White, C. R. McLellan, A. D. Macdonald, Ald. W. E. Seely and C. E. S. Robertson, from the local clubs. The party boarded the large four horse sleigh Victoria and were driven to the Victoria Hotel where they will stop during their stay in the city.

The visiting party is as follows: Col. T. S. G. H. Robertson-Aikman, Hamilton; Piper Major Ross, Hamilton; Alex. Alkenhead, Greenock; Robert Allan, Whitburn; Captain D. G. Astley, St. Moritz; Baillie Bennett, Greenock; James E. Bett, Glenfarg; Andrew Blair and wife, Aberfoyle; Andrew Brown, Hamilton; James Cameron, Crossmyloof; Major C. L. K. Campbell, Buxton; William Brown, Crossmyloof; R. Connell, Lochwinnoch; Alex. Dougal, Bathgate; D. L. Gordon, Bathgate; W. J. Brewster, Grant, Blairgowrie; James Hamilton, Kilnarnock; John Hewitson, Penningham; James Y. Keane, Lochwinnoch; J. Guthrie Kennedy, Patrick; J. Fulton, St. Moritz; John McLeod, Bridge of Weir; Andrew Mitchell, Crossmyloof; T. B. Murray, Bigger; A. C. Riddall and wife, Glasgow; John F. Ross, Lochsloy; T. A. B. Sheriff, Glasgow; Hugh Solomon, Penningham; James Telford, Newcastle on Tyne; James Templeton, Ward Patrick; Robert Wardrop, Ward Patrick; George Wolfe, Bathgate and H. G. Willis, Montreal. Canadian government representative who is accompanying the party on the tour.

After breakfast the party were taken in sleighs and automobiles to the Thistle, St. Andrew's and Carleton rinks to commence the battle against the local clubs, and with the exception of the Carleton club they were defeated. The visitors won from Carleton by six points. The Scotchmen were defeated by the Thistles by 38 and by the St. Andrew's by 23. In the afternoon Fredericton, Hampton and St. Stephen clubs were all victorious over the Scotchmen, Fredericton won by 17, Hampton by 9 and St. Stephen by 20.

The summary of the day's play is as follows:

Thistles.....50	Scotchmen.....12
St. Andrew's.....46	Scotchmen.....23
Carleton.....24	Scotchmen.....30
Fredericton.....45	Scotchmen.....28
Hampton.....40	Scotchmen.....31
St. Stephen.....37	Scotchmen.....17
Total.....242	Total.....141

The Scotchmen took their defeat in a happy manner. It may be said they are not used to the keen ice such as is found in Canada. The stones they use are smaller and of a different pattern from those used by the curlers on this side of the water. They are a fine looking lot of men and show that they know how to curl, but they are no doubt, handicapped both by stones and ice.

The ice in all the local rinks was in fine condition yesterday and suited the local and other provincial curlers, while it was almost too keen for the visitors.

At all the rinks yesterday morning and afternoon there were large galleries of ladies and gentlemen present to witness the games and the visitors, when they made a good shot were heartily applauded.

The following is the result of the day's play by rinks:

The following is the programme for today's games:

FIRST HOCKEY GAME OF CITY LEAGUE SERIES

In the opening game of the city hockey league last evening the Harriers downed the Bankers 5 goals to 1 in a fast and exciting contest which kept the large crowd of spectators continually on the qui vive. His Worship, Mayor Frink, opened the game and the puck was at once rushed to the Harrier end, Mooney retrieving by good stick work. The Harriers then became fast and furious and by a good combination rush on the part of the Bankers, Craig scored the first goal after five minutes play. The Bankers followed their advantage up well, and for a few minutes dominated the play, but the Harriers, banded Wizard cribbs from all directions, but were unable to score. At this point the Harriers bucked up and rushed the rubber down the ice and after some swift playing McDonald shot the first Harrier goal and tied the score.

At the face off the puck was carried to the Banker's end, and for a few minutes their goal was in danger. The Harriers then became fast and furious and by a class exhibition of stick work, which brought the spectators yelling to their feet, scored on a long shot just before the whistle blew for half time, making the score 2 to 1 in favor of the Bankers.

The beginning of the second half was marked by determined rushing on both sides, and Churchill tied the game for the Harriers out of a mixup in front of the Bankers' goal. After the face off it was either teams game until the play finally settled in front of the Harrier goal where McKay, after upsetting Cribbs, succeeded in scoring. The Harriers then became fast and furious and by a good combination rush on the part of the Bankers, Craig scored the first goal after five minutes play. The Bankers followed their advantage up well, and for a few minutes dominated the play, but the Harriers, banded Wizard cribbs from all directions, but were unable to score. At this point the Harriers bucked up and rushed the rubber down the ice and after some swift playing McDonald shot the first Harrier goal and tied the score.

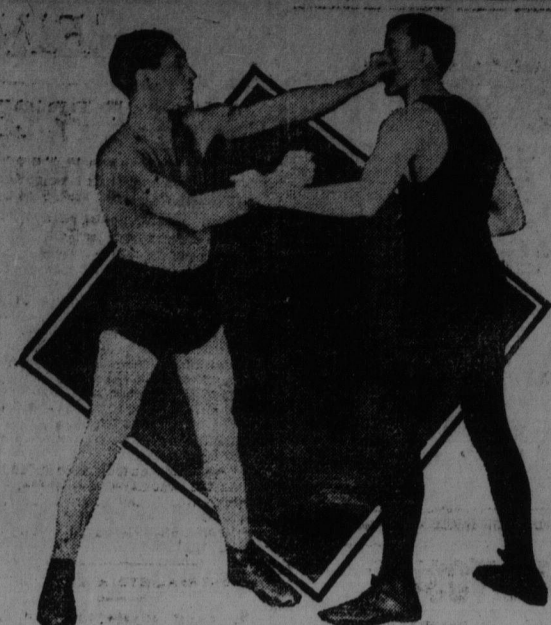

At the face off the puck was carried to the Banker's end, and for a few minutes their goal was in danger. The Harriers then became fast and furious and by a class exhibition of stick work, which brought the spectators yelling to their feet, scored on a long shot just before the whistle blew for half time, making the score 2 to 1 in favor of the Bankers.

There was only one penalty handed out. R. Smith of the Bankers received it for checking when he got a three minute rest. The officials for the game were: Referee, Percy Howard; line judges, C. Wilkinson and Wm. Gowen; timekeepers, H. C. Staples and C. Knowlton.

Wanted a Meal
"Saw a man order \$30 worth of ham and eggs yesterday."
"I've heard that old joke."
"This ain't any joke. The man was No. 11 Still East of Boston."
What we should like to know is, has the Atlantic ocean been sucked up into the clouds that are so steadily engaged in raining down upon Houston?—Houston Post.

The commission holds that the charges of the press at the time were justified, but gently scores a number of people who at the time of the episode, offered to produce proof to the alleged collusion but failed to deliver any evidence of value. In addition to exonerating both clubs, the commission praises them for the extra precautions that were taken against scalping. State and municipal legislation against scalping is urged.

Statesmen's Oversight.
Some statesmen choose to forget that the cost of government is a big item in the cost of living.

ATELL BLOCKING GOODMAN'S LEAD, LANDING STRAIGHT LEFT TO FACE.

FOURTH LESSON

By Abe Attell, Featherweight Champion.

There are but four real punches in boxing—the straight left to the face, the straight left to the body, the straight right to the face and the straight right to the body. All others are the outgrowth of these.

To deliver the straight left, straighten the arm to its full length, step in and put your weight behind your fist. In delivering the straight right to the face and the straight left and right to the body, the same principle is used—always stiffen your arm hit hard, true and fast.

The straight punches are the ones used when fighters attempt to score a knockout. They are the real blows of the prize fighters.

Jabs are the blows ring generals use, not to put a man to sleep, but to wear him down. A jab is a quick snappy blow with the elbow partly crooked. Jab your man from time to time until by his dodging, or by your punch, you have placed him just where he is in a position for you to land a straight punch.

The one-two punch is one of the best used. It is merely the delivery of a double blow—of getting your man around to a point where you can shoot hard with your left and almost simultaneously smash him with your right. To do this you must be fast.

SCHOOL BOYS FORM A THREE TEAM LEAGUE

Representatives of Fredericton High School, Rothesay College, and the local High School, met in the Y. M. C. A. yesterday afternoon and formed an interscholastic hockey league. It was decided that the teams should consist of seven men and that twenty-five minute halves should be played with ten minutes intermission. In the case of a tie, ten minute halves will be played, five minutes each way with five minutes rest. Each club will appoint its own timekeeper. The referee will appoint the penalty timekeeper and goal judges. The referees in Fredericton will be Messrs. Staples and Hughes and in St. John, Messrs. Blizard and P. McAvity. Bradford Gilbert was appointed secretary of the league.

The playing schedule is as follows:
Jan. 20.—Rothesay vs. St. John High School, in St. John.
Jan. 25.—St. John H. S. vs. Fredericton H. S., in Fredericton.

Jan. 29.—Fredericton H. S. vs. Rothesay, in St. John.
Feb. 5.—St. John H. S. vs. Rothesay, in St. John.

Feb. 12.—Fredericton H. S. vs. St. John H. S., in St. John.
Feb. 19.—Rothesay vs. Fredericton H. S., in Fredericton.

At the meeting Fredericton High School was represented by C. M. Lawson; Rothesay College, by Lionel Teed and Roy McKay, and the local High School, by Walter Smith and Louis Ritchie.

There is promising material in this league and good hockey should result. It is up to the graduates of the three schools to put up a cup as it will add to the interest in the league.

WANT LAW AGAINST SCALPING

Cincinnati, O., Jan. 5.—The final lid was clamped and sealed here today on the celebrated ticket scalping scandal that ruffled the baseball horizon following the world's championship series in New York and Philadelphia last October. While the national baseball commission gathered enough evidence to assure it that wholesale ticket scalping took place in both towns, yet this evidence indicated that neither the New York National or the Philadelphia American league club owners, managers, players or employees were in collusion with the scalpers.

The commission holds that the charges of the press at the time were justified, but gently scores a number of people who at the time of the episode, offered to produce proof to the alleged collusion but failed to deliver any evidence of value. In addition to exonerating both clubs, the commission praises them for the extra precautions that were taken against scalping. State and municipal legislation against scalping is urged.

Statesmen's Oversight.
Some statesmen choose to forget that the cost of government is a big item in the cost of living.

The invention, devotees of flying say, promises to revolutionize the art. With his improved type of pontoons and other attachments, which will be added to a machine he is designing, Atwood's attempt to fly to Europe seems certain, they think.

Twenty-three years ago one pleased housewife told another her great secret of success — And now over nine hundred thousand home-cooks use FIVE ROSES.
