

MONTENEGRO WILL FIGHT UNTIL LAST MAN

King Nicholas and His Army Will Keep Up The Fight While There Is a Man Left — Many Drowned by Floods in Holland — Vienna Reports Capture of Spizza from the Montenegrins

Rome, Jan. 15.—The Montenegrin authorities officially deny that Montenegro ever adhered to, or intends to adhere to, any separate proposal of peace, or to any armistice with Austria. It is declared that King Nicholas and his army and people will continue to fight until the last man.

A despatch from London said that after the capture of Mount Lovcen by the Austrians advice had been received to the effect that Austria and Montenegro had arranged an armistice.

Many Die in Floods in Holland

Amsterdam, Jan. 16.—Many persons have been drowned by the flood in Northern Holland. On the Marken Islands the death list has reached sixteen, including seven children.

Queen Wilhelmina has opened the Royal Palace at Amsterdam to shelter the refugees.

Cologne, Jan. 15.—Children who were playing in a gravel pit near the local aviation grounds were killed today by an air bomb. The children found the unexploded bomb and were playing with it when it exploded. The district in the vicinity of the aviation field has been repeatedly searched after bombs have been dropped by aviators. It is probable that the bomb found by the children had buried itself in the ground and only become exposed by the heavy rains of the last few days.

Spizza Taken

Berlin, via London, Jan. 15.—The text of the Austro-Hungarian statement dealing with the Montenegrin operations is as follows:

"In the Balkans, the Austro-Hungarian army, in continuing their pursuit of the enemy, have occupied Spizza. In Cetinje 154 cannon, 10,000 rifles, ten machine guns and quantities of ammunition were captured. The number of cannon taken on Mount Lovcen has reached forty-five. Three hundred Montenegrins have been taken prisoner.

"Austrian troops have stormed trenches on the heights of Gradina, south of Berane."

MANY CASES OF RHEUMATISM NOW

Says We Must Keep Feet Dry, Avoid Exposure and Eat Less Meat

Stay off the damp ground, avoid exposure, keep feet dry, eat less meat, drink lots of water, and above all take a spoonful of salts occasionally to keep down uric acid.

Rheumatism is caused by poisonous uric acid, which is generated in the bowels and absorbed into the blood. It is the function of the kidneys to filter this acid from the blood and cast it out in the urine. The pores of the skin are also a means of freeing the blood of this impurity. In damp and chilly, cold weather the skin pores are closed, thus forcing the kidneys to do double work, they become weak and sluggish and fail to eliminate this uric acid which keeps accumulating and circulating through the system, eventually settling in the joints and muscles causing stiffness, soreness and pain called rheumatism.

At the first twinges of rheumatism get from your pharmacy about four ounces of Jad Salts; put a tablespoonful in a glass of water and drink before breakfast each morning for a week. This is said to eliminate uric acid by stimulating the kidneys to normal action, thus ridding the blood of these impurities.

Salts is inexpensive, harmless and is made from the acid of grapes and lemon juice, combined with lithia and is used with excellent results by thousands of folks who are subject to rheumatism. Here you have a pleasant, effervescent lithia-water drink which overcomes uric acid and is beneficial to your kidneys as well.

WHAT MONTREAL PAPERS SAY ABOUT "CABIRIA"

Greatest of all photo-spectacles in Opera House this week, commencing this afternoon.

The following clippings from Montreal papers in regard to "Cabiria," the great photo spectacle to be shown at the Opera House all this week, commencing this afternoon, should be of interest to all theatre goers, not only those who attend the "movies" but lovers of the drama as well, for "Cabiria" is something more than just a picture, as it has a strong dramatic theme running all the way through it.

It is a big story, intensely melodramatic, gripping in every scene and with a thrill in almost every foot of the 12 reels. It has an appeal to the student and educator as well, as it is founded on historical facts and the big events of the time of Hannibal, when Rome and Carthage were the great nations, and about the third century, B. C., are graphically pictured on the screen.

The Montreal Star said: "The D'Annunzio spectacle, 'Cabiria,' is the most wonderful of all pictures, unusually well acted and marvellously well staged."

The Montreal Standard said: "Cabiria is without a doubt the peer of all moving pictures seen in Montreal."

The Montreal Herald said: "Cabiria is not an ordinary moving picture but a gigantic spectacle."

The Gazette said: "No picture seen at any time in Montreal can, in any manner, compare with Cabiria."

Cabiria will be shown every afternoon this week at 2 sharp, every evening at 8. Owing to the length of the production, only one show will be given at each performance. In order to properly understand the story of "Cabiria" it would be well to be in your seat promptly at the starting of the first reel, also in the first reel is shown the wonderful eruption of the volcano, Mount Etna and the burning of the city, one of the most sensational scenes ever screened.

Hampton, Jan. 14.—The Rev. W. H. Barracough, pastor of Centenary Methodist church, St. John, gave an address in the interests of temperance in the Methodist Hall, Thursday evening, Jan. 13th, under the auspices of Hampton Lodge I. O. G. T. The Rev. O. N. Chipman, chairman of the meeting, made a few introductory remarks, referring to the present terrible war and to the admirable stand some of the

leading men of England are taking in regard to the temperance question. The address was forcibly delivered, showing reasons why younger men and women should stand together in the great fight to stamp out this evil from the land. The speaker stated that the war cost Canada for the first year, in round figures, the sum of \$100,000,000, and here emphasized the fact that the expenditure for alcoholic beverages consumed in this country would in itself pay this total amount. He could not see that the country was benefited from a government standpoint, by the liquor traffic, but rather that the government and the people are suffering on account of this dreadful evil. General Sam Hughes was highly praised for his stand taken from the beginning of the war to keep this evil from the midst of our boys who are wearing the King's uniform. Some reference was made to one who hails from this province (Kings Co.), and is now minister of trade and commerce, of his temperance qualities. In conclusion Mr. Barracough spoke of the good work of the I. O. G. T. and gave some words of encouragement and advice to the members of Hampton Lodge.

A hearty vote of thanks was tendered the speaker for his splendid and helpful address, moved by Mr. Frost.

WHERE AUSTRIANS AND MONTENEGRINS ARE FIGHTING

ROAD LEADING UP THE CLIFFS FROM THE GULF OF CATTARO, TO GET TO THE MONTENEGRIN MOUNTAINS. THE MONTENEGRIN SOLDIERS IN THESE MOUNTAINS HAVE NEVER BEEN CONQUERED.

At Mount Lovcen, the Gibraltar of the Adriatic, the Austrians have concentrated naval and land forces, with heavy guns, in a determined effort to drive the Montenegrins from the mountain positions which dominate the road from Cattaro. For four days the Montenegrins were kept under a hurricane of fire from Austrian war ships, but tacked again and again, reaching the first line defences of the Montenegrins only to be hurled back. Finally the Austrians succeeded in reaching and taking possession of two of the Lovcen positions, making an attack at night under the cover of clouds of asphyxiating gases.

BOTH HOUSES TO DEBATE ON BLOCKADE

Peace Meeting in London Suburb Stopped and Lively Scenes at Anti-Conscription Meetings.

London, Jan. 17.—In the course of the present week there probably will be debates in both Houses of Parliament on the question of a blockade of Germany. Lord Portsmouth will raise the question in the House of Lords Wednesday, and Sir Henry James Dalziel in the House of Commons.

A peace meeting, arranged for Sunday evening at the Brotherhood church in a London suburb, was stopped at the outset by a group of civilians and soldiers. The platform was stormed, blows were exchanged, the piano was overturned, and the peace banners were torn down.

The police closed the building, after the disturbance had continued for an hour.

Anti-compulsion meetings at Manchester, Crewe and other cities also resulted in lively scenes.

O. G. T. The Rev. O. N. Chipman, chairman of the meeting, made a few introductory remarks, referring to the present terrible war and to the admirable stand some of the

leading men of England are taking in regard to the temperance question. The address was forcibly delivered, showing reasons why younger men and women should stand together in the great fight to stamp out this evil from the land. The speaker stated that the war cost Canada for the first year, in round figures, the sum of \$100,000,000, and here emphasized the fact that the expenditure for alcoholic beverages consumed in this country would in itself pay this total amount. He could not see that the country was benefited from a government standpoint, by the liquor traffic, but rather that the government and the people are suffering on account of this dreadful evil. General Sam Hughes was highly praised for his stand taken from the beginning of the war to keep this evil from the midst of our boys who are wearing the King's uniform. Some reference was made to one who hails from this province (Kings Co.), and is now minister of trade and commerce, of his temperance qualities. In conclusion Mr. Barracough spoke of the good work of the I. O. G. T. and gave some words of encouragement and advice to the members of Hampton Lodge.

A hearty vote of thanks was tendered the speaker for his splendid and helpful address, moved by Mr. Frost.
