a line clear from here to the coast. There are nine Pacific lines in the United States. You ought to be able to United States. For ought to be and to have our lines completed by the time the Grand Trunk Pacific reaches you." In one of his speeches Hill referred at length to his early C. P. R. connections, and the trials through which that road had passed. He continued: "It was getting serious at times for all of us, and I told my friends, who were more active in the C. P. R. that I would take care of the property south of the boun-dary. I asked them to take care of my interests north of the boundary and I would take care of their interests south of the boundary, which I have been do-ing from that day to this. (Laughter and applause). I have always hoped to have pleasant relations with everybody. We started and I tried to get a partner We started and I tried to get a partner on the Pacific coast from north of the boundary. When we were buying the line we were afraid we might be accused of invading Canada and I wanted a Canadian partner, but I was not able to convince him that it was a good pur-chase, therefore we had to go alone and from one things to another till was find <text><text><text><text><text><text><text><text><text><text><text><text><text><text><text><text><text> willing to take up the question of closer relations. Notwithstanding all legislative obstruction that has occurred on both sides, business grows until it is weeks, and that something eise should six weeks, and that something eise should six weeks, and that something eise should again of the state in the meantime. The subject was be done in the meantime. The subject was be done in the meantime discussion, to the referred, after informal discussion, to the second man in the hold-up. He has been prospecting down at Ashnola, near Hedley, and claims to be interested with Rogers, of the Nickel Plate mine, in several mining properties. Credit for Capture of C.

P. R. Train Robbers

FERNIE DID

Kamloops, May 15.-Monday afternoo Kamioops, May is.—Monday afternoon at 1.30 o'clock, about a mile from Doug-las lake, the three C. P. R. train rob-hers were captured by a posse of mounted police, under sergeant Wilson. The men were tracked from Camp-bell's meadows, via Fish lake, through to Douglas lake, by provincial constable Fernie, who saw the three men walking along the road near Murray creek a Fernic, who saw the three men walking along the road near Murray creek, a short distance from Douglas lake. Fernie was alone and set out for Chapperon lake, knowing the mounted police were in that vicinity, and noti-fied sergeant Wilson, who, with his men, started off, directed by Fernie. The men, meanwhile, had camped in the brush and no sign of them could be seen.

seen. Fernie made for Douglas lake ranch to send word to Quilchena to bring the bloodhounds. In his absence the mount-ed police, about seven in number, under

Wilson, made a search and suddenly came upon three men finishing lunch. They rode right up to them and Wilson asked them what they were doing. The oldest man said they were prospecting. Wilson asked where, and was answered, 'Over there," pointing south. Wilson

"Over there," pointing south. Wilson inan"I guess you are the maa we want for the holdup," and at once covered him 9.5
with a revolver. One of the troopers 773.00 covered another man and the third man rolled into a nearby ditch, crying:
"Well, its all up boys," and commencenulle, see diffing on the police, who returned the fire. "Shorty," as the man was called, oried out "Quit," after ten or a dozen 6.00 shots had been fired. He had evidently 50.00 emptied his revolver and had to give in.
"If," he said, "I had had my automatic 1.00 revolver there would have been a hot 3.20 "If," he said, "I had had been shot 3.00 in the leg, and he said:

in the leg, and he said: "Its a damned pity you didn't put it through my head."

A rig was obtained at Douglas lake and the prisoners taken to Quilchena and Dr. Tutill, of Nicola, was sent for and is in attendance on the wounded man. man. The prisoners and mounted police

police would have had a hard time at resting them. While the doctor was probing for the bullet in his leg. Dun laughed and jok-ed with those around him and repeated his former remark that it was a pity the bullet had not gone through his head. The First New Furnace of Seventh Kootenay Smelter is Blown in

Marked Improvement in Number of Mines Now Shipping-Several New Shippers Join the List-Rossland Notes

A seventh smelter has been added to the list of six which are already in opera-tion dealing with the ores in the Koote-naý districts. On Tuesday last the first furnace of the Pilot Bay smelter was blown in and the management report that two more will follow as speedily as possible. The customers of the Pilot Bay smelter will include several well known mines.

EDWARDS IS **IDENTIFIED**

Mail Clerk McQuarrie Positive He is Man Who **Boarded** Car

merintendent Hussey Confident lie flas C. P. R. Hold ups in the Toils and Has Called Off all Further Search

(Special to The Daily News)

Kamloops, May 16 .- Assistant mail

Kamloops, May 16.—Assistant mail clerk McQuarrie has positively identified Edwards, one of the three men arrested near Quilchena on Monday by constable Fernie and the mounted police for com-plicity in the C. P. R. hold-up. When the police with their prisoners reached town last evening, McQuarrie was immediately taken to jail to ascer-tain if he could identify anyone of them as the man who entered the mail car and rified the registered mail sacks. Whilst the fact had not been made gen-erally public, it appears that, when the

of him here.

Vernon, May 16.—Jim Christie, Moir and Wilson are still under arrest her on suspicion of knowing something of the C. P. R. hold-up, but the police are now inclined to think their arrest a mis-up train was here Monday and saw Christie. He says Christie corresponds to the untalkative robber, but he fails mistakable voice.

Vancouver, May 16.—Provincial con-stable Fernie is likely to participate in proves that old Bill Miner is the leader of the gang of train robbers captured by Im Monday afternoon. The the arrest, dead or alive, of the bandits who held up the westbound C. P. R. express near Kamloops last Tues-day night there is a reward of \$11,500, and if it proves that the leader of this sang is old Bill Miner he runs a good the C. P. R. near Mission Junction in September, 1904. eptember, 1904,

were only 40 miles from the scene of th hold-up, and were not prepared for fight. Edwards was the first to throw up his hands. They look like novices to

"When we arrived at Ducks we when we arrived at Ducks we sized up the country. The trail was then five days old. I concluded that the robbers would strike southeast through the tim-ber country, and made for it across country. Our horses played out and before we were fairly in the race, it was all over

"Yes, I am sorry that my dogs didn' have a chance. They have never falled before, and have a pretty good record They are St. Huberts, that is, southern states' hounds, but both were born and tates' hounds, but both were born an aised in Texas. "I have been in the dog business

"I have been in the dog dusiness a good many years. It requires a long time and endless patience and persever-ance to train dogs thoroughly for their work. I prefer them country bred, they are superior in bone, muscle and con-stitution. A kennel bred dog is no good. "I admit the faults of the St. Hubert "I admit the faults of the St. Hubert breed. They are fast trackers and wear a man out in a long chase. Mine nearly exhausted the posse in the hunt for Smith in Oregon. They always attack the quarry too. I don't consider that a fault when the quarry is a law-breaker. But if I were tracking a lost child or a crazed man I should, of course, keep the hounds in leash. Besides they will obey my voice at any time, even in the thick of a fight. "I have two English hounds arriving.

"I have two English hounds arriving. I expect that they reached Spokane to-night. They are more patient and bet-ter fitted for city work. I like to have my dogs trained first on a range and then gradually broken to city work. In training my dogs I make every outing a practice. The dogs enjoy it and they know that whenever they are taken out it means business. It keeps them keen. "Yes, your police have made quick work. They always do, I have a great admiration for them, especially for the mounted police, they are fine fellows. I have often heard it remarked by of-ficers on the other side of the border that they wish they had Canadian laws behind them. I have always felt proud of it because I am an Englishman by "I have two English hounds arriving. of it because I am an Eng

SNEAK THIEF AT YMIR

ROBS FELLOW EMPLOYEES AND TOUCHES HOTEL TILL

NOW HUNTING COVER WITH CONSTABLE ON HIS TRAIL.

cial to The Daily News) Ymir, May 14 .-- Saturday a man name William Hagarty, employed at the Porte Rico company's logging camp, at Tam arac, coolly went through the content of some of his fellow employees' bag-gage, taking a number of useful articles, including a savings banks book of a man named Walker, which book showed a credit of \$100 in the Canadiam Bank of Commerce at Nelson. Proceeding to Ymir he drew a cheque on the account for \$20 and with the book in charge of a hotel keeper obtained \$20. Later the same hotelman caught Hagarty helping himself to the contents of the till, and promptly made him disgorge and hustled him out of the house. Sunday a com-plaint was registered with constable Fraser, who proceeded on horse back to Erie. Although Hagarty was in Erie Sunday morning, he had left before the constable reached there. Fraser re-turned to Ymir and took the train south this morning in the hopes of get-ting sight of his man. The description of Hagarty is as follows: Height 5ft 10 in, weight about 175 lbs, wears mustache and has a sore on left ear. It is pre-sumed that he is making for North-port. It is also reported that this light fingered gentieman went across the river and stole from some of the females there. some of his fellow employees' ba there. Miss S. Strickland, of the Jubilee ha
