THE FAIR AT LYNDHURST

There was a great gathering at Lyndhurst Fair on Friday last, and the board of management have every reason to be satisfied with the large measure of success achieved.

From the office of Secretary Love through every department of the Fair, there was evidence of careful and efficient management.

The races were keenly contested and afforded good sport, the running race and trotting race for farmers' horses being among the best of the schedule.

Altogether, Lyndhurst Fair scored a great success from every point of view, and the officers and directors are to be congratulated upon the success of their efforts.

Tired Mothers

It's hard to take care of children and to cook, sweep, wash, sew and mend besides.

It makes a shop of the home—a shop, too, where sixteen hours make a day and yet there is much working overtime.

Hood's Sarsaparilla helps tired mothers in many ways—it refreshes the blood, improves the appetite, and assures restful sleep.

A BIRTHDAY PARTY

On Monday, September 28, Miss Grace Cornell, of Elbe, gave a birthday party to her young friends.

The house was tastefully decorated with evergreens, flowers and Chinese lanterns, which united in making a very charming and attractive appearance.

A word about the table—should not be omitted, as it was, all the work of the hostess. The flowers were spread in thick profusion around the large birth day cake in the middle of the table, which was dotted with candies.

At five o'clock all sat down to the well arranged tables and did ample justice to the dainties prepared.

The afternoon was spent in story telling and music, a few good selections being given by Miss Ena Gardner and Miss Ethel Osborne, while a cousin of the hostess, Miss Josephine Taylor, gave a couple of recitations which were, as usual, much appreciated.

The presents were numerous and showed the esteem in which our young friend is held.

Ran a Nail Through His Head

While opening a box, J. C. Mount, of Three Mile Bay, N. Y., ran a ten penny nail through the fleshy part of his hand.

"I thought at one of all the pain and soreness this would cause me," he says, "and immediately applied Chamberlain's Pain Balm and occasionally afterwards. To my surprise it removed all pain and soreness and the injured parts were soon healed." For sale by J. P. Lamb & Son.

MAY YET LOSE THE COLONIES

Alfred Baldwin, M.P., Warns Britain to Travel Carefully.

If Preference is Refused They May Adopt Treaties With Foreign Countries—Canada Capable of Producing All the Wheat the Empire Requires For Generations to Come—Canadian Flour Receives a Very High Excise.

(Canadian Associated Press.) London, Oct. 5.—Alfred Baldwin, M.P., speaking at the West Worcester Conservative Association, said that if we refuse the proposals of colonial premiers for retaliatory and preferential tariffs, we shall lose the colonies, who might adopt preferential treaties with foreign countries.

Hon. Thomas Brassey, M.P., speaking in Liverpool, on his arrival from Winnipeg, where he went to view Canada's wheat growing resources, said: "I am convinced that the Northwest Territory is capable of producing all the wheat the Empire needs for generations to come."

Mr. Chamberlain has taken the right course by resigning.

Prof. Ashley, formerly of Toronto University, has come out with a book presenting a strong case for preferential tariffs within the Empire.

He Learned a Great Truth

It is said of John Wesley that he once said to Mistress Wesley: "Why do you tell that child the same thing over and over again?" "John Wesley, because once 'telling is not enough." It is for this same reason that you are told again and again that Chamberlain's Cough Remedy cures colds and grip; that it counteracts any tendency of these diseases to result in pneumonia, and that it is pleasant and safe to take. For sale by J. P. Lamb & Son.
