Since then I have been taking whatever position available for me during  
the hard times and was Accountant for five months in Saskatoon for Lord's  
Creamery, leaving that to work as Head Office Accountant in Calgary for  
Beatty Bros. Ltd. until Jan. 15th, 1932. Since then I have been sick and  
unable to work. At the present time I am able to again fill a position  
of office work or as traveling representative or collector. Preferably  
in Motor Finance or motor agency. Would very much like to obtain a  
position with grain and stock brokers or trust company. Am capable of  
much ability in the field of finance.

Understand that Senator Meighen is interested in Traders Finance as well  
as other Investment companies in the East. If he could arrange for an  
introduction for me to Mr. Ross the Winnipeg manager of Traders it might  
have good results as I know they have several places where they have to  
put some one in to look after their interests. I am well known to  
practically every motor car dealer in Saskatchewan and also at the the  
Head of the Lakes. Have a very thorough knowledge of the motor car business.  
Am a capable auditor and while manager of garages have always superintended  
the accounting department and have taken off the Balance Sheet, Profit and  
Loss Statements, closed the books at the end of each years business, etc.,  
which saved the expense of this being done by a Chartered Accountant.
