February 8th, 1934.

Dear Miss Edmondson:

The proper person to approach in connection with that position is Mr. F. E. Mews, who has charge of the staff in that department. I am given to understand that the stenographers will be rearranged to take care of the vacancy leaving an opening only in the filing department. However, it might be as well to disregard that information and get in touch with Mr. Mews. If there is anything further that I can do, let me know.

Sincerely,

*James M. Howall*
