

When he returned to England he was in 74 General
Hospital for a period of over 2 mos. He then
came back to #6 C.I.R.V. where I also saw
him and kept in touch with him. While at
#6 his conduct was irreproachable. He
then came back to the Fus M.R. about 4 mos.
ago. Since then his Coy comd. & his Pl.
comd. are both saying that up to the time
of the offence his conduct and work was very
good. For these reasons that I accepted
to defend the accused in court on the basis
of the fact that he is a soldier of experience
that we badly need. That I ask the
clemency of the court.
