

taken out. Box subsequently sold so candies gone.

Court when he offered me box I had him open it. I went & had cup of coffee then went to my kit. were 3 in room - Payette was not in my room. I used my knife in the middle of the candy, it was stuck together, I removed the two ends of the inner wrapping. I did not lift RAP to get cup of tea and as it was nearly the 15 it gave me opportunity of getting tea & returning immediately to bed. I did not go immediately to bed because I did not want him to notice that I recognized my candy so get tea to get him off track. Leaving at 30 Grafton Rd.
