

BILIOUSNESS and LIVER COMPLAINT.

SYMPTOMS.

Yellow Eyes,
Sallow Complexion,
Pain Under Right
Shoulder,
Alternate Costiveness & Diarrhoea,
Tongue Coated,
Dull Spirits,
Weariness,
Sick Headache,
Variable Appetite,
Poor Circulation,
Debility, etc.

Nearly every one during some period of the spring, summer and autumn months, suffers from Biliousness, which is often induced by a disordered state of the stomach or imperfect digestion and torpid liver. In the colder months, when the air is more bracing with oxygen, the system will bear more hearty food of a stimulating or greasy nature—the appetite is more vigorous and the result is that people often eat too heartily, and when the cool, bracing atmosphere is gone and the warm weather appears, the blood overcharged with bile gives rise to biliary troubles, and especially so when the bowels are inactive, so that the bile is not carried off in its natural channel. Hence Diarrhoea often results with dizziness, vomiting, purging, and other bilious symptoms. Jaundice, or Yellow Skin, is caused by an overflow of bile into the blood. Serious cases of Bilious Fever result from the same cause, namely—bile-poisoned blood.

CAUSE.—The liver being the largest glandular organ, and a filterer of the blood, is oftener diseased than most other organs, both in animal and human beings. Its chief office besides is to secrete bile, which is the natural cathartic to the bowels. Whatever, then, deranges the blood or bile—as improper food, bad drinks, bad air, cold, malarial poison, bad drainage, etc., or whatever will clog up the bile ducts—will induce Liver Complaint.

CURE.—The diet should be plain and nourishing to make pure blood and healthy bile. Shun the causes above enumerated, as in Dyspepsia. Keep the bowels free, and the digestive powers active, and arouse the sluggish liver with that grand liver regulator, Burdock Blood Bitters, which acts at the same time upon the bowels, stomach and blood, while it regulates and strengthens every organ.

Ten Years of Torture.

Burdock Blood Bitters is the best medicine I ever used. I have been a sufferer with liver complaint for the last ten years and have been using doctors' medicine which never seemed to do me any good, till I was advised to try Burdock Blood Bitters. I am thankful to say that it has cured me of liver complaint and several other complaints. I thank God I am like a new woman again by the use of four bottles.

TESTIMONIALS.

MALARIAL FEVER and AGUE.

My cry has always been: "Away with all your patent medicines," they are all trash! But stop! there is one grand exception! and to the delight of my soul, that exception fell upon Burdock Blood Bitters. "But," say you, "How do you know?" I speak from personal experience. Two years ago I was taken with chills and fever, my family doctor—of twenty-five years—gave my case up, and advised me to seek some water-cure. I went, but I came back worse off than ever. The doctor tried again, but I constantly grew worse. For hours I was in a chill; and this passing off, was often in a high fever, which sometimes lasted for three days. Some called my disease fever and ague, others swamp fever, and still others congestive chills and fever. I went to Ypsilanti—my doctor advised it—for my disease baffled his skill. I spent my time and money there—all to no purpose. Discouraged, I again went back to my old physician: he failed again. One night among my mail matter I noticed a pamphlet; it spoke of Burdock Blood Bitters; and I there saw the statement of a man whose case was similar to mine. I was prejudiced against all patent medicines; but the story the man gave of his case gave me confidence. I sent to the drug store for some; and, after all other means failed, Burdock Blood Bitters brought me out all right; and it is my candid judgment and opinion that it is the best blood purifier ever presented to the world. I was given up to die by my friends; but your medicine—after taking twenty-six bottles of other medicines—cured me, and I am to-day as well and hearty as I ever was in my life.

To the foregoing I am ready to take my oath.

Edward Pelton

Justice of the Peace, Grass Lake, Mich.

NOTE.—Our artist has reproduced an excellent likeness of Mr. Pelton, who will be happy to correspond with all enquirers who enclose stamp for return postage.

I have had liver complaint for several years, I had such a pain in my shoulder that I could not sleep at night, and never could get any thing to do me any good until I took Burdock Blood Bitters. I took four bottles with good success. It removed the pain and I felt like a different person. I would recommend it to any for liver complaint.
