**Definitions of "Home."**

The golden setting in which  
the brightest jewel is "mother."

A world of strife shut out, a  
world of love shut in.

An arbor which shades when  
the sunshine of prosperity be-  
comes too dazzling; a harbor  
where the human bark finds shel-  
ter in the time of adversity.

Home is the blossom of which  
heaven is the fruit.

Home is a person's estate ob-  
tained without injustice, kept  
without disquietude; a place  
where time is spent without re-  
pentance, and which is ruled by  
justice, mercy, and love.

A hive in which, like the indus-  
trious bee, youth garners the  
sweets and memories of life for  
age to meditate and feed upon.

The best place for a married  
man after business hours.

Home is the coziest, kindest,  
sweetest place in all the world,  
the scene of our purest earthly  
joys and deepest sorrows.

The place where the great are  
sometimes small, and the small  
often great.

The father's kingdom, the chil-  
dren's paradise, the mother's  
world.

The jewel casket containing  
the most precious of all jewels—  
domestic happiness.

Where you are treated best  
and grumble most.

The centre of affections, around  
which our heart's best wishes  
twine.

A popular but paradoxical in-  
stitution, in which woman works  
in the absence of man, and man  
rests in the presence of woman.

A working model of heaven,  
with real angels in the form of  
mothers and wives.

**The Key to Happiness**

There is one way of attaining  
what we may term, if not utter,  
at least mortal, happiness. It is  
this—a sincere and unrelaxing  
activity for the happiness of others.

In that one maxim is concentrated  
whatever is noble in morality, sub-  
lime in religion, or unanswerable  
in truth. In that pursuit we have  
all scope for whatever is excellent  
in our hearts, and none for the  
petty passions to which our nature  
is heir. Thus engaged, whatever  
be our errors, there will be no-  
bility, not weakness, in our re-  
morse; whatever our failures, vir-  
tue, not selfishness, in our regrets;  
and in success vanity itself will be-  
come holy and triumph eternal.

**Know Thyself.**

In the commission of evil fear  
no man so much as thine own self.  
Another is but one witness against  
thee; thou art a thousand. An-  
other thou mayest avoid, but thy-  
self thou canst not. Wickedness  
is its own punishment.

**Look Over the McCormick Drill  
Carefully**

Buy absolute certainty with your drill. The McCormick has  
proved its worth by satisfactory work on Western Canadian farms.

The McCormick drill is interchangeable from a single disk to  
a double disk or shoe. Consequently it does good work in all  
conditions of soil—hard, dry, trashy, muddy, sandy, hilly, loamy,  
stubble or in well prepared seed beds.

The feed in this drill is positive in action  
and insures perfect delivery of the seed  
evenly, without bunching, and without break-  
ing the kernels. The feed can be adjusted for  
different kinds and quantities of grain by the  
simplest and most effective construction  
known.

The disk bearings on McCormick Drills  
are as nearly dust-proof as it is possible to  
make a drill bearing. Only clean oil reaches  
the bearings, keeping them running freely.

**PEERLESS  
PERFECTION**

**The first  
cost should  
be the last cost.**

You should put up a fence  
that will give you real fence  
service first, last and all the  
time. The cheapest is always  
the most expensive in the  
long run on account of repairs  
necessary.

**Peerless Saves  
Expense**  
because it is the poultry fence that never  
needs repairs.

Peerless poultry fencing is made of the best  
steel fence wire—tough, elastic and springy—  
and will not snap or break under sudden shocks  
or quick atmospheric changes. Our method of  
galvanizing positively prevents rust and will  
not flake, peel or chip off. This feature  
alone adds many years to the life of a fence.  
The joints are securely held with the "Peer-  
less Lock" which will withstand all sudden  
shocks and strains yet is so constructed that  
Peerless Poultry Fence can be erected on the  
most hilly and uneven ground without buckling,  
snapping or kinking.

The heavy stay wires we use make Peerless  
Poultry fencing rigid and upstanding thereby  
preventing sagging and racking about half  
as many posts as other fences.

We build our poultry fences stronger than  
seems necessary in order to keep marauding  
animals out and close enough to keep the  
smallest fowls in. Many of our customers are  
using this style as a general purpose fence with  
entire satisfaction.

Peerless Poultry Fence when once put up is  
always up and will look better, wear better and  
serve you better than any other fence built.

**The Desmond Model "U" Injector**

The Flexible feature is only one of the  
many high grade features of the Model U In-  
jector. It is more simple in construction than  
any other Injector and will do anything that any  
other will do and do it easier. Unquestionably  
the best for plowing and traction engines.
