

How do You Judge a Holstein?

YOU wouldn't buy a milk-cow at so much a pound. No, you want to know how much milk she will give. A cow at \$200 might be away cheaper than one at \$125—certainly the real producer is the one the prosperous farmer buys.

Now, look on your tires as producers.

Judge them as you judge Holsteins.

You know absolutely that some tires give more miles of service than other tires.

You know that the tires that give the most miles per dollar are the best buy.

Then buy your tires on the cost-per-mile reputation.

Goodyear Tires built their world-wide business because they give that low-cost-per-mile. Don't let the lowest *first-cost* tire warp your good sense of economy and satisfaction. Look up the Goodyear Service Station Dealer and invest in Goodyears.

The Goodyear Tire & Rubber Co.

GOODYEAR
MADE IN CANADA

For Good Seed Beds

IF YOU want to be sure of well prepared seed beds, made in the quickest time and with the least trouble, buy McCormick disk, peg or spring-tooth harrows, International cultivators, and land rollers.

McCormick bumper disk harrows, with or without fore-carriages and weight boxes, are made in 6, 7 and 8-foot widths, with 16-inch disks. They have strong main frames of angle steel. Two handy levers working bowed set lever bars keep the gangs level at all angles. Draft links keep the pull always at right angles to the disk axles. All steel scraper equipment. Tandem attachments for double disking are made for all sizes. Used in combination with McCormick peg and spring-tooth harrows, they produce seed beds of the finest quality.

Use International No. 2 cultivators for keeping fallow land free from weeds of all kinds. International land rollers compact the soil into the best shape for an ideal seed bed and are made in 6, 8, and 9-foot sizes.

See the McCormick local dealer, or write the nearest branch house for full information about this good line of tillage tools.
