A Modern Miracle.  
Behold the pretty cotton plant  
With blossom white and full!  
They pick the downy stuff and, lo!  
They make us suits of wool!

tion," said the boy's mother.  
"Yes?" queries the proud papa.  
"Yes. He spent the whole day making  
soap bubbles and trying to pin one to the  
wall."—Blighty.

## It does lower my baking costs—

THE first time I used Corn Syrup (CROWN BRAND)  
in baking, it was frankly out of curiosity and, of course,  
in the hope of saving sugar money. The use of CROWN  
BRAND Syrup in cake-making reduces waste by adding to  
the keeping qualities. My muffins, sponge cakes and other  
bake things have a wonderfully fresh flavor that you notice

at once. They don't dry up as rapidly, don't  
crack or get stale so fast—the last slice is as  
palatable as the first, just as moist and  
digestible.

CROWN BRAND Syrup as a cake sweetener  
is economical because it is so reasonably  
priced in the first place.

It does lower my cost of baking!

And this is merely one of the pleasant surprises  
I am getting every day, since I discovered  
"the great sweetener."—*Aunt Mary*

If you have not yet discovered "the great sweetener,"  
if you have used CROWN BRAND Syrup only as a  
spread for daily bread or to sweeten girdle cakes or hot  
breads, try it now for baking.
