(2) If the father (or mother, if the father is deceased) of any person who is eligible to make a homestead entry under the provisions of this Act, resides upon a farm in the vicinity of the land entered for by such person as a homestead, the requirements of this Act as to residence prior to obtaining patent may be satisfied by such person residing with the father or mother.

(3) If a settler was entitled to and has obtained entry for a second homestead, the requirements of this Act as to residence prior to obtaining patent may be satisfied by residence upon the first homestead, if the second homestead is in the vicinity of the first homestead.

(4) If the settler has his permanent residence upon farming land owned by him in the vicinity of his homestead, the requirements of this Act as to residence may be satisfied by residence upon the said land.

The little scuttle shows how little coal is needed by the Happy Thought compared with others.

Here's a chance to see the "reason why" a Happy Thought is the best cooking range before you buy it. The more heating surface, the less time required to do the cooking—and—the less time the less fuel. The corrugated oven-lining is as quickly heated through as an ordinary flat lining and gives one-third more surface for radiating heat.

The corrugated oven-lining is an exclusive feature of Buck's Happy Thought Range and is the only one which gives hot air free access to top, sides and bottom of the dish. These Happy Thought ovens will not warp or crack. The only stove that will suit you in every way is the
