You are under no more obligations than if you called at a book-store. You should examine this work before you decide to buy ANY history. We want you to compare them with any other books you ever saw. We have no agents or representatives. Entire transaction is by mail. Note that in this announcement we name our price plainly.

The Universal is the Life Story of the Human Race, from the earliest dawn of history right down to the present day. You live with the pyramid-builders of far-off mystic Egypt, cross the Rubicon with Caesar's mighty, never-conquered cohorts, and fight again with them the battles that have changed the destiny of nations. All "the glory that was Greece and the grandeur that was Rome" are spread before you. You can know the great men and the warriors of all the ages, the colossal world figures of all times, as you know the rulers and statesmen of the present day. Mail the coupon now—today. History fixes ambition. It broadens the mind. This is the one true, late, accurate and readable history. One-quarter of a million readers constantly refer to it and quote it with confidence.

The Late Ex-President Cleveland said: "I am sure this history will find an important place among the publications intended to give wider familiarity with historical literature."

Dr. Frank W. Gunsaulus, President of Armour Institute of Technology says: "It is a work of rare genius. Its thought is clear and vigorous. Its English pure and elegant."
