Red Cross and Patriotic Association

The tea held at Hotel Quinte on Thursday afternoon in aid of the Red Cross and Patriotic Association was a great success, forty-five dollars being realized. Three convalescers of the Rainbow Cruises—Mrs. Seymour, Mrs. Clarke and Mrs. Roberts, were hostesses, assisted by the ladies of their circles. The President of the Association, Mrs. Lazier, was presented with a check for one hundred dollars by Mrs. Rogers, proceeds of the tickets sold on the lunch cloth which was drawn for at the tea and won by Mrs. J. P. Thomas, the lucky number being 167. The Association is deeply grateful to Mrs. Rogers for this splendid addition to its finances. The Association has received since the last meeting \$68.50 from Colonel Stewart on behalf of Camp Rob Roy, Scots of Scotland, the proceeds of their concert on St. Andrew's night, for which the Association is greatly obliged. The Association desires to make special mention of the generous contributions sent to the president, Mrs. Lazier, by Dr. Arthur R. Elliott of Chicago, and Mrs. and Miss Elliot of Venice, California, of \$25 each.

Running Nose Colds Cured

Sneezing Stopped Instantly. The worst of a cold is how suddenly it comes. No time to hurry to the drug store, croup develops, the lungs are affected, the throat becomes inflamed and it's too late. Keep your hands on hand—it kills colds instantly. Something magical about the way it cures catarrh and bronchitis. Catarrh is the best remedy because it cures in nature's way. It soothes and restores permanently. Carry a Catarrhine inhaler in your pocket, use it occasionally and you'll never catch cold—that's worth remembering.

Ye Editor at Tweed

Mr. J. O. Henry, editor of the Belleville 'Ontario', who is publishing in his paper a series of articles on the local option measure in towns and villages where it has been adopted, was in town on Tuesday gathering data from our business men regarding conditions in Tweed since its introduction here. The question is treated by the 'Ontario' in a most impartial and unprejudiced manner, giving the likes and dislikes of the people as stated to the representative, who, regardless of his personal convictions, places the matter before the public as it is viewed from the different angles. The articles thus far have provided interesting reading and no doubt are pursued with keen interest by the ratepayers of the City of the Bay where a vote is to be taken on the question at the approaching municipal elections.—Advocate.

Often what appear to be the most trivial occurrences of life prove to be coughs with Bickel's Anti-Croup Syrup, the recognized remedy for all affections of the throat and lungs, is entering. Drive out colds and the most momentous. Many are distressed to regard a cold as a slight ailment, deserving of little consideration, and this neglect often results in most serious ailments entailing years

Another Officer Honored

Upon learning of the appointment of Lt-Col. H. B. Putnam to the regimental staff of the 80th Bnlt., C.E.F., Belleville, a number of friends and neighbors, with well filled baskets packed up the car and drove to the following address and spent— To Lt-Col. Putnam, Dear Sir, — Having learned that your offer of service to our King and Country has been accepted and that the call of duty necessitates your immediate departure from our midst, a few of your many friends have gathered in your home tonight to say that we have for you the very highest respect and the warmest Christian love. Having known you from your earliest manhood, and having been brought into close association with you both in social and church work, we have found you a great and kind man, and very much. Nevertheless, we feel it an honor that one from our section is prepared and willing to go forth and battle for the right. We commit you to the way of duty and the Providence of Heaven, knowing that men like you will courageously and successfully uphold the best traditions of the British race, and that the flag of Liberty will never be rent while such men are willing to rally to its defence. And now, dear friend, kindly accept this wrist watch as a slight token of our pleasant memories and present high regard. May God be with you till we meet again. Signed on behalf of the community.

Gave Fine Address

Conf. R. D. Ponton Spoke Before Cadets at Royal Military College. The story of his experiences at the front, was told by Capt. R. D. Ponton, Belleville, before the cadets of the Royal Military College, and his address was very highly appreciated. Capt. Ponton, in a very interesting manner, traced his movements from Valcartier, Salisbury Plain and thence to the front in France, telling of his experiences in the battle of Neuve Chapelle, Langemarck and other engagements. After the lecture, Capt. Ponton exhibited a number of maps, and pointed out to the cadets the movements of the Second Battalion, with which he was engaged. He also answered many questions dealing with work at the front, and as a result of his visit to the college, the cadets gleaned very much information of a valuable character. Quite a large number of citizens were also present and enjoyed the address.

A South Bay Boy Who is Comfortable in Belgium

Lieut. G. A. Rose, of South Bay, sends home a sketch of his tent in which he and an English officer make themselves comfortable in Belgium. It is sandbagged around the base and has a wooden porch and a stove. Inside a little bath-house has been built near the tent (to wash in when it is wet, the English officer says). The walls are made of oak staves, and the roof is made of a piece of sheet zinc from a ruined house, and the other half is a rubber ground sheet, outside they are lined with canvas, with a piece of lead piping running from the bottom through the tent to a tap. The servant puts two or three buckets of water a day into the barrel and cold water can be had when wanted by turning the tap. The tent came from a place where they go for bricks and timber." says Lieut. Rose. The sketch which was the location of every article in the tent—beds, stoves, tables, chairs, boots, clothes, etc. Lieut. Rose's present address in full is Lieut. G. A. Rose, A. V. Christmas Market

(From Saturday's Daily.) Christmas market without the liveliest and brightest scene and amply weather, but with the dampening effect of slush under foot manifested all its old time vigor, but crowded high prices, and fine array of goods. The rural population was up earlier than last year, for upon Belleville market before nine o'clock. Civilians also made a special effort to reach market square a little before some body else. So everybody brought their dollars to the market time. From nine o'clock until noon it was a strenuous time for buyers and sellers. More offers were made for fine birds and more turned down. More elaborate descriptions of the poultry were given than at any market since December, 1914.

A rather unusual event was the large outside market. Generally at Yuletide there is a mere appendage to the city market, but this time note of the rural butchers seemed to have slaughtered all the spare cattle and hogs in the country for the market walks were lined with salesmen of beef and pork. Beef was selling at 10c and some at 11c. Pork was selling at 12c and some at 13c. Hogs brought eleven dollars per cwt. and cut up pork was retailed at 16c to 18c per pound. In spite of the heavy rain, the offerings, business in meats was brisk, perhaps because of the high flight in poultry.

Apples many of them tempting to the taste were sold at \$1 per bushel upwards. Potatoes were varied in price today it was something like the supply was certainly not small. Onions, turnips, cabbages were plentiful, turnips bringing 50c per bag with good demand.

A sure sign of Christmas was the load of fine trees which had been cut in Sidney by a well known peddler. These he was selling at reasonable prices and delivering them about town.

A turkey or two would taste half as sweet with some sage and savory were no mean articles today. The usual price of 50c per bunch was asked.

The haymen certainly had high notions. Eighteen dollars a ton, a fair figure, but one aviator flew his kite at \$20 per ton. His kite stayed on the square for a while. Baled hay is firmer as stealer, today, west retailing on the market at 90c bushel; 90c is the top wholesale price for good mill'nax variety. Buckwheat sold at 75c and oats at 35c to 40c.

THAT XMAS POULTRY.

The interior market was jammed with the crowds seeking to buy poultry. New market had been placed to accommodate the extra demands for space and these were none too large for the supply of plump poultry, which was brought to town. Such a thing to meet with in the aisles is met with only once a year. Getting a heavy basket in the ribs and being heated for the space of five minutes were nothing unusual. By 11 o'clock even the atmosphere became crowded the window air surrounding everything and everything. But still the business of pricing, quoting, haggling, buying went on.

"What do you want a pound for this turkey?" "I'm not for sale by the pound" "How much for the goose?" "Two dollars." "By the pound I mean?" "Twenty cents." So on went. But birds were sold just the same. At nine o'clock people began to appear on Front street carrying home the well fed goose or turkey.

Fishes were firm. There has been a large quantity of sturgeon shipped out and this year they did not thrive very well. So turkey quotations were steady. Smallest of birds brought two dollars and fifty cents, while fair sized ones 3.50 to 4.50. Buyers were paying for rough dressed 20c to 21c lb. Geese showed the same unrelenting tendency. Buyers quoted them at 12c to 14c per pound but the two dollar variety on the market brought much higher prices than 15c per pound. Some smaller birds brought 1.75 the lowest figure.

Little hawks were also struck with the same movement. Wholesters held out offers of 14c to 15c. The farmers were asked 80c to \$1 for fair sized specimens. Butter fluctuated between 30c and 35c. Eggs held steady at 10c. Beans sold at \$3.50 per bushel.

Revive the Jaded Condition.—When energy flags and the cares of business become irksome; when the whole system is out of sorts and there is general depression, try Parmelee's Vegetable Pills. They will regulate the action of a deranged stomach and disordered liver, and make you feel like a new man. No one need suffer a day from debilitated digestion when so simple and effective a pill can be got at any drug store.

Local Singer Wins Praise

The Peterborough Review in Monday's issue contained the following references to Mrs. Wilnot of this city: "Mrs. Wilnot of Belleville is in the city, a guest at the home of Mr. T. Evans Bradburn. The offertory number at Evening in St. John's Church was very kindly given by Mrs. Wilnot, of Belleville, who has been visiting in the city the past week. The number selected was Francis Alikens' 'The Lord is My Light' and Mrs. Wilnot's beautiful voice gave out a delightfully impressive rendering. Some years ago Mrs. Wilnot sang the air from Haydn's Creation, 'With Verdure Glad,' in St. John's and the pleasing memories of the performance have not faded with the years."

Under the patronage of the Women's Art Association, a very pleasing program of Christmas music was held today at the home of Miss Ada Richardson, an especial charm of her singing, is her very clear enunciation; Miss Ida Sanderson, and Mrs. Wilnot of Belleville, also delighted the audience and were heartily enjoyed.

Asquith's Burden.

Sir F. E. Smith Defend Prime Minister From Attack. Sir F. E. Smith, the new Attorney-General, has paid this high compliment to the Prime Minister. He said: "The Globe said this of the Prime Minister: 'It will not do for him to attempt to find cover for his Government behind the rampart of the dead.'"

"In other words," it is said that Mr. Asquith is attempting to cover up the delinquencies of his Government behind the rampart of those who have died for this country.

"Whether you agree with him, I do not know, but I do not admit whether you admire or do not admire his public record, he is at least a man who has grown grey in the public service, and who has contributed three brilliant sons to the trenches of the war/ars—to the trenches of two of whom have already been wounded, and all three of whom are serving in infantry battalions. He is a man who is to-day bearing a burden of responsibility the like of which has never fallen upon the shoulders of any English statesman in all the history of this country."

William Lucas Not Guilty

In County Court yesterday William Lucas was tried before Judge Deane and jury on a charge of having stolen a fowl the property of John Burke. As a result of the trial Lucas was found not guilty. Mr. F. E. O'Flynn defended, while Lt-Col. W. Ponton, K.C. appeared as prosecutor.

Adjourned Meeting of Curling Club

At the adjourned meeting of the Belleville Curling Club last evening held at the club quarters on George Street, the treasurer's report was read and adopted. Last year the club had 95 members and collected \$672 in fees. This was supplemented by the fees of the Ladies' Curling Club of \$50. The balance a year ago was \$49.85. This year's balance is \$67.59. Prospects are bright for a prosperous season. It is expected that the ice will be ready by the middle of next week.

Dr. M. J. Clarke was elected a member of the management committee succeeding Major A. P. Allen, whose military duties will occupy his time and who has accordingly resigned from the committee.

Successful Tea.

The W. M. S. of Bayside held a very successful Japanese Tea at the home of Mrs. D. Gunn, Bayside on Friday evening, Dec. 10th, 1915. The Tea Room was tastefully decorated in yellow and white, and yellow and white mums adorned the table. Japanese china being used. Two young ladies dressed in Japanese costume attended to the wants of the inner man and saw that everyone had plenty of tea and good things to eat; they were Miss Marie Brown and Miss Queens Garden. The Candy booth was in charge of Miss Anne Lott also becomingly dressed in Japanese costume and she dispensed sweets to the young people during the evening. A good programme was rendered during the evening, the pastor, Rev. F. John, acting as chairman. Those taking part were Manning Bros. Instrumental, a reading by Mrs. Benson, Bonisteel, a chorus given very sweetly by four little girls, Miss Lotie Brown, Nellie Pinkie, Myrtle Gunn, Helen Bonisteel. Our worthy president gave a few kind remarks which were very much enjoyed by all, by request the Manning Bros. gave instrumental Mocking Bird, which was very much enjoyed by all, a recitation by Mrs. F. A. Gardner entitled "A Woman's Answer to a Man's Question." A song by Mr. Oliver Mannings, last but not least a solo by Miss Winnie Gunn which was enjoyed by Miss Gunn singing in her usual good style. Bayside is fortunate indeed in having such a sweet singer. After singing God Save the King the meeting broke up, all declaring they had had a delightful evening, all voted Mrs. Gunn an ideal hostess.

Proceeds ideal hostess.

A United Meeting Of Charities.

Last evening at the St. Thomas Parish House, a most interesting meeting was held for the purpose of comparing lists before the distribution of Christmas Charity. Representatives from every denomination were in attendance. Through the ship of management Mr. Smith was responsible for the report of all present. However Mr. Smith will be called on and then all will be complete.

To prevent overlapping was the chief cause of the meeting, and revelations of a colossal nature were in evidence. Names were eliminated belonging to the Patriotic Society and more interesting still, names duplicated were given in charge of one denomination or organization only. Campaigns were discussed and measures were also discussed to compete with the said causes.

The meeting was of such importance that those present organized to meet the first Thursday in every month at the parish house which was kindly offered by Mr. Beamish.

Mrs. Holmes who is an adept on case investigation and also for the necessary information regarding tax cases, was appointed president of this Associated Charities. Miss Amelia Lazier is the secretary because of that position as stenographer.

It is the hope of the organization that the ministers of every church will meet with the various organizations the first of every month. Those present last night were as follows: Rev. Canon Beamish, Church of England; Mrs. Holmes, Indigent; Mrs. Currie, Presbyterian; Mrs. Sharpe and Mrs. Crinton, of the Tabernacle; Mrs. Lazier, "Y's"; Dr. Bleasdale, Church of England; Capt. Ruston, Salvation Army; Mrs. Hughes of St. Michael's sent her message of co-operation.

Mrs. Bradley Bridge St. Church and all districts. Before the baskets will be packed the Associated Charities is again going to compare lists in case of any overlapping.

Anyone wishing to contribute money or provisions kindly send to Mrs. Bradley 190 William St. or phone 649. This is a wonderful headway in the preventing of paupers and outdoor professional beggars. No one but worthy people can get help with this method.

County Court

In the county court, Harry and William Murphy charged with assaulting their sister Elva Grace Aseline in September last, re-elected trial by the county judge and owing to the fact that there is a civil suit pending between the parties over the disposition of chattels, this was allowed. The case will be tried on Jan. 5th, 1916.

The reason that Lee How's trial on a charge of theft of a letter has been changed from trial by Judge and Jury at the sessions to trial by the county judge on Jan. 31st is that a civil action between the complainant and the defendant will be heard before that date.

Enlists As Private

Rev. J. P. McInnes, of Onemee and Mount Pleasant Presbyterian Congregations, has enlisted as a private in the 109th Battalion of Victoria and Haliburton. He will remain in charge of the congregation until his departure for the front, when he will be given leave of absence by the church until his return. Mr. McInnes' is making great sacrifices to answer his country's call. Mr. McInnes was formerly of Foxboro.

New Steamship Records Made By G. T. P. Boats.

WINNIPEG, Dec. 17.—According to information received at Grand Trunk Pacific headquarters today, the G.T.P. steamships operating in the North Pacific Coast waters have covered over eight thousand miles during the season of 1915. This is considered one of the most remarkable records in the coast-wise trade. Running between Prince Rupert and Seattle the steamship "Prince Rupert" between June 6th and November 4th, steamed 40,717 miles, almost twice the distance round the world. Her sister ship the "Prince George" covered 40,840 miles. The average distance run per day by these vessels was 395.86 miles and the average speed per hour 16.49 knots. In order to keep their schedules these steamships often steam over 18 knots, reeling off better than 400 miles in a day. The steamships were timed to arrive at Seattle at 6.30 a.m. and 4.00 p.m. respectively. The average arrivals were at 6.24 a.m. and 3.50 p.m. respectively—equal to any railway schedule. Travel between North Pacific Coast points remains fairly good and service is to be maintained between the transcontinental trains of the company at Prince Rupert and the cities of Victoria, Vancouver and Seattle throughout the winter.

Twin Brothers In 155th Batt. Mrs. Miriam Foster, Hillier, has twin sons, eighteen years of age, who have enlisted in the 155th Battalion. They are members of the squad at Wellington, where they are drilling. It is a most unusual event for twin brothers to be members of the same military unit. They are well built youths.

Hockey Team Had Work Out

The Belleville Intermediate Hockey team was on the ice at the arena last evening for the first practice and work-out of the season. The men were out in fine force and many spectators watched with deep interest their play.

Auto and Horse Case in Court

Judge Fraeek this morning presided at the County Court and General Sessions. The case in question was that of Fred LaBelle vs Alex Smith, Mr. A. A. Abbott, K.C. for plaintiff; F. E. O'Flynn for defendant.

Mr. Abbott outlined to the jury the plaintiff's claim. On Sunday, March 21st, Mr. LaBelle was driving on Dundas street, Trenton when a car owned by Smith but driven by his brother came along. In passing the car caught the front wheel of the plaintiff's buggy, causing it to upset and be smashed. Mr. LaBelle's nose was broken. The horse ran away out on to the ice in the Trent river and into the water where it remained for an hour. The horse was so frightened that the owner had to sell it to a farmer. Claim is made for \$500.

Soldiers Mishap With Horse

Yesterday afternoon two soldiers who had hired a horse from Mr. Wesley Post's livery were driving on Albert street. The horse got frightened and the soldiers were thrown out of the cutter, the animal getting away. They caught him however and apparently fearing to go back and be made to put up for the damage to the cutter, they handed the horse over to Post's livery. The boys, J. Hunter and H. Weese brought it to the police station. The officers had it returned to Mr. Post.

Laid To Rest

The funeral of the late Mrs. J. P. Phillips took place yesterday afternoon on the arrival of the C.P.R. train from Toronto. The remains were met at the station by many friends of the deceased. The cortege proceeded to Belleville cemetery where the Rev. Canon Beamish of St. Thomas' church conducted the last sad rites. Interment was in the family plot. Many beautiful floral tributes accompanied the remains from Toronto. The bearers were Messrs. G. M. Clark, H. Tannahill, J. Murray, H. Sneyd, Arthur Jones and J. W. Evans.
