

OUR THEATRES

THE NICKEL

There is a powerful social dramatic offering in four parts by the Edison players entitled "The Ring of the Borgias" at the Nickel theatre today. Margaret Prussing, Augustus Phillips, Richard Tucker and Carlton King are featured. There is also a thrilling detective story—"Over Secret Wires" produced in two parts by the Kay-Dee artists. Thomas Chatterton is in the leading role. The comedy is by the Vitagraph Co—"The Faith of Sonny Jim". Bert Stanley will sing another comic song. The children are reminded of the big bumper matinee to-morrow afternoon when extra pictures will be shown. The little ones should go early to spend a pleasant afternoon.

THE CRESCENT

G. M. Anderson, Broncho Billy, is on deck at the Crescent Picture Palace to-day in "Broncho Billy's Love Affair" an Essanay Western drama. "Love's Enduring Flame" is a great two reel Biograph feature with Claire McDowell and Alan Hale, supported with a strong Biograph cast. "Ver-non Howe Bailey's Sketch Book" showing the principal buildings and streets in greater New York. "Camping out at the Canadian Rockies" is a scenic picture. "Blaming the Duck" is a fine Lubig comedy with Billie Reeves, the celebrated London music hall comedian. Professor McCarthy has arranged a new program of music for this big show. Send the children to the big matinee to-morrow afternoon. The Crescent staff will look after them.

SACRED HEART TRIDUUM

The past three evenings a Triduum in honor of the Sacred Heart has been conducted in the Cathedral and St. Patrick's. Each evening large and devout congregations attended and after eloquent and instructive addresses by the clergy Benediction of the Blessed Sacrament was imparted. Each morning the masses were attended by large congregations and many received Holy Communion.

ACCIDENT TO STEAM ROLLER

Yesterday as the steam roller was at work on Henry Street its weight caused a subsidence of the street surface and the heavy machine sunk several feet in the ground. It very nearly turned over and it had done so the engineer in charge must have been killed.

Pat, Again.

An Irishman walked into one of the public offices the other day and from the noise it was plain that he was wearing a pair of new shoes of ones that had recently been repaired. One of the clerks remarked about the shoes, and the Irishman said: "I came pretty near selling those shoes the other day. 'How was that?' asked the clerk. 'I had 'em half-sold,' said the other, dryly, as he walked out of the office.

Presentation to Rev. A.G.C. Stamp

Last night the congregation of St. Michael's Church presented their retiring pastor Rev. A. G. C. Stamp, who will shortly return to England, with a beautiful caribou head and a seal mat as tokens of their esteem and appreciation of his services. A meeting was held in the Church lecture room at which Rev. Cancn/White presided and was attended by the Lord Bishop, Rev. G. N. Field, Rev. J. Brinton and many parishioners. After an address, in a happy vein, by the Chairman, the following beautifully illuminated address was read: To the Rev. A. G. C. Stamp, M.A. Priest in charge, St. Michael and All Angels Mission: Rev. and Dear Sir:—

On behalf of the people of Saint Michael's congregation, we beg to tender you our deep regret that you are so soon to depart from among us. During the three years in which you have ministered to us you have become endeared to us by many ties, both personal and spiritual. We ask your acceptance of the accompanying gift as a small memento of our esteem and goodwill, and a future reminder of your work in Newfoundland.

Asking your prayers before the altar of God, and wishing you "Good Luck in the Name of the Lord."

We are, yours very sincerely,
W. CHARLES WHITE, Rector.
ABRAHAM SNOW,
JAMES M. CARBERRY,
Churchwardens.

Rev. Mr. Stamp who was visibly affected over this testimony of the regard of those to whom he ministered heartily thanked the kind donors. Excellent speeches were delivered by His Lordship the Bishop, Rev. Canon Field and others, after which the ladies of the Committee served tea and the meeting closed with the hearty singing of the National Anthem.

NEW STEAMSHIP SERVICE.

(Halifax Chronicle) Mr. Saunders, Secretary of the Board of Trade, is in receipt of a letter from a Toronto concern who propose to put on a steamship service to run between Montreal, Quebec, St. John's, Nfld., P. E. Island and Nova Scotia ports and ask guarantees from the merchants in the different places of shipments of freight. The company proposes a weekly service by steamers each capable of accommodating 130 first class passengers and 2,000 tons of cargo. Sydney is mentioned as a port of call, but it is not definitely stated that the steamers will come to Halifax, and Mr. Saunders has written for information on that point.

SQUID BEING CAUGHT

Not often before in the annals of the fishery has squid been seen to strike in as early as it has this year, and with the caplin. Squids were jigged yesterday in the harbor and many were taken in the dry dock after the Sagona went on and the basin was pumped out. Old timers say that this is a portrait of a splendid fishery for when years ago a similar phenomenon occurred a record fishery resulted.

FROM PRIVATE KEAN.

Capt. P. Kean of the Western Fire Station had a letter from his son, Pte. Geo. Kean, a veteran of Gallipoli, on yesterday. George, with others of the Regiment is now in Ayr and is feeling in good trim after recuperating from his pretty severe experiences at Gallipoli. He says the boys at Ayr will soon leave for France and that before he came on here he had the pleasure of seeing Capt. G. T. Carly. All the boys are well, and Pte. Kean wishes to be remembered to friends here.

OBITUARY

MR. JAMES HUNT.

It is with great regret we record to-day the demise of Mr. James Hunt, butcher, at the age of 62 years. The deceased had for over 40 years been in the butchering business, for many years of late with Mr. Wm. Campbell and also for a lengthy period with his predecessor, Mr. Duder. Kindly and courteous by temperament Mr. Hunt had the esteem and regard of the many customers who deal with Mr. Campbell. Some 14 months ago Mr. Hunt was stricken with the illness which terminated fatally yesterday. Deceased was a native of this city and was a respected member of the Sons of England Society. He leaves to mourn him, a widow, daughter of the late Head Const. McBay; and four daughters and one son. Mr. Gerald Hunt of Steer Bros' drapery, to whom *The Mail and Advocate* tenders its sincere sympathy.

SAINTS MAKE POOR SHOWING

Collegians Win in Last Night's Game by 4 to 0—A Fairly Good Game—Collegians Play all Round Scotchmen and Show Big Improvement on Their Opening Game

Before a fair gathering of spectators, but under none too good weather conditions, the Collegians and the Saints l'nd up to battle for points last evening.

Much interest was taken in the game, as it was generally thought a good, fast game would be the result. Whilst not up to expectations, the game was nevertheless a good one, and the Collegians, who suffered such a crushing defeat at the hands of the Terra Novas, came back in fine style. Their new line was largely responsible for their victory. Barrett was tender in his old place in the back division, while Joffie done duty in the forward line where he played a rattling game.

Play opened at 7.10, with the Saints defending the Eastern goal. Play was fairly evenly divided for the first ten minutes, but the pressure of the Collegians was soon evident, and it was not long before Macklin scored the first goal. This was quickly followed by three others, which were placed behind Ewing by Quick and Ellis. The Saints were unable to find the net once and the only try for goal in their favor was made by Heath, the Collegian full back, who in trying to clear his goal, barely missed beating Rabbits. Fred was on the alert however, and proved he was able to look after his end of the job. On changing ends no scoring was done in the second half. The Collegians had the best of play all through. Bartlett made some pretty tries for goal, which barely missed finding the mark. Mr. T. R. Jackman was referee, and the players were:

SAINTS—L. Ewing, goal; Pearce, Barnes, backs; Kerr, Burns, Foster, halves; Elton, Reid, Bastow, Ewing, Auchinleck, forwards.
COLLEGIANS—Rabbitts, goal; Heath, Barrett, backs; Quick, Barnes, Drover, halves; Bartlett, Ellis, Macklin, Joffie, Coultas, forwards.

Notes on the Game.
The Collegians came back in fine style. They had the best of play right through and will prove formidable opponents to championship seekers.

Charlie Quick played one of his old-time games last night. His rushes were a feature of the game. "Quickie" is still as young as the smallest of 'em. Bartlett, Macklin, Coultas, Joffie and Ellis are a fast five. They played some clever combination last night, which was in no small measure accountable for their team victory. Macklin, for a new comer, is a good "little man."

The Saints made no attempt at combination. They relied on individual play. Their forwards are weak and some changes will have to be made if they expect to get anywhere near the top this season. Barnes and Pierce played a rattling game. Elton is a fast man; but he was watched too close last night to get in any work, and he received no support from his forward.

The game set down for tonight between the St. Bona and Terra Novas is called off owing to weather conditions. Monday night the B.I.S. and Saints will be the contesting teams. A practice which of late has become a nuisance is the act of some of the fans standing on the stand when play is confined to the upper end of the field. There is no need to stand. The seats are not put there for that purpose. If this kind of thing continues the services of a police officer may be needed to adjust matters. It is hardly fair to ladies who attend the games to be compelled to look at the cut of some gents suits instead of the game, which they paid five cents to see. "Sit down, boy, you're rooking the boat."

ATILLA ARRIVES; AN EVENTFUL TRIP

Thos. Murphy, One of Her Seaman was Drowned at Barbados—While on Run to St. John's Gerald Kavanagh Was Swept Overboard—Ship Badly Buffeted and Damaged

The barqtn. "Atilla," Capt. Greene, arrived here to Baine, Johnston & Co. to-day after a voyage, into which has been crowded some unfortunate experiences. She brought a load of molasses to Baine, Johnston & Co. and has been out of the port five months. Coming in the harbor in the thick fog which prevailed this morning the vessel collided with a schooner at anchor near Shea & Co.'s buoy and carried away the top-gallant, fore and royal yards and received other damage, while the schooner with which she collided did not escape unscathed either and narrowly escaped being sunk, we hear.

Thomas Murphy, one of her crew, was drowned from the ship while she was at Barbados and on the run up another fine young seaman was lost in the person of Gerald Kavanagh, son of of fire-constable Cornelius Kavanagh of the Western Fire Station. Poor young Kavanagh was on his first voyage. He was only 21 years of age and stowed away on the vessel when she left here, but being a capable chap was placed on the ships articles. The story told of his drowning is a sad one. At 11 o'clock on the night of the 15th inst in the Gulf Stream he was sent aloft to clew up the royal. It was squally, very dark and a high sea ran, and Kavanagh had not long reached the yard when a fierce gust of wind struck the vessel, when the topmast and yard on which he was, with the stays and gear, went out overboard. Some of the colored crew say they caught a momentary glimpse of the man but they believe he was stunned and in the weather prevailing there was no chance of a rescue.

Mr. Kavanagh has another son, Joseph, in the 1st. Contingent and he went through the Gallipoli campaign and is now at the front in France. The news was broke to Mr. and Mrs. Kavanagh to-day by a friend and they are heart broken as a result of the sad news. We extend to them our sincere sympathy.

The vessel was coming up direct to St. John's in ballast from Bahia but met it very story, had much damage to hull and sails and had to put back to Barbados for repairs. All the crew of Newfoundlanders deserted the vessel except two and negroes shipped in their places. Kavanagh tried to get away from her but was captured by the police and put on board.

Mr. Kavanagh has another son, Joseph, in the 1st. Contingent and he went through the Gallipoli campaign and is now at the front in France. The news was broke to Mr. and Mrs. Kavanagh to-day by a friend and they are heart broken as a result of the sad news. We extend to them our sincere sympathy.
