United States Scarcity of Tidings To Double Taxes From the Front

WASHINGTON, Aug. 12.—Ways and means will be considered at a conference to be held Thursday for raising revenue for the Government to make up for the deficiency in receipts caused by the cut in Customs resulting from the war.

It was decided that a revenue bill shall be passed but the details have not yet been perfected.

While none of the officers charged with framing the legislation will talk and coffee. There is no present intention of increasing the rates of the income tax.

It may be stated on good authority that the proposed war revenue bill will increase the tax on beer from one to two dollars a barrel; that the internal revenue rates on tobacco products will be advanced and that in all probability the internal revenue rates on proprietary articles will be raised.
