French Patrol Harrass Enemy Continually and Take Prisoners Artillery Fighting Very Active

By Courier Leased Wire

Bulletin, Paris, April 14—Noon—Artillery fighting continues with marked intensity in the Champagne the war office announced French patrols were active and brought back prisoners South of St. Quentin there were heavy artillery action

The statement follows:

"South of St. Quentin our artillery continues to bombard the German position. There was no infantry fighting during the night between the Somme and the Oise. Two German surprise attacks were broken up by our fire.

"In the Champagne the artillery fighting was very severe. On this part of the front we made numerous reconnaissances, bringing back prisoners. Near Chappette a German reconnoitering party attempted to reach our lines after violent bombardment was dispersed and driven back to the German trenches."

RETURNED SOLDIERS RAN RIG

Raided Munition Plant Russell Motor Co., in Toronto

Toronto, April 14—Jumping on benches and shell-making machines as if in a charge on the German trenches, half a hundred returned disabled soldiers, with a few from Exhibition Camp, last night raided the munitions factory of the Russell Motor Company at King and Dufferin streets with the object of rounding up the alien enemies employed there. Soldiers went through the great machine shops as they dashed last summer down the communicating trenches of the Tonto on the Somme, and in less than 10 minutes emerged with a score of two of prisoners. City constable military police, mounted officers, a platoon from the Irish Fusiliers Battalion and members of the headquarters staff at Exhibition Camp looked helplessly on. A throng of citizens in Dufferin street cheered the wounded men as they returned from the factory with their captives.

Weather Bulletin

Toronto, April 14—The pressure low all along the Atlantic coast from the Gulf of St. Lawrence to Florida and highest to the westward of the Great Lakes. The weather is mild and showery in Maritime provinces and cold with snow flurries in Ontario and Quebec.
