A PROTEST

The residents of Wellington street are much annoyed over the way the paving and work of putting down the sewer on that street are being proceeded with.

In conversation with a Planet reporter this morning one of the ratepayers on the street made the objection that two men are working on the sewer, while over them is an inspector, drawing \$2.50 per day. Another inspector is deemed necessary to superintend the loading of dirt. He draws the same stipend, the expense being charged up to the street.

Furthermore the residents complain that they cannot obtain the dirt being excavated from the street. It is carried to a distance from in front of people who would gladly take it.

CHARMING MUSKOKA LAKES.

No more delightful region in America for a vacation, among the cedars, palms and balsams. Hundreds of beautiful cottages, and many new hotels have been built within the last few years. If you want boating, canoeing, life and health, go to Muskoka. Low rates from Chatham, good all season. Full information and tickets at Grand Trunk City Office, W. E. Rispin, City Ticket Agent, 115 King street.

TERRIBLE BACK PAINS.

They fairly agonize your life. Something powerful and penetrating is needed. Doctors knew nothing so swift to relieve as Neryline, a strong penetrating liniment made to cure just such pains as yours. Neryline is very concentrated, about four times more powerful than ordinary liniments. In the worst cases Polson's Neryline is extraordinarily good. All muscular pain flees before it. Nearly fifty years in use—a good recommendation, surely.

Don't go to the doctor when you need a thinking cap.
