SUCCESSFUL PICNIC

Held by Sunday Schools at Oak Island on Wednesday

The community picnic held at Oak The community picnic held at Cak Island, near Avonport, on Wednesday last, proved to be one of the most delightful outings and get-together occasions ever enjoyed by the people of Wolfville, It was instituted and organized by the Sunday Schools, representing all denominations, Protestant and Roman Catholic, and was carried out in the true Christian spirit. Between five and six hundred people were present. The citizens were people were present. The citizens were most kind in placing their cars at the disposal of the young people and, with the assistance of a couple of motor trucks, all the Sunday School pupils were comfortably conveyed to and from the grounds. The organization for feeding the people was most complete. The supplies were ample and appetizing and everything possible was done by a committee of energetic and kindly women to give the possible was done by a comment of give the energetic and kindly women to give the children, and in fact all comers, a good Winnipeg and a candidate in the Mantime. A programme of games and sports itoba provincial elections. It is probable time. A programme of games and sports was arranged in advance, and from the moment of arrival to the departure of the last car there was something doing among the young people. Prof. Russell, of the Acadia Memorial Gymnasium, and Scoutmaster Brown, with their assistants, directed the games and also the field and aquatic events. An excellent beach and afternoon tide made the swim-ming a feature of the occasion. No accident or unseemly event occured to visiting his neice, Mrs. Regan. Mr mar the success or to break in upon the Lockwood has been an invalid from rhu harmony of the day. Everyone entered into the picnic spirit and contributed to the prevailing fellowship and good will

There are few communities where such a gathering could be held, and Wolfville C. A. Thomson. should congratulate herself on the com-munity spirt which makes such a day Two or three factors entered into it. First of all, there is the fine fellowship existing between the churches and ministers of the town, which has created an atmosphere of good will. The work and training of the Boy Scouts and Girl Otis Jess and daughter; Mrs. Arthur Guides is beginning to bear fruit. It Jess and Mr, and Mrs. A. Parish and son. contributes to team work, to keen and generous sportsmanship and to a dis diction to that, the public-spirited men and women have so long worked together good that it has become to them a genuine pleasure to spend a day together, It was Oliver Wendell Holmes who said that it was a good thing for a community to come together even to recite the mul-tiplication table, if they had nothing to the triplication table, if they had nouning positive in common, wolfville has much on their annual Picnic at the Experimental in common, and Wednesday's event has Farm on Tuesday. After partaking of a sumptuous dinner, Miss Anaie Stuart Miss Hayden, District gether in unity.

In Closely Contested Game of Base-

One of the best games played in the Valley League series this season occured at Kentville on Monday evening when At Kentville of Monday evening when Kentville defeated Wolfville by the close score of 2 to 1. Two Valley League re-cords are said to have been established by this game. Burrell, pitching for Kentby this game, Burrell, pitching for Kentville, set up what many considered a
record, when he struck out 17 men and
allowed only three hits. Another high
mark was strung up when the terms core mark was strung up when the teams com-pleted the nine innings in one hour

and five minutes.

Brown pitched a good game for Wolfville, striking out eight men, and allowing only four hits. Smiley made two sensational catches in the outfield. Barteau scored Wolfville's lone run in the first inning on a two base hit by Kenney. Kentville scored their two runs in the

SUCCESSFUL BAZAAR AT CANNING

The Mammouth Bazaar, which opened in the Rink, Canning, on Thursday after noon last and closed on Wednesday night was an unqualified success, notwithstanding the down pour of rain which greeter its opening day. About twelve hundred and fifty dollars were received and expenses were very small. Articles for sale, eatables and all home talent in orchestra and drama being contributed free. The net proceeds, Some twelve hundred dollars will be used to liquidate part of the debt on the Rink, for the encouragement of the young folk. Too much praise of the young folk. Too much praise cannot be given to the Women's Institute of Canning, who evolved the scheme, and to their worthy sisters of Canard, Hillaton, Sheffield Mills, Habitant, Kingsport, Medford, Pereaux and Blomidon who donned their aprons and so nobly stood with them in the effort.

It may be be said, no trouble was too great for some of our men and boys in the carrying out of around the great for some of our men and boys in the carrying out of arrangements and their work of practical and artistic dis-position and decoration of booths and whole interior speaks for itself. The fiti-tings are to remain for a time to be used for any public utility, with the thought that the County might need space for an Exhibition,

WOLFVILLE HARBOR TO BE IMPROVED

Government Sets Aside \$12,000 for Dredging Harbon

Mr. E. W. Robinson, M. P., has received the information from the department the information from the department of Public Works, Ottawa, that the sum of twelve thousand dollars has been placed in the supplimentary estimates for the dredging of the harbor here. This sum if properly expended ought to be sufficient to make very considerable improvements in the shipping for the control of the contr facilities at this port and it is hoped the work will be undertaken at once, as it is stated that tenders will be asked for immediately. On the solictation of the Wolf-ville Board of Trade, this undertaking was agreed to last summer by Hon. Mr. MacCurdy, who was at that time minister of Public Works, and the improvements would then have been made if it had been possible to secure a contractor to under-take the work. Had it been done then it would have been a great boon to the apple shippers of this section who would have been thereby enabled to bring vessels here to load for the U. S. markets which last season took a considerable proportion of our crop. In view of the possibility of similar conditions prevailing next autumn it is most desirable that the straightening and deepening of the harbor approach may be proceeded with as soon as is possible. We congratulate our representative on his being able to secure this grant and our town and surrounding and our town and surrounding and the straightening and deepening of the harbor approach may be proceeded with as soon as is possible. PRETTY HOME WEDDING

One of Wolfville's pretty home wedding's took place Wednesday evening at 8.30 o'clock when Miss Hilda Belldean Fielding, daughter of Mr. and Mrs. W. E Fielding, Locust Avenue, became the bride of Mr. George Forbes Willett, of Paynton, Sask.

Among the attractive features of the occasion were rope chains of daisies carried by the bride's girl friends which formed the aisle leading to an arbor of lattice work covered with ferns and daisies. A wealth of roses completed the house

At the dose of the ceremony which was performed by Rev. W. Steadman Smith, an old time friend of the family, and as congratulations were being received a shower of confetti concealed in the arbor trimmings descended on the happy couple.

The bride, who was given away by her

father, was beautiful in a gown of white crepe-de-chine, trimmed with beads of silver and pearl. She wore the conventional veil and carried a magnificent bouquet of roses, carnations, with a shower of sweet peas. The bride and groom were unattended.

Dainty refreshments were served at which time young men friends of the bride's brother did the honors.

The presents included hundreds of lovely and valuable gifts in silver, cut glass, china, linen and cheques, speaking well for the popularity of the bride who is one of Wolfville's best known young

The bride-groom is a graduate of the Manitoba College of Agriculture where he took his degree of B. S. A.

Mr. and Mrs. Willett will tour in Nova Scotia for a couple of weeks before leaving for their home in the West where Mr. Willett is engaged in the grain
