## Railway News

Vancouver.—Three hours after the Queen of the Pacific, Empress of Canada, Capt. A. L. Hiley, had made a graceful landing at G. P. Pier A, section 2, a long train with her valuable silk cargo rolled out of the yards on its way to eastern points. The magnificent ship was tied up about 4 p.m. and a battalion of stevedores got all the silk in the cars and out of the yards at 7 p.m. 24 hours ahead of a similar cargo on board the President Madison, which left Yokohama the same day as the Empress of Canada.

Montreal.—Calls at Belfast on both the eastbound and westbound trips of Canadian Pacific liners sailing between Montreal and Glasgow instead of only on the westbound trips as at present, and more extensive use of Southampton as a port of call for passenger traffic, are innovations planned by the Canadian Pacific Steamships, Limited, for the 1923 season.

The calls at Belfast on eastbound trips are an inauguration of a new passenger service from Canada to Ireland. This service will be maintained by the steamships Metagama, Marburn and Marloch, and will commence with the sailing of the Metagama from Montreal, bound for Belfast and Glasgow, on May 3. This will be the first Canadian Pacific sailing from this port in 1923.

Winnipeg.—With the completion of the Canadian Pacific Railway line from Acme to Drumheller, Alta., last month, five new lines were put into operation along this line, according to Charles Murphy, general manager of western lines.

The coal mined is of excellent quality for domestic use and should remove any danger of coal shortage in the west this winter, Mr. Murphy states. Evidently the farmers of the district are not confronted with the fuel problem. For Mr. Murphy, while travelling through the district, noticed farmers filling their wagons with coal dug up with shovels.

Lethbridge.—Jurisdiction of the Lethbridge division, Alberta district, Canadian Pacific Railway, was extended far inside the western border of Saskatchewan when the Lethbridge operating department of the railway took over on December 11 the operation of the newly constructed portion of the Lethbridge-Weyburn line. The Lethbridge division now extends 72 miles from Lethbridge, Sask., half way between Lethbridge and Weyburn, 122 miles east of Manby, which has been the end of the steel on the west, and the territory of the Lethbridge division now covers 72 miles from Crow's Nest to Shaunavon and from Calgary to the border.

Owen Sound.—Joseph Lee, section foreman on the C. P. R. at Dundalk for seven or eight years, has been appointed section foreman at Orangeville and has moved to that town. Just before his departure from Dundalk Mr. Lee received a cheque for \$25.00 from the C. P. R. representing the amount of the prize offered by the company to the Superintendent having the best kept section on the Bruce division. Six years ago Mr. Lee was the winner of the Roadmaster's prize.

Ottawa.—Ottawa loses a popular citizen, and an able railwayman in Mr. F. P. Tinker, district freight agent for the Canadian Pacific Railway for several years, who has just received a promotion. On the first of the year Mr. Tinker takes up the position of district freight agent for the Canadian Pacific and associated lines in Detroit. These lines include the Canadian Pacific Steamship Co., the Minneapolis, St. Paul and Sault Ste. Marie Railway, the Duluth South Shore and Atlantic Railway and the Spokane International Railway.

Mr. Tinker came to Ottawa on December 1st, 1916, from St. John, N.B. He started railway work on the old New Brunswick Railway on Oct. 7, 1891, and was taken over by the C.P.R. when the company purchased the road and has been with the company ever since.

Mr. C. S. Morse, of Toronto, a well known C.P.R. man, has been transferred to Ottawa to take over Mr. Tinker's duties. Mr. Morse arrived in Ottawa on December 26th.

Chatham, Ont. — "Speed-mania" has again broken loose in the city and unless some strong steps are taken to eliminate this craze it will gain a strong foothold in the city, declared Chief of Police Groves.

A complaint was laid to the police by the C. P. R. to the effect that an automobile going south on William St. at a considerable rate of speed struck one of the north-side gates which had just been lowered for an oncoming train and completely smashed it.

The tower-man, realizing that one of the south gates was liable to be similarly treated by the speeding motorist, raised these gates at a considerable speed, being just quick enough to make a passage for the speeding motorist. The number of the car was secured by one of the local section crew and turned over to the police.

"The driver of the car will be charged with reckless driving," stated the Chief. "It is high time that we take decisive steps to prevent any accidents which can be directly traceable to reckless driving."

## Railway News

Winnipeg.—The principal officers of the Canadian Pacific Railway at Winnipeg entertained Major Wm. Kirkpatrick at dinner at the Royal Alexandra Hotel prior to his departure for Montreal where he assumes the duties of the new office to which he has been promoted as general foreign freight agent in charge of ocean service.

Lethbridge.—The requirements of the Canadian Pacific Railway for men for construction work on the Foremost line, has helped out the labor situation in the city very materially. About 80 men have been placed on this job through the local government bureau, but in spite of this 194 names appear on the idle list.

"Lethbridge is doing better than most of the western cities," said Supt. Thomas Longworth. "We are placing a few men right along, the C. P. R. helping us out greatly."

Lethbridge.—The Lethbridge "Herald" says: "Miss Doris Carter, of Del Bonita, drove into Magrath on November 6, to meet her little cousin who had travelled from Vancouver, in charge of the conductor of the C. P. R." It speaks well for the efficiency of the railway authorities, that a little girl of 11 years of age could travel so far alone in safety. Thanks are also due to the kindness of the Travelers' Aid, who took the child in charge at Calgary and Lethbridge.

Fort William.—That Fort William is rapidly getting into her pre-war stride again was shown by statistics given out to-day by Building Inspector McNamara. Before the year closes, the building permits for the 12 months will have reached \$1,500,000.

Up to November 22 the total value of building permits issued for this year is \$986,485, to which will be added in a few days a permit for the building of another unit to the Canadian Pacific Railway coal dock on Island No. 2, which will run into hundreds of thousands of dollars.

St. John.—Eighteen members of the C. P. R. Investigation Department who are on duty at Sand Point during the winter season have arrived in the city. Others are expected, and with the cessation of port activities at Montreal and the shipment of all remaining freight from warehouses the full detective force will be transferred to this city. The same corps of investigation officials work at Montreal during the summer season and here at the winter port, and as the respective ports gradually open or close the C. P. R. police are transferred as the changing conditions warrant.
