Crossing at the Cape has been good and the boats have been making regular trips. The drifting ice alters the conditions from day to day. CONFIRMATION AT DORCHESTER.—On Friday last, March 16th, the Right Reverend the Lord Bishop of Fredericton confirmed sixteen persons in Dorchester parish. The morning was fine and the church was fairly well filled. The Bishop addressed the candidates both before and after the laying on of hands on the former occasion, in a doctrinal way; and on the latter, in a practical way. Both addresses were very good. The candidates were becomingly attired; the music was well rendered; and all felt the ease and gracefulness that marked the service throughout.

Only a small crowd was in attendance. The evening session was well attended. The following are the officers for the ensuing year: Howard Truman, president; Tingley, vice-pres.; Miss M. Mr. Lucas taught next Sunday's lesson at next parish convention will be held in Point de la Peste. Music was furnished by the choir.

PASCAL HERBERT ARRESTED.—Pascal Herbert, formerly proprietor of the Dominion hotel at Memramcook, but lately engaged in the grocery business in Moncton, was arrested Monday morning charged with incendiarism. Herbert's hotel was burned on the 18th September last and Herbert is charged with being a party to setting the place on fire; the charge being laid by one Roderick Leblanc, at the instance of J. R. Sherry, a Memramcook merchant. It appears that Sherry furnished capital for the building of the hotel, which had been burned once before. The amount furnished by Sherry was about four thousand dollars, to secure which he had an insurance of two thousand on the building, and a bill of sale of the contents. Some suspicion was first raised by the knowledge of the fact that Herbert had fifteen hundred dollars insurance on the contents of the hotel, and five hundred dollars on the contents of the barn. The insurance people refused to pay on account of the suspicious circumstances, and the proceedings are the result of Mr. Sherry's investigations. Herbert was taken before a justice at Calhoun's mills, where the investigation was adjourned till Wednesday, the prisoner in the meantime being sent to jail.

THE ACADEMY AT HOME on Saturday evening last must be regarded as one of the successes of the year. A very large number of students and towns people were present and all apparently enjoyed themselves well. The music by the Moncton orchestra was most enjoyable. The arrangements were perfect. The committee are to be congratulated on the success of the affair.

ISLAND NAVIGATION.—It appears that there is trouble between the P. E. I. Steam Navigation Company and the Dominion government in regard to the amount of subsidy which the former shall receive. In the past \$5,000 per year has been paid but an increase to \$15,000 is now asked. The government refuse to grant the increase and the company who control the service between Summerside and Port de la Chene and Charlottetown and Pictou threaten to send their steamers elsewhere or sell out. It is said that the government are considering a proposition by which a steam ferry will be established between Capes Traverse and Tormentine.

EDWARD BAXTER PERKY, the well known blind-pianist of Boston, the originator and chief representative of the piano-forte Lecture Recitals, and by all odds the greatest pianist in America, has as a personal favour to Prof. London consented to give two concerts in Sackville during the last week in April. People who never before appreciated music have been listening to Mr. Perky become enraptured. The committee have offered in these provinces of having such a celebrated artist, and no doubt many from Amherst, Moncton and other towns will take advantage of the opportunity.

His mother and other relatives came from Amherst Monday morning and were with him to the end. His father is in England. After a short religious service in the parlors of the Academy this morning the remains will be conveyed to Amherst where the funeral will take place on Tuesday.
