Gentlemen:—
The cheque received from you, as a dividend
on my policy with your company, is satisfac-
tory in every respect, and bears out to the full
extent your estimate given me at the time
I made application for my policy.

It must be a fact that the higher rate of in-
terest a company can earn on their investments,
security of course considered, the better re-
turns to the policy holder, and this is proved
by the results obtained by me.

It will be a pleasure to me to recommend the
GREAT-WEST LIFE to intended insurers,
and you are at liberty to publish this letter,
and further, should anyone care to know the
results of my policy, it will not be too much
trouble for me, at any time, to give any private
information, as to the plans of insurance I have
with your company, etc.

Wishing your company every success, I re-
main, Yours respectfully,

REFUSED TO TAKE MEDICINE.

Investigation Being Held Into
Death of a Moncton Woman.

Member of the Holy Ghost and
Us Society.

Premier Tweedie Orders an Inquest
to Be Held—The Circumstances.

MONCTON, May 25.—Acting upon the request of friends, and order of Premier Tweedie, Coroner C. T. Purdy yesterday began an inquiry into the circumstances surrounding the death of Mrs. Mary Selick, wife of Charles Selick, who died under exceptional circumstances Friday night last. Her death is alleged to have been caused by negligent conduct. She and her husband belonged to the Holy Ghost order which recently established a branch in Moncton and were endeavoring to follow out the teachings of this sect. About 10 days ago Mrs. Selick was confined. Dr. Botsford was called in attendance and the patient was well for four or five days, when some slight symptom of fever appeared. The doctor prescribed the usual medicine in such cases, but the patient refused to take it, saying she did not believe in taking medicine. Her husband concurred in her refusal. Both were re-monstrated with by Doctor Botsford, but, positively refusing any medicine, the case was thrown up by the medical attendant, who notified the police magistrate. Mrs. Selick lived only four or five days after, but up to the last stoutly refused to have medical attendance, pinning her faith in divine healing. Deceased has been a member of the Holy Ghost order some months and was one who could not be induced to use human agencies in case of illness.

She was the daughter of Wm. Matthews, of Irishtown, who asked for an inquest, death by negligent conduct either by herself or others. The inquest was begun and the evidence of Doctor Botsford taken. It went to show that the case was not a dangerous one and under usual medical treatment the patient would have lived. The case has created quite a sensation and considerable indignation is expressed. The inquest will be continued. Elder Scott, in charge of the Living God, as it is called here, and conducted services at the funeral of Mrs. Selick, who was buried in Moncton Rural cemetery this afternoon.

If your dealer does not keep Corticelli Silk it is probable because he makes a little more money selling you some other brand. As Corticelli costs YOU no more than poor silk, why don't you try it? Ask for "CORTICELLI"—the Dressmakers' Favorite Spool Silk.
