The Doctors Puzzled.

THE PECULIAR CASE OF A NOVA SCOTIAN LADY.

The Trouble Began in a Swelling of the Big Toe Which Spread to All Parts of the Body - Doctors Could Not Account for the Trouble, and Their Treatment Did Her No Good. From the New Glasgow Enterprise.

Loch Broom is a picturesque farming hamlet situated about three miles from the town of Pictou, N. S. In this hamlet, in a cosy farmhouse live Mr. and Mrs. Hector McKinnon. A few years ago Mrs. McKinnon was taken with a disease that puzzled several doctors who attended her. It was generally known that Mrs. McKinnon owed her ultimate recovery to good health to the use of Dr. Williams' Pink Pills for Pale People, and a reporter of the Enterprise being in the neighborhood called upon the lady and asked her if she had any objection to relating the particulars of her illness and cure.

"Indeed I have not," replied Mrs. McKinnon. "I think that those who are cured owe it to the medicine that brings them back to health, always to say a good word for it. My trouble apparently had no insignificant starting point. It came on with a swelling in the big toe, accompanied by intense pain. Gradually the swelling extended to my limbs and then to my whole body, accompanied by pain which made my life a burden. A doctor was called in but he did not help me. Then another and another until I had four different medical men to see me.

"From the New Glasgow Enterprise. I had under the influence of liquor when last seen going down the wharf. He was a splendid swimmer but it is supposed when he slipped from the ladder he must have struck his head on the curbing of the wharf and was stunned.

That Week Back Can be strengthened and the chronic pain rendered by the use of one of those old English Remedies, Dr. Cook's Penetrating Porous Plasters. Hundreds of testimonials as to their curative qualities have been forwarded unsolicited to the company by persons who have been cured of various ailments.

Derouille on the Stand. PARIS, May 30.—The section of the Court of Cassation engaged in the hearing of the case against MM. Paul Derouille and Marcel Habert, charged with inciting soldiers to insubordination, resumed its sitting at noon. The entry of the defendants elicited shouts of "Vive Derouille." M. Derouille resumed his harangue immediately upon the court being called to order, reiterating, amid applause, his statement to the court on yesterday that he had not desired the establishment of a dynasty, but of a plebeian reply.

That Throbbing Headache Would quickly leave you, if you used Dr. King's New Life Pills. Thousands of sufferers have proved their matchless power to order, restoring, and dispelling, they make pure blood and strong nerves and build up your health. Easy to take. Try them. Only 25 cents. Money back if not cured. Sold by all Druggists.

Forty Injured. ONTARIO, May 30.—Forty people were injured this afternoon in a rear end collision between a Harlem race track special and Forty-eighth street train on the Lake street elevated road. It is believed that any of the injured will die, the most serious injuries as far as reported, being broken limbs. The motor car on the Harlem special lost control of his train as he was nearing the Oakland avenue station, and the motor car with its trailers crashed into the rear of the Forty-eighth street train, which had stopped at the station platform. Several of the cars were splintered, but none of them were thrown from the elevated structure.

Accidentally Drowned. POINT DE CHENE, June 2.—Coroner C. A. Smith held an inquest on the body of James Hamill, which was recovered yesterday morning between the barque Atensjens and the wharf. Hamill was last seen alive on Saturday at twelve o'clock and was somewhat intoxicated. His hat was found near the vessel later in the afternoon. Notwithstanding that several had seen him on the wharf no one had seen him fall, and many of the people of the Point, as well as his own friends, thought he had gone away on a short visit. A few gashes were found on the face, caused by striking the wharf in his descent. Dr. Dennis, of Shediac, performed a post mortem and pronounced death from drowning. The jury rendered their verdict in accordance with the fact, accidental drowning.

The Situation in the East. LONDON, May 30.—The Shanghai correspondent of the Mail says Japan is assuming a threatening attitude toward Russia and is sympathizing with China, while China is determined to resist Italy's seizure of San Sun and any further German encroachments at Shan Tung. The British squadron, it is said, will shortly assemble at Wei Hai Wei.

Disastrous Fire.

HALIFAX, May 31.—The lumber mill at Steviecke owned by Alfred Dickie was destroyed by fire tonight. The conflagration is believed to have been started by a spark from a locomotive of the St. John day express. The coal house, dwelling, blacksmith shop and mill were soon a total loss. The fire spread to a pile of cut lumber of which Mr. Dickie had seven or eight million feet. Of this three millions were pine that had been standing a couple of years. An engine with seven hundred feet of hose has been sent from Halifax to the scene of the fire.

Believed to Have Drowned. JUNE 1.—A despatch from Steviecke at 1.30 this morning says the fire is under control and the damage to the sawn lumber will be smaller than expected. Millions of material are uninjured.

Point de Chene, May 29.—James Hamill disappeared Saturday, and it is thought he has been drowned. He was seen about 2 o'clock on the wharf and afterwards noticed going down the dock towards a vessel lying at the ballast wharf. His hat has been found lying in a pier directly at the foot of the gangway to the vessel. The steward of the vessel says about 2 o'clock he heard a man shouting, and it is now thought Hamill was endeavoring to get on board and slipped from the ladder. Men have been grappling near the vessel all this morning, but with no results. Hamill was a man about 35 years of age, and will be remembered as the man who was arrested for the murder of his brother, Owen Hamill, who was discovered in the coal house at Point de Chene in the fall of 1897. He was under the influence of liquor when last seen going down the wharf. He was a splendid swimmer but it is supposed when he slipped from the ladder he must have struck his head on the curbing of the wharf and was stunned.

That Week Back Can be strengthened and the chronic pain rendered by the use of one of those old English Remedies, Dr. Cook's Penetrating Porous Plasters. Hundreds of testimonials as to their curative qualities have been forwarded unsolicited to the company by persons who have been cured of various ailments.

Derouille on the Stand. PARIS, May 30.—The section of the Court of Cassation engaged in the hearing of the case against MM. Paul Derouille and Marcel Habert, charged with inciting soldiers to insubordination, resumed its sitting at noon. The entry of the defendants elicited shouts of "Vive Derouille." M. Derouille resumed his harangue immediately upon the court being called to order, reiterating, amid applause, his statement to the court on yesterday that he had not desired the establishment of a dynasty, but of a plebeian reply.

Are You Still in Suffering and Misery?

HAVE CONTINUED DISAPPOINTMENTS MADE YOU DESPONDENT?

Paine's Celery Compound Guarantees Safety and Good Health.

There are thousands of well meaning people in our Dominion who are either adding to their burdens of physical suffering, or who are making so little progress in banishing disease from their bodies, that they are continually despondent and miserable.

The people we refer to are the men and women who are placing their confidence in the many advertised pills, tablets, sarsaparillas and nervines that have little or no medicinal value to commend them.

The tens of thousands in Canada who are at present using Paine's Celery Compound for the banishment of blood diseases, nervous affections, rheumatism, neuralgia, dyspepsia, liver and kidney complaints, are the wise and prudent.

They have been guided by the advice of relatives, friends and neighbors, who have found new life, health and strength from Paine's Celery Compound.

The continued flow of testimonials from cured people is the strongest proof that Paine's Celery Compound is the only salvation of the sick, the only true friend that never disappoints when disease threatens life.

Are you, dear reader, one of the many dispirited ones, still in the death grasp of some serious ailment? If you are, we would counsel you to throw aside the useless medicines you are now using and give Paine's Celery Compound an honest trial.

The great medicine is a prescription of one of the ablest medical men that ever lived, and is indorsed by the highest practitioners. You must use it if you

Twenty Millions Starving. LONDON, May 28.—Particulars received regarding the famine in Russia confirm the previous harrowing accounts. The members of the Russian aristocracy have at last awakened to a full sense of the gravity of the situation, and money is beginning to flow in on all sides for the relief of the starving monjiks. Unfortunately, charity is almost too late. The census at first prevented the truth from being published by the Russian press. Now the facts are allowed to appear. But the famine spectre is stalking through the land. Some authorities estimate that as many as 20,000,000 peasants are starving.

The Rev. Mr. Francis, pastor of the British-American Church at St. Petersburg, who did much to secure British and American aid during the last famine, appeals to the British public today. He says seven provinces, covering 18,000 square miles, are affected, and that 5,000,000 persons are famished and will need to be fed during the next three months.

The Tractmen's Strike. MONTREAL, May 31.—No developments in the tractmen's strike today. Reports from all along the line show that the sympathy of the public is very much with the strikers, "scabs" being unable to get board.

The strike committee claim that offers of \$2.50 per day to foremen and \$1.50 to men find no response. One hundred and fifty men left Portland this morning for Montreal to take the strikers' place.

KINGSTON, May 31.—A Grand Trunk car containing men sent from Montreal to fill the places of the striking tractmen was attacked by a mob of fifty citizens last night with stones. The "scabs" returned the attack last night with revolvers and a lively light ensued. No one was seriously hurt.

PRINCETON, Ont., May 31.—A number of Italians accompanied by a posse of detectives, who came here yesterday morning to work as "scabs" were not enthusiastically received by the towns-people, who ordered the keeper of the only hotel here to accommodate them. He, however, gave them dinner, tea and lodging. The enraged citizens broke into the hotel and dumped the furniture through the doors and windows into the street and drove the officers out of town.

Spain's Greatest Need. Mr. R. P. Olivia, of Barcelona, Spain, spends his winters at Aiken, S. C. Weak nerves had caused severe pains in the back of his head. On using Electric Bitters, America's greatest blood and nerve remedy, all pain was soon left him. He says this grand medicine is what his country needs. All America knows that it cures liver and kidney troubles, purifies the blood tones up the stomach, strengthens the nerves, puts vim, vigor and new life into every muscle, nerve and organ of the body. If weak, tired or ailing you need it. Every bottle guaranteed, only 50 cents. Sold by all Druggists.
