Huntington denied this, when Tupper he would read the 'poissima wer'an of charge. Huntington was' positive he hadn't cased the Government of any such ten crime as that—compared to which se the contract was a vanial offence—but is how the House seemed to think Tup had the best of the argument. Huntington had his say next. He de laying any competition with I Couleman.	said the meeting is of the opinion that the Fene- non- control will be pushfied in submitting a by-law for \$40,000, to be voted for by the ridle bulled of the second of t	ance of so esteemed a friend of my excellent father." A STAGGERER,—Castom-House Officer: "Now, then, got say thing contraband about ye?" Mate: "Got bout bot? and half brandy; but 'I'll defy ye to take it fro' me?" POLITICAL ECONOMY.—Madge: "What are you looking so sorry about, Arthur;" Arthur; "Mulipication." Madge: "O. Arthur; "Mulipication." Madge: "O. Madge: "O. Arthur;"	che oughtwome militiman was detected the ther day by a grocer whom he had been supplying for a year past, stealing bread by iropping the loaves into empty oans, and confessed to having carried away 1,800 loaves. Augusta has a romance of a long-lost boother, who walked into the photograph is aloon of his brother who wasn't lost at all, and ast for his picture twelve times. Them the arrises grow impatient, and the "sub-	leafiness and a "scrawlingness" of character which indicate as effort on the part of nature to accomplish something. Prioriphate (alone), on the other hand, are not only poor in results, but appear to run to a prematurity of ripening or reproducing effort. "One very marked experiment is to be seen where the ammonia salts are sown in antum cad in apping respectively—the latter tellingness, and the writter drainage carrying of a large perceptage of the autumn sown.	The German Government has issued an order to all principals of elementary schools in Almoe and Lorraine, public and private, probletting them from allowing instruction in the French language. French instruction is henceforth to be limited to the secondary and ligher schools. Mayor Medill, of Chicago, was, the other day, the guest of the lord mayor of London, at a hanguet given by the latter, and replied to the loss to 'The Municipal' Institution.	Chief Justice he addressed with all that easy familiarity which is bred of long travel and acquaintance with Republicain institutions. The substance of his evidence was to the effect that, while in Anstralia, he had made the sequaintance of Arthur Orton, and that he was quite certain the defendant is, not he Arthur Orton, and that he was quite certain the defendant is, not he Arthur Orton was a tail, powerful man of an "amber" or "ginger" appearance, with a billyroat beard. I suppose, my lord "mid Mr. W.—	Captain Reven had represented that from 1865 to 1865 he had been serving on board the good ship Reuthy of Boston. "Do you mean," saked the learned commel, "to say that you were a clerk at Rio from January to August, 1856, when a document under your own hand states you to have been eering on board the Equity from 1853 to 1856 "The wilman, having to choose between two horns of a cilimma, repudiated his applications to the Receiptor of the product of the product of the product of the receipt of the product of the receipt of the	rrights' Arms, West Cewes, and who, as- oroproval of the Royal Engineers, was resident the Malbourne in 1883-5. In July, 1884, Mr. Joodysear travelled by the Comes, a "little team tag that meed to ply up and down delbourne Eay from Sandridge to Williams own; and in her course the Comet. lay to up a large three-masted achoomer, the name if which Mr. Goodysear did not, recelleds, of bout some 300 or 400 tons, and took from her shout seven or elight persons, of	may use detendant sitting at the window. He said, "Hew do you do, Lane" in Spanish. I had not given my name except to Hendriks; but he knew me at once. I recognised his voice immediately. I did not knew him by his person. We had different conversations. I felt for the man. He converted with me in Spanish, just as we used to talk on the Osprey, and also in English. When we got short of Spanish we need English words. The bulk of the conversation.
have never been able to find out what "I" stands for." He said that "the last time he went the Northern Pacific office they would allow him to remain there without a ness." I don't blame them. There are valu bonds and things laying around loose, the furtive proclivities of Grits are torious. "He was not premared to say that the	that member for Provencher: and the Lodge into not with a control of the Lodge takes this opportunity of recording their firm conviction that the Government will wit takes such steps as will prevent so cerions adlarmity and outrage upon the law abiding and and and the Lodge their control of the Lodge takes and outrage upon the law abiding and and the Lodge their control of the Lodge takes and the Lodge	I know all about multiplication " Arthur: "Do you: What's seice ten then T Mage: "O, tocenty-one, of course " Arthur: "No, it's not! It's only tocenty " Madge: "Ah, but everything's ris, you know!" PROGRESS AND ENLIGHTENMENT.—The passion for Railway Pigrimages is likely to spread. Very likely it will [extend from the Papints to the Mahomestans. What do our friends in the city say to the idea of a Mecca Railway? No doubt the Saltan small for	an exchange says —Eather Boyle, of Washington, addressing a school on the sub- ject of Easter celebration, a young miss saked him: "Eather Boyle, what is the origin of Easter eggs!" A hen, no doubt, miss," replied the Father quietly. General Custar was a listener recently Duluth to a lecture on how to save it at Duluth to a lecture on how to save it he diana. He admitted that the lecturer's do- trines were good for the interior of a shoot- trines were good for the interior of a shoot-	(This is proved by analysis of the water from the drains.) "This has led to a series of more recent at periments with a view to economy in the us of expensive nitrogenous manures. Some experiments are in progress in which a given quantity of nitrate of social generally at the rate of one cwt. per acro) has, by means of plaster of Paris and other substances, been made to athere to the seed, forming a cost ing upon it. Experiments in note.	of America. In the course of his speech be took occasion to thank England for the assistance rendered Chicago after the fire. It having been made known to the Engreror William that a nice by marriage of Besthoven is at present living at Visuns in great destitution, he has ordered that during the lifetime five per cent. of the proceeds from the performance of Seethoven's "Histories of the proceeds are the second of the control of the proceeds of the performance of Seethoven's "Histories of the performance of the performance of Seethoven's "Histories of the performance of the performance of Seethoven's "Histories of the performance of	turning to the Lord Chief Justice, to explain what he had meast by an "amber appearance." I suppose you've heard of a "whitewashed Xankee?" "I never have, I assure you," was the grave reply; after which his lordship read from his notes "He had a billygoat beard, like a whitewashed Yankee." Cheerful little passages such as this were the staple of Mr. Ward's ovidence, and were, of course, in each case followers by the now conventional "roave of laws."	contained in it, he unbesitatingly swore, were false. He had not been on board the Equity is he had been at Rio. He did not join the Equity is he had been at Rio. He did not join the Equity till September, 1854. He had wished to get a certificate as mater, and he lited made false statements to obtain it, and unon those false statements in the lad got his certificate. And so down sat Mr. Hawkins. For a moment it seemed doubtful whether Dr. Kennaly would come and seemed the lad to	whom one was dressed like a landsman, the set like sailors. Now it is a rule of English evidence that no witness may repeat what he has heard my person, other than "a party to the ne- lon," say. A policeman, for instance, may not say in evidence, "A boy ran up to me and a say in evidence, "A boy ran up to me has a land of the land of the pro- lated of the pro- person of t	when the parties of the property of the property of the parties of the property of the propert
position might not become as bad as the seasy Administration if if came into por Whileh was quite candid of Hunting things at variance with the belief in purity, which is the cardinal doctrine of the cardinal doctrine.	pre- pre- pre- pre- pre- pre- pre- pre-	a consideration, readily grant the necessary concession to any speculation, who would then only need the ability to enforce it. ALL ADOAUN.—Mrs. Malaprop has a nephew who is a great traveller, and is now at Roma. His sunt informs us that when last she heard from him he was abooting in the Tensine Marshes. A PROVENTED INFROVENCE.—The present system of encores at Concerts, Ora-	but insisted that a man could not practice them upon the plains and save his hair. An exchange says: "The immense doorplates worn by the ladies on their belts might be utilized by engraving thereon the wester's name, age, residence, fortune or expectations, and stating whether heart free or engaged. It would save some gentlemen she trouble of making inquiries." The New York Daily Graphic gave the	watered and kepf in a greenhouse, showed that burley so costed germinated well, an gave strong and healthy plants, but owin to the wetness of the weather previously, the consequent lateness of sowing, and to the scarcity of rain since, the costed seeds sow in the finds have not cone up regularly, as it remains to be seen whether the result was the seed of the seed, which might result of an open seed of the seed	"A pamphlet," says the Opinion Nationale, "By M. Guisot, entitled Pusion, is in the press. The work consists of thirty-eight pages, and its conclusion is to prove the messasity for the country to proceed imme- distally with the foundation of the Mon- market with the Mon- market wit	ter." Much, however, that the ex-Australian had to tell the jury was for those who are interested in "the Australian part of the case," psculiarly valuable. Mr. Ward had seen Arthur Orton pick up a six-spece at a full gallop—a common Chilian feet,—he had been a mate of the luckless Ballarsa Harry in had seen and he had been present when the great Morgan was shot, and his head out of and study of an a pale. In short	in a summy would or would not re-examine his witness. He close the latter siter-native. The xe-examination had barely commenced when the hour of adjournment arrived. HUNDRED AND THIRTEENTH DAY On Friday, Oct. 10, the ye-translation of Copy. Brown by Dr. Kennelly occupied some three quarters of an hour, and raised an interesting point of law. The learned Doc-	he formula is, "A statement was made to so, in consequence of which I proceeded to transill-court." The rule being thin clear, Or. Kanealy was in its small difficulty. The suggestion obviously was that the sight mes alone above by the Comet were, in resitive, toose other than the shipperecked crew of the court of the court of the court of the section of the court of the court of the section of the court of the court of the court section is the court of the court of the court section of the court of the court of the court section of the court of the court of the court of the section of the court of the court of the court of the court of the section of the court of the court of the court of the court of the section of the court of the c	cross-examined by Mr. Hawkins : I first saw defendant on the 7th July 1sat. He knew me directly he saw me, and called me by aams. Late is the only name that I am known by. I am living at 12 Churchyardrow, Newington-batte. Mr. Peley is the coopier. He is an independent gentlemen. I take my meals with the family. I live on my own means. I have made no arrangements for paying. I can't pay until I leave. I am to pay 30s. a week for my board, and 10s. for my lodeing. I meat the
that the Ministry were gullty, it we have been difficult to tell which side he on. He ought always to stoke to the P. Scandal. He can't be trusted to deal promiscous topics, for his remarks out ways. On Tuesday we heard from Hinoka, McDouald, of Fictou. Pictou! Ha, therein lies a joke—piter, picked too, picked toh, or somethin.	The Manichosa says: "It must be spparagraphic to all that Winnjogs is a present ranging a great risk from fire. Wooden buildings are being erected here and there, many other that, should a fire occur, there is not stroying many houses, if not the whole town. We have, it may be said, no available meaning to prevent it is the almost worthless to the meant, unless it is the almost worthless.	torios, &c., has long been condemned as most objectionable. Those who are opposed to it will be interested to hear of a proposal, that in future all the encored pieces should be given together at the close of the enter-tainment. (We sympathize thoroughly with Mr. Punck's hint). Answered, —Mr. Practice, M.A., (having met one of his lasy scholars determines to cive him a lecture): "Where are you online."	following as "mamma's view of the panic": "the what is the panic" the little boy add, "Oh, what is the panic!" the little boy add, "The panic, my love," "and in snouly in boly, While a teer all unnowed distilled from her eye, As she stiffed a sob at the risk of her stays— "Is a beast, that has cost me a new poionalse! "Is a beast, that has cost me a new poionalse ! Something over four years age William Bancus, of Schaghticole, N.Y., was last seen alive in the village of West Troy. Re- cent developments show that he was mur-	der the method inapplicable in ordinar practice. "Perhaps the most important lessons are the learned in the field with the experiments plots of barley, grown over twenty years is succession. On the land constantly unannued the straw was short, and no or could regard the crop as lakely to yield over twelve bushels per acre. Where manure with phosphates only, the yield might is little increased with much greater effort.	y hands on the large area lying between Far- ringdon street and Shoe lark, known as least the large area of the restablish a later of the large area of the large area of the monta the Vatiesan. It has never been kept are a secret that a great part of the money re- ceived from the Peter's pence and, part of the private property of the prelates has been deposited in America has been the large and part of the private property of the prelates has been	Mr. Ward's evidence came over the dull monotony of the case with all the brisk freshness of a preart wouth west gale, and, irrelevant as sinch of it was, yet his positive refusal to identify the defendant as Arthur Orton was, at any rate, not deficient in energy. "He's not a hatom like Orton," oried Mr. Ward, pointing to the defendant at "I wish Orton was yere now. You'd soon see if I knew him. I could pick him out in court out o' ifffy thousand "B Ret the aris.	ser wassed to put to the winess a number of questions testing his knowledge of Rio, with a view to shew that, as he alleges, he was really there at the time the Bells sailed. The questions were objected to as being irrelevant to the issue, upon the broad principle that the evidence of a witness has to be taken for what it is worth, but that evidence cannot be given to show that other evidence cannot be given to show that other evidence is true. When Mr. Hawkins saked Capt. Evera if he had formally repre-	"Did the men make a statement to our ""Yes." "Which," oried the issued serjeant, raising his voice indignantly, and urning significantly to the jury, "see consoi- care." With almost equal affect Dr. Kan- ally yesterday persisted in putting to his vincesses questions which he must have oreseen would be disallowed. "Did the men give any account of themselves?" he saked. "Did they give any account of the ressel?" "Did they make any statement to	(Mr. Pulsyn) at Posts' corner. The gentleman says it will be time to settle when the trial is over. I first met Pulsyn at Poets'-corner. On Saturday night, the 7th of July, I slay at a coffee-shop at Hyde-park-corner. On Sunday I went to Brighton. Sunday night I could not get a bed, and remained in the street. Mr. Whalley and a number of gentlemen were at Poets'-corner. Mr. Hundricks introduced me to

in the Carbiners, the Roger in the Carbiners, in had been confirmed wheely of Capt. Morphew, and his recogni-

Received at the recognitation of that gentleman; by the "roached-backed in Morton used to ride, ev. Mr. James Morton, a bigot," and of a Miss shop at Clonmel, which is for gossip." In short, a firm believer, and his—the tenor of which was a knowledge which the dof military matters had cheed up, and that the do horse of Captain Mortensembered so well, had bought by the Captain that shought by the Captain that shought by the Captain more resthing. There is sellowed by first trains and express to all para of the Dominion. Prof (100 apress to all para of the Dominion.)
