Ravages of Steam Trawlers.

Special to Evening Telegram.

ST. PIERRE, May 25. Damage by steam trawlers to the gear of the hand trawl fishing vessels which last year resulted in the firing upon a steam trawler by a Gloucester skipper, has again occurred on the Banks. This time a St. Pierre schooner is the victim. The schooner lost all her lines and gear when one of the steam trawlers set in a great beam trawl over the waters in which the schooner's gear was set. The owner of the schooner is to proceed against the trawler for payment of damages. The French warship Surcouf has arrived here to stay for the summer.

Floods in Norway.

Special to Evening Telegram.

CHRISTIANIA, May 25. The extraordinary heat during the spring months has melted the snow on the mountains in the interior, causing a flooding of the lakes and rivers far beyond the record established in 1860. The situation at several points is critical. Lisselstommen, near Skedsmo, where the streets are submerged to the first floors of the buildings, floating timbers endanger the bridges over many rivers. At Fetund about 340,000 pieces of timber are afloat, and it is feared that the railway bridge will be damaged.

A Lunatic at Large.

Special to Evening Telegram.

NEW YORK, N.Y., May 25. John R. De Guep, of Brooklyn, who claims to be a son of the late King Edward the Seventh of England, sent a message to-day to the Upper and Lower Houses of Parliament and the people of the United Kingdom and Ireland, demanding the British Crown. After expressing sorrow at the death of the King, the writer says that he, John George Edward Rex of Great Britain and Ireland, the legitimate and lawful issue of the marriage of His late Majesty King Edward the Seventh and the former Princess Consort, has unjustly and unlawfully deprived him of his rights as the first born son of the rightful sovereign.

CORPUS CHRISTI.—Masses were celebrated at the Cathedral and St. Patrick's to-day, the same hours as on Sundays. The children's annual procession of the Blessed Sacrament took place at St. Patrick's at 10.30 a. m. There was a large attendance.

Cretan Question.

Special to Evening Telegram.

PARIS, May 25. Great Britain and France to-day submitted to the Governments of Russia and Italy, the other two protecting Powers, a proposition to invite Crete to admit Musselman Deputies to the Cretan Assembly, and thus restore the status quo prior to 1908. According to this plan, which it is believed Russia and Italy will accept, Crete would retain its autonomy under the suzerainty of Turkey. The proposal was the result of a conference held between Sir Edward Grey and M. Pichon during the latter's stay in London as the representative of France to attend the funeral of King Edward VII.

Bartlett for South Pole

Special to the Evening Telegram.

NEW HAVEN, Conn., May 25. In speaking of his coming hunting trip to the Far North, Harry Whitney of this city, who spent a year hunting in the Polar regions, said to-night that Capt. Robert Bartlett, who commanded Peary's ship, the Roosevelt, and who will be in command of the Beothic, the vessel which Whitney will use on his return from the trip, will make an expedition to the South Pole. Mr. Whitney would give no details further than Captain Bartlett will himself try to reach the Pole.

Cotton Cargo Destroyed

Special to Evening Telegram.

NEW YORK, N.Y., May 25. Three hundred and twenty bales of cotton, consigned to spinners abroad, were burned to-night in the hold of the North German Lloyd liner Prinz Friedrich Wilhelm at the pier in Hoboken. The vessel was only slightly damaged. The loss is about \$24,000.

Fast German Cruiser.

Special to Evening Telegram.

KIEL, May 25. The German navy's newest 19,000 ton cruiser Von Der Tann developed a speed of 28 knots an hour in a trial run on the mouth of the Elbe yesterday. The Von Der Tann was launched at Hamburg March 19th, 1909.

The quarterly meeting of the Alexandra Workers will be held in the British Hall, on Saturday, the 28th inst., at 8.30 a.m., instead of June 11. A full attendance is requested as matters of importance are to be transacted.—m26.11.

Dirty Streets and Predatory Goats.

Editor Evening Telegram:

Dear Mr. Editor.—Allow me space in your daily paper to note a word or two concerning the condition of the streets on the higher levels. This, Mr. Editor, should be looked into by the Health Authorities. Is it right to have animals such as "goats" running the streets, upsetting ash buckets before people's doors. Is it proper to stable these animals under inhabited houses.

Now thanking you for your space, and hoping this will in future be looked to.

I remain, yours sincerely,

A CITIZEN.

Minard's Liniment Co., Limited.

Yarmouth, N.S.

Gentlemen.—In January last, Francis Leclaire, one of the men employed by me, working in the lumber woods, had a tree fall on him, crushing him fearfully. He was, when found, placed on a sled and taken home, where grave fears were entertained for his recovery, his hips being badly bruised and his body turned black from his ribs to his feet. We used MINARD'S LINIMENT on him freely to deaden the pain and with the use of three bottles he was completely cured and able to return to his work.

A New Power House.

Some of the men who were at work on the new Power House on the N. S. S. Co's. pier, at Bell Island, came to the city for a short while yesterday. The building is 36 feet high with 12 inch walls, and is 60 by 90 feet. A double set of boilers are going up in it for the purposes of generating electricity and hoisting material. A new wing, 150 feet in length, will be added later, and other improvements will be made at the pier later.

Fishery News.

At Harbor Main and Holyrood there is a good sign of fish, and yesterday traps had 2 to 3 qts each, and some were taken with the hook.

Yesterday there was excellent fishing at Cape Spear for line men, and boats averaged 1 qt. each.

Captain should soon be making his appearance.

ASK FOR MINARD'S AND TAKE NO OTHER.

Alfred Pretty Gone.

His many friends are deeply grieved over the news of the death of Mr. Alfred Pretty, lately chief telegraph despatcher with the Reid Nfld. Co. He passed away yesterday at Amherst, N.S., while travelling out of the city on a train. His wife, who was with him, was prostrated by the shock. About ten months ago Mr. Pretty left here for a health resort in the Laurentian Mountains, near Montreal. He had the best medical aid but it was impossible to stay the ravages of consumption. He had been working with the Reid Nfld. Co. since 1899, and was a well liked and trusted official and most obliging withal. He leaves a widow and one child to whom we extend our sympathies. The remains will be sent on from Truro.

McMurdo's Store News

THURSDAY, May 26, '10.

The old-fashioned plan of putting a handful of rusty nails in a bucket of water, and drinking the rust water as a tonic in spring, had not perhaps much to recommend it, but the principle was right. For Iron Oxide (rust) is one sort of iron—though drinking rust water is by no means the most convenient or pleasant way to take iron. Citrate of Iron is probably the most easily assimilated of the Iron Salts, and in combination with Quinine it forms an unequalled tonic. Our Quinine and Iron Tonic contains these drugs in an elegant form, and will be found of great value as spring medicine.—adv.

The Procession of the Blessed Sacrament through the grounds of the R. C. Cathedral, which was set for Sunday afternoon, has been postponed indefinitely owing to the absence of His Grace Archbishop Howley. Sunday next being within the octave of the Feast of Corpus Christi, there will be exposition of the Blessed Sacrament at the Cathedral, beginning after last Mass and terminating after Vespers.

To-day being the Feast of Corpus Christi the annual ceremonies took place at St. Patrick's at 10.30. Several hundred children—boys and girls mostly attended walking two and two singing appropriate hymns. Benediction was imparted from the altar in the convent grounds, and on returning at St. Patrick's Church. There was a large assemblage of adults also at the procession and attending the High Mass. The grounds and the church were decked with lines of flags.
