

## ROBIN HOOD FLOUR

IS  
DIFFERENT

IT HAS ROUSED THE CURIOSITY  
OF THE WHOLE WEST

"Do you really think" one housewife will say to another "that this new flour can be better than the flour we are using?"  
Madam, there is no doubt about it.  
But there is just one way you can be convinced. You must use it yourself.

Our claims will not satisfy you, but we back up our claims in such a way that you will lose nothing by trying Robin Hood.  
Your grocer will tell you about our guarantee which gives you back your money if you are not satisfied.

### Trawling on The Labrador.

We draw the attention of our readers to an important letter from Mr. W. G. Goelling on the failure of the trap methods of catching fish on the Labrador. The suggestion he makes is that trawling be taken up extensively off these coasts. There can be no doubt that something should be done in future to meet such a contingency as has happened this year.

Last year it must have been tantalizing to fishermen in the northern parts returning home with a few quintals to meet western crafts loading up with trawls.

In an article last May we pointed out that 25,000 quintals of fish, valued at \$120,000 when made into shore fish, were taken by trawls.

It may be remembered that we opened our columns last fall to a discussion of this question of trawling on the Labrador, and we again do so.

Last spring the Fishery Board prohibited trawling within three miles of the Labrador until September 10th. The Board of Trade protested against the prohibiting, extending so far to sea, and suggested half a mile as ample protection for traps.

When the extent of the trap failure became apparent, the Fishery Board hastily rescinded its prohibition with a view to permit trawling. Except for the few who had gone provided with trawls and boats sufficiently seaworthy to get to travelling grounds, the action of the Board was too late.

A catastrophe of the nature of this year's failure must be provided against. It is up to the fishermen, suppliers and merchants acquainted with the fishery to canvas the situation thoroughly and evolve an intelligent policy, as the policy of the Fishery Board has absolutely failed.

### New Sporting Grounds

We understand that on Thursday last a deal was made with the owners of that meadowland on Merrymount Road, extending from English's residence up to Hartery's, at the junction of Freshwater Road, by which the firms of Ayre & Sons and Knowling's have secured it. The grounds will be put in thorough order and will be used for sports of various kinds. It is an excellent property for such a purpose and was secured from the Nuns of St. Michael's, who were the owners until the transfer was made. It is said the price paid for the ground was \$1 per square foot.

### The Regulux Repairs.

A. J. Harvey, Esq., principal of the firm of A. J. Harvey & Co., left New York on Wednesday last and should arrive here by Monday's express. The Regulux sustained a fracture of the tail shaft and a new one must be given her before she can leave for this port. Capt. M. McNeil and crew will go forward to join the ship by the Florizel, sailing next Saturday. They will bring the Regulux here with a load of coal. The charter of the Bonaventure and Bellaventure has been extended for a month.

### Boys 'Stinging' Apples

Capt. John Greene, who has a fine garden at the junction of LeMarchant Road and Patrick Street, complained to the police to-day that boys are committing depredations there and that they have stolen a large quantity of apples from his trees. These young vandals are around the suburbs of late in large numbers and the police intend to round them up.

### Raised Excellent Apples

Mr. Ed. Berrigan, on his farm on the Cove Road has a number of excellent apple trees and two years ago had ten barrels of fruit off them. This season also the crop has been a prolific one and a considerable proportion of the fruit was large and of excellent flavour. It was Mr. Berrigan's intention to keep some for exhibition at the coming agricultural show, but he found that boys were stealing them by wholesale and he was compelled to pluck the apples to at least get some of them for his own use.

### All Newfoundlanders.

The Montreal Star of Sept. 16th has the following item:

"Mr. and Mrs. Arthur J. Grubert, Hutchison Street, entertained this week in honor of the Right Rev. John March, Bishop of Harbor Grace, Newfoundland, there being also present the Rev. Mr. William Browne, of the Diocese of Bay St. George, Newfoundland; the Rev. William Finn, of the Cathedral, Harbor Grace; Mr. and Mrs. John Forrester, of London, Ontario, and Miss Forrester."

**IS SERIOUSLY ILL.**—Mr. W. Billingsby, superintendent of Parker & Monroe's east end shoe store, is very seriously ill of rheumatic fever and is being attended by a physician.

### FINE OFFER.

Government Will Send Newfoundland Teachers to MacDonald and Guelph College for Training.

Dr. Robertson on Tuesday night last stated, in Montreal that the Newfoundland Government would shortly send twenty teachers of both sexes to Guelph, Truro and MacDonald Colleges. On Sept. 8th, The Evening Telegram suggested the sending of teachers to MacDonald College. At that time it was understood that Dr. Robertson had control of a fund, part of which it might be possible for him to use in that direction. This morning the Daily News announces that an unknown donor has offered \$5,000 a year for ten years, if local funds to that amount are raised.

We presume from Dr. Robertson's announcement that Premier Morris has guaranteed to bring up any shortage in private subscriptions to the \$5,000 a year which must be raised locally.

### Woman's Rather Narrow Escape.

While Mrs. Johnson was at work in the railway yard at 5 p.m., engaged in cleaning some of the cars, and while she stood on the platform of one coach a shunting engine came down and moved the cars. The shock when the cars came together threw the woman off her feet and she fell out on the platform. Her side was hurt severely, and she had one of her hands badly cut. A doctor was summoned and attended to her. Had she gone between the cars she might have been killed.

### Five Dollars Taken Off Him.

A man who went into a hop beer shop on New Gower Street last night, fell asleep and lay on a bench for an hour or so under the influence of the drink he had taken during the evening. When he awoke he tried his pockets and missed \$10, according to his own story. He reported the matter to the police who are now making enquiries.

### Fishery News.

Bonne Bay—Skiffs returned from banks to-day with from 5 to 6 quintals of codfish, the result of one night's fishing; plenty of squid.

Harbor Grace—Boats ¼ to 1 quintal squid plentiful. At all other places fish is scarce or the weather is too stormy for boats to get out.

### Lined Up Early.

The employees of the City Council were all lined up at the door of the Municipal Office this morning sharp at 9 o'clock. This is the result of a visit made by the Mayor early in the week when he found that the officials did not come till long after nine.

The Norwegian vessel Usk arrived here to-day from Labrador.

**HARMONY'S REPAIRS.**—The repairs to the S. S. Harmony now on the R. N. Co. dock, will be completed by the end of next week.

**PUT INTO CATALINA.**—The schr. Olive, Capt. Thos. Doyle, on the way to Nippers Harbor, put into Catalina yesterday out of the storm. A Goodridge & Sons had a message.

To all who are not otherwise engaged in Christian Service, a hearty invitation is extended to attend the "Gospel Mission Service," in the Temperance Hall, to-morrow afternoon. Books provided.

Mr. Whiteby, the guarantee man of the Cable Co., that is laying a line to Bay Roberts, arrived in town by train to-day from that town. He reports that the other end of the cable was buoyed 120 miles off Coney Island yesterday and will be landed at New York in a few days.

### POLICE COURT NEWS.

In the police court to-day two drunks were discharged and a third fined \$2 or 7 days.

Two men and a woman, residents of the Thorburn Road, were summoned by Const. McGrath for disorderly conduct on Saturday evening last. In the vicinity of Theatre Hill the officer had occasion to bring the men to order for their conduct, when the wife of one of the men and the woman's husband also grossly insulted the officer and hurled all kinds of epithets at him. The man was fined \$4 or 14 days and the woman \$2 or 7 days. The third party in the case was proven to be innocent of wrong doing and was released. Messrs. Ayre and Gibbs defended and Supt. Grimes prosecuted.

### The Dredge's Work.

Messrs. James Hanlon and John Grouchy, who have been all the summer at work on the dredge, returned by last night's train from Red Island, P.B. They were on the dredge since May 13th, and dredged Ferryland and Renewes. They worked 14 days at Ferryland dredging 60 yards of the bottom and spent two months at Renewes dredging 286 yards. Both these places were greatly improved by the work. At Red Island they only worked a couple of days owing to rough weather, and the dredge is now lying up at Red Island for the winter.

### Train Notes.

The west bound express arrived at Port aux Basques on time last night. The incoming express arrived here at 12:20 p.m. to-day bringing Magistrate Fitzgerald, Hon. S. D. Blandford, H. Gear, Mr. R. A. Grant, J. Butler, F. Knight, Mr. Locke, Mr. Fleming and Mr. Whitesby.

Minard's Liniment Co., Limited.

Dear Sirs,—While in the country 'last summer I was badly bitten by mosquitoes, so badly that I thought I would be disfigured for a couple of weeks. I was advised to try your Liniment to allay the irritation, and did so. The effect was more than I expected, a few applications completely curing the irritation, and preventing the bites from becoming sore. MINARD'S LINIMENT is also a good article to keep off the mosquitoes.

Yours truly,  
W. A. V. R.

### The Pepper Mission— What Was It?

Mr. Charles Pepper, commercial adviser of the United States Government, visited Newfoundland recently. The Chronicle announced his arrival as the first fruit of the Hague Award. Widely circulated throughout Canada was the report that he had visited here to discuss Reciprocity. Mr. Pepper had a conference with the Premier. The business discussed was not afterward reported, so far as we are aware. Last Monday, according to the Associated Press correspondent, the Premier after a perusal of the Hague Award expressed it favoured Great Britain on all points except question six. Formal consideration would be had at the Cabinet meeting on Monday, and at that meeting a decision was expected as to the future action of the Colony.

Mr. Pepper stated in Sydney that his business was to make an estimate of the pulpwood supply of the Island. Why his presence was required for that purpose is not obvious.

In Massachusetts it was announced on Monday that Mr. Pepper's business related probably to a reciprocity treaty, adding, "Since Newfoundland is not included in any treaty which the United States contemplates with the Dominion of Canada, that subject must be taken up specially with her. It is anticipated that this will be done when a reciprocity treaty with Canada is negotiated." It is considered desirable that Newfoundland should be included in any negotiations which involve a change of tariff with Canada. Surely Sir Edward Morris is not going to take up the old Tory policy of joining Canada for a Reciprocity Treaty. He cannot be going to throw the fruits of the victory at the Hague into Canada's lap.

### Court on Circuit.

Special to Evening Telegram.

TRINITY, To-Day.  
Court opened here at 10:20 to-day. no business; being ready the Court rose till 3:30 p.m. Court leaves for St. John's to-morrow.

In these days of freedom in the intercourse of young men and young women, says Harper's Bazaar, and when a good many young people have more money to spend than was considered wise twenty-five years ago, the matter of gifts from young men is one that ought to be considered more carefully than is sometimes thought worth while by the young people themselves. A gift from a man should be hardly more than the expression of a desire to pay the girl an attention. Candy and flowers seem best adapted for that purpose, provided that neither quantity nor quality conspicuously proclaims the great cost. Books and music are also allowable with the same restrictions. Of course jewelry or any article of dress is out of the question.

The moment a girl is made to feel a sense of obligation for too costly or too frequent gifts she loses that happy sense of independence which is every young girl's right and should be one of her most carefully guarded treasures. Once lost, self-respect soon follows. Of course there are occasionally careless or selfish girls who freely take whatever any acquaintance chooses to offer. Such girls can only learn wisdom by some unpleasant experience. If, indeed, they are capable of learning it at all.
