

**NO CASCARET USER
EVER HAS HEADACHE.**

A 10 cent box will keep your liver, stomach and bowels clean, pure and fresh for months.

Sick headache, biliousness, dizziness, coated tongue, foul taste and foul breath—always trace them to torpid liver, delayed fermenting food in the bowels or sour, gassy stomach.

Poisonous matter clogged in the intestines, instead of being cut out of the system is re-absorbed into the blood. When this poison reaches the delicate brain tissue it causes congestion and that dull, throbbing, sickening headache.

Salts, cathartic pills, oil and purgative waters force a passageway for a day or two—yes—but they don't take the poisons out and have no effect upon the liver or stomach.

Cascarets immediately cleanse and regulate the stomach, remove the sour, undigested and fermenting food and foul gases, take the excess bile from the liver and carry out of the system all the decomposed waste matter and poisons in the intestines and bowels.

A Cascaret to-night will surely straighten you out by morning. They work while you sleep—a 10-cent box from your druggist means inside cleanliness and a clear head for months. Ask any of the millions of Cascaret users if they ever have headache.

**Christmas
Tree at Torbay**

A very pleasing event took place at Torbay, on Tuesday, at the opening of the Christmas Tree. His Grace the Archbishop was met by the Officers and some of the members of the Torbay T. A. Society and presented with a suit of vestments. The address which accompanied the present read as follows:—

Address by the Members of the T. A. Society to the Most Rev. Michael Francis Howley, D.D., Archbishop of St. John's:

May it Please Your Grace.— On behalf of the officers and members of the Torbay Total Abstinence and Benefit Society we beg to approach Your Grace with feelings of loyalty and affection to tender to you our most sincere wishes for a very happy New Year.

We respectfully request you to accept as a slight token of gratitude for the interest you have always taken in our Society, the vestments which accompany this address, and we beg to assure Your Grace that it is the prayer of all and every member of our Society that you may long be spared Under Divine Providence to rule the Archdiocese of St. John's.

Signed on behalf of the Torbay Total Abstinence and Benefit Society this 26th day of December, One Thousand Nine Hundred and Eleven.

MICHAEL PARSONS, President
JAMES THORNE, Secretary.

His Grace in returning thanks for the beautiful gift spoke partly as follows:—

My Dear Friends,—

I will not commence my remarks by the stereotyped phrase, that "I am taken by surprise," for you know I came down on special invitation to receive this rich and valued present. But if not surprised I can truly say I am pleased and delighted to accept such a token both on account of the worthy and respectful feelings which prompted the Donation, as of the truly artistic and precious nature of the gift itself. The vestments are of costly silk texture, and are most artistically embroidered in gold and coloured designs. I understand they were worked in the far-famed Looms of Lyons. I shall have the great privilege and grace of wearing them at the celebration of the Holy Mass on New Year's day.

I am sure it was your own goodness of heart alone which inspired you to make this present. I have never done anything to merit such a mark of esteem. It is true I have always encouraged you, and the Total Abstinence Society of Torbay, in the great and noble work to which you have devoted the best efforts and warmest sentiments of your lives. I have never omitted coming down to Torbay, and attending your annual festivals, and cheering you on by a few words of advice and sympathy. But I can safely say that such acts of mine were already amply rewarded by seeing you gathered in this Hall, and parading your treats with such a splendid display of men and enthusiasm. Particularly pleasing was the sight of the large number of boys filling the ranks of the juvenile branch of your Society.

I hope that as years go on these ranks will be swollen and expanded more and more, until there will not be left even one boy in all the parish of Torbay who will not be a member of the Total Abstinence Society.

During the past year a great change has taken place in the history and management of this parish. Your

venerable founder the Rev. Father Clarke has left the Diocese and gone to his Native Land across the ocean, and his place is filled by your present Parish Priest, Rev. Father St. John. So it is in this world; things and persons are constantly changing, but amongst all these outward changes great principles and great ideals remain the same. The principles of Faith and Religion, of Virtue and Morality, which are inculcated by our Holy Mother the Church, and of which your Society is one of the fruits; these remain for ever as long as the world lasts. "Men may come and men may go," but these great truths, like a mighty river flow on for ever, until they shall be absorbed in the great Ocean of Eternity.

Every individual has his own particular way of action, his own special course to steer; but all tending towards one and the same object. Your present energetic and zealous Pastor may have ways of doing things different from what you have been accustomed to, and some of the older and more conservative members may look somewhat askant at anything like an innovation. However I think they need not fear and that any changes that may be introduced will be only in outward and nonessential matters, leaving intact, or rather strengthening and vivifying the main principles on which your Society is founded, viz., temperance, sobriety, charity, and every manly and Christian Virtue. On this topic I may be pardoned for alluding to the novelty introduced by Father St. John in the celebration of your Annual Festival this past summer, viz.: The Public Dinner given by you in your Hall to your invited guests. I must say that when the Rev. Father first mooted this idea there were some misgivings among us that he might not be able to bring it to a happy issue; knowing, as we do, the difficulties of such an undertaking, even in the City of St. John's where there are so many more facilities for such a work. However, we all know now what a grand success it was, and I am sure there is not a member of your Society who was not thoroughly pleased and delighted with the entertainment all were able to participate in the enjoyment of the day, not only the members of the Society, but your lady friends, sisters and mothers, who prepared and served the sumptuous repast in such a splendid manner. I am sure that it will become an annual festivity and all will look forward with anticipated joy to the recurrence of the happy day.

Again thanking you most sincerely and wishing you every success and happiness, and especially all the graces and blessings of this Holy Christmas tide I give you, for yourselves and all the members of the Society and your friends and relatives, my Episcopal Blessing.

The Christmas Tree was a great success this year; it was held up for three nights, ending each night in a dance. The third night a concert was held by the school children assisted by some young ladies and men of the place, and the following programme was successfully carried out:—

Song, Flag of Newfoundland—Miss R. Hickey; Drill, Stocking Mending—Class; Song, Dear Old South Side Hill—Miss Ida Thorne; Recitation, Two Little Kittens—Josephine Goss; Song, Sweet Bunch of Daisies—Miss L. Reddy; Piano Selection—Miss B. Gosse; Farce—Tea Party; Song, Gipsy Countess—A. Thorne and I. Thorne; Comedy—The Heiress; Song, Hearts and Homes—Miss Mary Martin; Recitation, The Curfew Must Not Ring—Miss Mary Gosse; Song, Sweet Distant Chimes—I. Thorne and E. Hickey; Recitation, Red Jacket—Miss Maria Gosse; Song, Banks of Loch Lomond—Ida Thorne; Recitation—A. Thorne; Tableaux—The crib.

The Hall was packed and every one was pleased with the entertainment, but what merited a special note of praise was the part taken by Josephine Gosse and her little sister Evelyn; these two little children of the tender ages of seven and six years, showed by the part they played the care and painstaking of the good, kind Sisters of the Torbay Convent.

Rev. Fr. St. John attended the concert and was well pleased with the performance.

On the whole, the Tree was a grand success, and the Sisters of the Presentation Convent in whose aid it was gotten up express their sincere thanks to all the kind donors of St. John's, as well as in and around Torbay. They especially thank those who took upon themselves the management of the different tables, also the members of the Children of Mary's Society for the help they gave and success attained.

Bob-Sliding.

Editor Evening Telegram.
Dear Sir,—There is excellent sliding now to be had on the suburban hills, and not seeing a contrarywise notice from the Chief of Police, I would respectfully ask Inspector General Sullivan whether bob-sliding is permitted for this winter, at least, on Robinson's Hill.

I would suggest to the authorities that they confine sliding to Robinson's Hill and Mitchell's Pinch. We have Mr. McNamara's assurance that neither himself or his neighbours object to the pastime; and I further understand that a large and powerful arc lamp has been placed at the head of the hill. This locality is but seldom used for traffic, whereas Kenna's is admittedly dangerous both to sliders, pedestrians and drivers. Therefore, as a solution of the difficulty I suggest that sliding be allowed on the Pinch and Robinson's only, and that Kenna's be forbidden.

I may say that if the Inspector-General were to give instructions as embodied above, he would make no mistake, and his doing so would receive the commendation of the whole community, especially the bob-sliders.
Yours truly,
"MAC"

P.S.—I may say that there must have been some fifty or sixty people sliding on Robinson's last night, but there was a great lessening in the number of the fair sex enthusiasts, due, no doubt, to the endeavours of the authorities to stamp out coasting.

The Peking correspondent of the Daily Telegraph says that the situation in China was never so chaotic and internationally dangerous. Bankruptcy in Peking is so acute that railway administrations are borrowing a few thousand pounds from various British coal mining companies against freights. Revolutionary bands have penetrated the province of Shan Tung and Shan Si. Mutineers are again fiercely offensive, and bad reports are coming from every direction. Tang Shao Yi has been impeached by the Imperial generals, who, determined to fight, have filed an ultimatum over their signatures.

China's destiny must be worked out in blood, after all hopes of a National Convention which would settle the form of Government for the country have vanished, and a continuation of the civil war is impending. This unhappy outcome of the four weeks of negotiations between the Government and the Republicans is due to Premier Yuan's determination to support the monarchical principle. There is no reason for suggesting that his decision is due to other causes than honest conviction. On visiting the palace yesterday the Premier made a demand that the mandarins and princes should part with some of their vast hoards of gold to enable the Government to carry on the war. He received contributions to the war fund, with promises of further subsidies. The actual sum obtained was small, but Yuan, convinced of his ability to dip into the Imperial hoards, is resolved to carry on the war. He notified the foreign legations of this intention, declaring that the Imperial Army is well able to hold the country north of the Yang-tse-Kiang. There is a possibility of intervention, or some eleventh hour development, averting a bloody struggle, but nothing of that kind has appeared thus far.

The Morning Post has started an agitation against the proposal of the United States' Government to grant a preference to American shipping on the Panama Canal. It declares that such discrimination will be a violation of the Hay-Pauncefote Treaty, and says: "By no sophistry can the American Government pretend it is not bound by the terms of the treaty. Evasion of the obligation to which it entered would prove to the world that its pledges are meaningless." The Post gives interviews with various shipping authorities in different British ports, most of whom refuse to believe that the Washington Government has any such intention. Sir Walter Runerman thought that if the report were true the British Government had been caught napping, but doubted if such discrimination, even if adopted, would have the expected result of encouraging traffic in such a manner as to make the canal pay. Mr. Turner, agent general of British Columbia, agreed that discrimination would be a violation of the treaty, and would seriously injure British Columbia, and also injure the canal itself, as it would be many years before the United States could build up a mercantile fleet.
