Select Securities for the Woman Investor

Women who save will find in our monthly lists of investment offerings and special descriptive circulars many helpful suggestions for the safe and profitable employment of their surplus funds.

It will be a pleasure to place on our mailing list the names of all women who signify a desire to receive these publications regularly as issued.

Our latest circular concerns an investment of \$5,000 which we proposed to one of our women clients. This is diversified among five excellent securities which possess ample security and return the attractive yield of almost A DOLLAR A DAY. Smaller sums could be invested with the same proportionate results.

A postal will bring this circular and particulars of an easy method of paying for the securities.
