

**Volunteers to the Front!**

**Call to Outwit the Enemy and to Save St. John's.**

effect the splendid power of your strategy and intelligence you will demolish to pieces the contemptible and underhand tactics by which the despicable enemies of the city are endeavoring to swing the doubting voters to their side. Watch insidious manoeuvres of the enemy to try and get the upper hand of those who are endeavoring to save St. John's from the menace of Coakerism. Keep on the alert every moment and counteract the effect of their secret whisperings and their widespread attempts to circulate all kinds of lying stories and outrageous yarns with a view to changing the tremendously strong sentiment in favor of Bennett and Better Times. They will be working overtime in utilizing diabolical devices to destroy your intentions but you can show them to-morrow that you are able to match and outlast them in every way on behalf of the splendid cause for which you are fighting. Stand firm then volunteers to your noble determination, work unceasingly till the striking of the clock at 8 p.m. then reassemble to your respective committee rooms there to report the result of your patriotic activities and to hear the welcome news which shall have been heralded from all over the island that the Candidates of the Bennett Party in every district North, South, East and West have been undoubtedly elected by tremendous majorities as the people's popular and true rulers of this loyal old British Colony.

**Political Paragraphs.**

**Electors of Newfoundland!**  
Remember on polling day that a vote for Squires is a vote for Coaker.

That a vote for Coaker will mean disaster to the country.

That a vote for Coaker means no supplies for the fisheries.

That a vote for Coaker means rock breaking labor at starvation wages.

That a vote for Coaker means unemployment, hunger and misery.

That a vote for Coaker means ruin to the country.

Therefore vote for Bennett and Better Times.

Fishermen and laborers of Newfoundland, now is your opportunity to end Coakerism.

Remember that Coaker and Squires ruined the fishing industries of the country.

Remember that if Coaker and Squires are elected there can be no more supplies for the fisheries.

Remember that Coaker and Squires ruined the prospects of the laborers and mechanics.

Remember that the election of Coaker means idle workshops.

Therefore vote for Bennett and Better Times.

It is your duty to defeat Coakerism by voting for Bennett and his candidates.

Coakerism has been the curse of this country. Coakerism destroyed our fisheries, ruined our fishermen and brought about a general collapse of trade.

Coakerism by injuring the fishermen caused the laboring men to be unemployed and the tradesmen to be out of work.

Coakerism has been nothing but graft, political corruption and incompetency. Remember that a vote for Squires is a vote for Coaker.

Vote for a change. Vote the straight ticket. Vote for Bennett and Better Times.

Squires is finished. Coaker is down and out.

The grafters have to go.

Now the fishermen will have a chance.

The laborers will find steady employment.

The hum of industry will be heard in the workshops. Bennett and Better Times.

Is Squires mentally unbalanced?

One would think so judging by his language at public meetings.

The victory for Bennett is sure and overwhelming. The people say "Bennett can't lose."

Workmen of Newfoundland! You know from experience how deplorable conditions are to-day for the working people of the country.

You know that the present conditions of unemployment and destitution are directly due to Coakerism.

You know that if the Government is re-elected Coakerism will again have full sway.

You know that idleness, want and misery is the lot of many unfortunate laborers of the country.

You know that the Government is entirely responsible for those conditions.

Therefore vote for a change. Vote for Bennett and Better Times.

Now is the day and now is the hour to end Coakerism for ever.

Bonavists, Twillingate and Trinity are sick of Coaker.

The North will give six men to Bennett.

Fogo is a sure win for Long.

Coaker has the light of his life in Bonavists.

**Come on Squires-Coaker Following! Put Up or Admit Defeat!**

**IN THE LAST ELECTION SQUIRES HAD TWO MEN IN ST. JOHN'S.**

**SQUIRES-COAKER WON THE GOVERNMENT.**

**Five Hundred Dollars he does not get two now**

**Five Hundred Dollars they do not now**

**COAKER HAD ELEVEN MEN NORTH IN LAST ELECTION**

**The Cheque for Fifteen Hundred Dollars is here. Will the Coaker-Squires following cover the bet? IF NOT, TELL THE COUNTRY YOU ARE BEATEN.**

**Five Hundred Dollars he does not get them now**

**Bare Brick Walls 55 Centuries Old.**

**MOON GOD'S HAREM AT UR, BUILT 3600 B. C.**

Brick walls believed to have been erected 35 centuries before the Christian era have been discovered among the ruins recently unearthed at Ur, the Chaldean city, according to a Bagdad dispatch to the London Times.

The excavations also discovered in the inner room of the temple jewelry of the period of Nebuchadnezzar, who rebuilt the shrine in the sixth century, B.C., carefully preserving the original plan.

**Silvia Outward.**

**HAS BIG PASSENGER LIST.**

S.S. Silvia, Capt. Mitchell, sailed for Halifax and New York at 3 p.m. to-day. She took a part cargo of freight and the following passengers:—A. E. Foran, Miss P. Campbell, R. C. and Mrs. Morgan, H. H. Kitchener, R. R. Warren, M. Bradbury, Mrs. A. Carter and two children, G. W. Hinder, W. J. Slesley, Mrs. S. Anthony, C. M. Rockwood, S. J. Wells, J. Legge, S. L. Williams, S. L. Legge, George Moores, I. James, T. G. Hopkins, H. J. Hopkins, Miss J. Quinn, Miss M. Ellis, J. T. Finan, H. G. Dave, Miss E. M. Andrews, Percie and Mrs. Johnson, Mrs. W. W. Blackhall, Rev. Fr. McCann, Rev. Fr. McLaughlin, W. J. Matthews, W. Adamson, W. L. Irving, O. O. Kelly, J. D. Gilmour, T. S. and Mrs. Rumsey, Robert Moores, Miss Rhoda Moores, Miss F. Russell, Miss H. Spencer, Mrs. P. Hayes, Miss Hunt, P. and Mary Hayes, Jos. Moores, F. Moores, H. Caravan, R. Caravan, Mrs. Greening, A. Greening, Miss M. Greening, J. Parsons, Wm. Greening and 97 second class.

**Ninety-Eight out of Every Hundred Women.**

who have tried Lydia E. Pinkham's Vegetable Compound for ailments peculiar to their sex, have been benefited by it. What a marvelous record for any medicine to hold over 80,000 women replied to a questionnaire recently sent out by the Lydia E. Pinkham Medicine Co. of Cobourg Ont. 98 per cent of whom definitely stated that they had been benefited or restored to health by this old-fashioned root and herb medicine. This is a most wonderful record for efficiency, and should induce every woman who suffers from any ailment peculiar to her sex to give it a fair trial.

**Labor Shortage.**

**IN CANADA AND U.S.A.**  
The labor shortage promises to be particularly acute with the opening of the building season. For months there has been an exodus of skilled workmen to the United States from Canada and now the industry is reviving here the situation promises to become serious. During this period, both Canada and the United States have been opening the dictates of labor leaders in maintaining restrictions against immigrants of the laboring type, and now it is evident that there is a need for workers for the expansion of industrial activities just as there is a need for the agricultural class to increase farm production. The Government employment agents acknowledge the shortage and state that there is also likely to be a serious lack of laborers for railroad and other construction during the summer.  
Labor shortage will undoubtedly be a factor in maintaining the cost of building this year. Many skilled workers left the country during the winter as the result of high wages prevailing in the States. Costs of materials show no indication of ceasing, but rather a tendency to move

**Insulin Beaten by New Diabetes Cure.**

**DR. COLLIP DISCOVERS VALUABLE PROPERTIES IN VEGETABLES.**

EDMONTON, April 17.—(Canadian Press)—That a cure for diabetes lies latent in green onion tops, barley roots sprouted again, green when leaves, bean tops, lettuce and various forms of yeast, has been demonstrated through a long series of experiments by Dr. James B. Collip, head of the Department of Bio-chemistry at the University of Alberta, and co-discoverer of the insulin treatment of diabetes with Drs. F. G. Banting, J. R. McLeod, and C. H. Best, at the University of Toronto, more than a year ago. The new discovery, it is stated, will supplant insulin. It will mean the final victory over diabetes.  
Dr. Collip has discovered in these forms of plant life a new hormone, the extract which counteracts diabetes. This hormone acts somewhat similarly to insulin, although it is obtained from entirely different sources. Collip calls it "glucokinin."  
The discovery is scientifically important as proving the presence of hormones in all sugar producing plants. Practically, it widens indefinitely the sources from which extracts containing insulin's properties may be obtained.

**PUBLIC NOTICE.**

Notice is hereby given to all parties concerned that under the provisions of the Election Act 1913, and the Proclamation of His Excellency the Governor of date 7th April, booths for the Districts as set forth below will be opened in the building known as the "King George V. **HENRY BLAIR**

Summer frocks may be worn with hats and parasols of contrasting bright-colored crepe.  
The chic cravat collar of a suit of black rep lets its embroidery extend below the knees.  
Silk and wool jerseys are favored for bathing suits. Self-trimming in contrasting color is used.  
The French dressmakers are using fabric trimming very delightfully on summer frocks.

Contrasting facings are having a vogue. Both cape dresses and suits are treated in this manner.  
A narrow back panel of a crepe frock is looped twice to give a suggestion of the bustle back.  
A many-ruffled crepe cape is worn with a plain crepe frock. Each ruffle is edged with red silk.  
Platted panels generally confine themselves to the sides of a frock to leave the front and back flat.
