J. Y. EGAN, Specialist of Toronto. A WORD OF CAUTION.

Procrastination is the most common error of ruptured people. In most cases they do not realize the risk they are running. You may have been ruptured for some time and not noticed any change for better or worse. But, remember, no rupture stands still. Even if not getting larger the bowel is grow-ordinary truss is liable to slip while lifting or coughing and let more of the bowel escape. In such a case strangulated hernia may result in death, Many people come to me constipated nervous, irritable, suffering from indigestion and considerable, suffering from indigestion and considerable. Procrastination is the most common come to me constipated nervous, irrit-able, suffering from indigestion and con-stant colds. They seldom charge this to their rupture, but that is where their ill-health originates. A rupture strains the whole physical organism and is a con-stant nerve irritant, a breeding place for stant nerve irritant, a breeding place for the germs of typhoid, and frequently causes rheumatism, paralysis and steril-ity. Your rupture cured will make you feel like a new being; your nerves will recover their normal tone and your rundown condition replaced by vigorous, joyous health. Act at once and remove the cus health. Act at once and remove the daily dapper of death which, like a threatening thundercloud hangs over the head of every ruptured person. Don't delay, to suffer and die. Let me help you live and enjoy life. What I have done for thousands in the past fifty years I can do for you today—viz. immediate security, comfort and a perfect physical condition. This is all yours today for the asking. Out-of-town patients can consult me and return home same day relieved of all rupture trouble permanently. No operation, pain or loss of time. ently. No operation, pain or loss of time. Tear off free coupon now.

Free Consultation Coupon.

How to Stop Drinking

It was formerly customary for the habitual drinker to take the pledge regularly, sometimes once a year, and sometimes in every fit of remorse that followed his debauches, and then—break it. But now it is gradually dawning on the world that pledges do not stop drunkenness. The nervous system of the habitual drinker is diseased, and he must have treatment that will cure this condition Orrine is sold under a positive guarantee to cure the drink habit or the money will be refunded. Can be given secretly be refunded. Can be given secretly be refunded. Can be given secretly.

Tramp Kept Himself Warm in School Near St. Thomas.

Thomas, Ont., June 2.-John McLean, aged 60 years, a tramp, claiming to be from Welland, was arrested today for destroying \$30 worth of school books, which he put in the stove and burned up to keep himself warm while stopping over night in the Yarmouth Heights school, just outside of the city limits.

COM. TO INVESTIGATE

(Continued from Page One.)

ods of technical instruction obtaining in other countries. The commissioners are empowered to pursue their investigations at such localities as may appear necessary in the Dominion of Canada, in the United Kingdom of Great Britain and Ireland, the United among the young people.

She was deeply interested in china painting, and for nearly two years painting, and for nearly two years of Labor, elsewhere on the continuous for lessons. came to London regularly for lessons. continent of Europe.

What It Will Do. Delaware Township, where she had The purpose of the commisson is to be that of gathering information, the information when obtained to be Speaking of her death the St. carefully compiled, and, together with Thomas Journal says: "The news of such recommendations as it may seem expedient to the commission to make, the fatality spread about the city rapidly, and came as a distinct shock to to be published in a suitable report many who had known her intimately. to be at the disposal of the provinces She was universally loved, endearing and available for general distribution. commission is appointed unde the statute respecting inquiries conkindnesses and a hearty sincerity in cerning public matters, and will consideration for others. As a chum she was dear to dozens of girls in the port the results of their investigations, together with their recommendations city, who loved her for her ready to the Minister of Labor. It will be sympathy, her perfect demeanor unobserved that the members of the der any and all circumstances, and her commission have been selected primgenuine friendliness. She possessed an arily because of their exceptional attractive personality, which made her qualifications and special fitness to a favorite everywhere. In her home, perform the duties which as members she filled a place which only an only of a commission on technical educadaughter of home-loving tendencies tion they will be expected to show.

Labor's Nominee. Apart from having the unanimous indorsation of the Dominion Trades and Labor Congress, Mr. Simpson has perhaps a wider knowledge of the subject of technical education and the needs of the workers in this connection than any other labor representative in the Dominion. He was a member of the Technical Education Commission appointed by the board of education of Toronto, a short time ago. At the present time he is chairman of the board of education of the city of Toronto, and a member of the Technical Education Committee of the trustees' section of the Ontario Educational Association. He is vicepresident of the Social and Moral Reform Council of Canada, and for years past has held many important positions in connection with the labor

movement. Mr. Thomas Bengough, who has peen appointed secretary and reporter of the commission, is one of the bestknown members of his profession in the Dominion. He has, however, ir addition to his exceptional qualifications as an expert reporter, special qualifications in connection with present commission, having made the subject of technical education a special study, and being the author of an important publication containing the results of investigations personally conducted into methods employed ir the teaching of manual training, industrial art, domestic science, and kindred subjects.

Work of the Commission. It is expected that the commission will enter upon its labors early in the month of July. The Minister of Labor stated that making a tour of the Dominion from the Atlantic to the Pacific, visiting all important industrial centres and ascertaining by personal inquiry and investigation, as well as by the hearing of evidence, the needs of employers and workingmen alike as respects industrial training and technical education. Having completed this part of its work, the commission will visit the United States, the United Kingdom, Germany, France, and any other countries that may seem necessary, with a view to ascertaining the best methods by which similar needs are being met and the work of technical education furthered in It is expected that at least a ear will be required for this work. Professor Robertson, chairman of he commission, is at present in England, but has been informed of his appointment by cable, and has announced that he will return to Canada and be ready to enter upon his duties early in the month of July. All of the commissioners will be obliged to give their undivided time and attention to the work of the commis-
