Be Suspicious of Tender Gums

Be suspicious of any tenderness or bleeding of the
gums. This is usually the first stage of Pyorrhea—an
insidious disease of the gums that destroys the teeth
and undermines bodily health.

Gradually the gums become spongy. They inflame,
then shrink, thus exposing the unenameled tooth-base
to the ravages of decay. Tiny openings in the gums
form gateways for disease germs to enter the system.

Medical science has traced many ills to these infect-
ing germs in the gums weakened by Pyorrhea.

They are now known to be a frequent cause of indig-
estion, anaemia, rheumatism and other serious con-
ditions.

So watch carefully for that first tenderness or bleeding
of the gums. Try Forhan's immediately. It positively
prevents Pyorrhea (Riggs' Disease) if used in time and
used consistently.

And in preventing Pyorrhea—it guards against
other ills.

Forhan's (For the Gums) cleans teeth scientifically
as well. Brush your teeth with it. It keeps them white
and clean.

If gum shrinkage has already set in, start using For-
han's and consult a dentist immediately for special
treatment. 35c and 60c tubes in Canada and U. S. If
your druggist cannot supply you, send price to us direct
and we will mail tube postpaid.

FIGHT PLAN OF RECIPROCAL INSURANCE

Opponents of Measure in
House Claim Security
Would Be Evaded.

WILL AWAIT JURISDICTION

Passing of Measure Would
Mean Litigation Between
Governments.

TORONTO, March 20.—Most of the
time of the Legislature this afternoon
was taken up with discussion of in-
surance in committee of the house.
The most contentious of all the in-
surance bills is that relating to
reciprocal insurance, and is meeting
strong opposition. The automobile
insurance bill and the accident and
sickness insurance bill both were
passed by committee.

A bill to regulate motor busses
was introduced into the house as a
government measure. A private bill
was submitted which will enable

HEADS THAT ACHE AND PAIN

It is hard to drag along with a head
that aches and pains all the time.

In nine cases out of ten, persistent
headaches are due to poisoned blood,
the blood being rendered impure through
some derangement of the stomach, liver
or bowels, but no matter which organ is
to blame the cause must be removed be-
fore permanent relief can be obtained.

BURDOCK BLOOD BITTERS.
which has been on the market for the
past forty-five years, removes the cause
of the headache by starting the organs
of elimination acting freely, and when
the impurities are carried off from the
system, purified blood circulates in the
brain cells, and the aches and pains
vanish.

Miss Clara Murphy, Center Dummer,
Ont., writes: "My system was greatly
run down and my blood out of order.
I suffered a great deal from severe
pains in my head which made me feel
very miserable. After having tried other
remedies I purchased a bottle of Bur-
dock Blood Bitters, and was very sur-
prised to notice a decided improvement in my
health. I took another bottle and it
has done me an enormous amount of
good. I have recommended it to some
of my friends who were in a similar
condition, and they all say it is a won-
derful remedy."

Fear Wrangle Looms O'er Wrangel Island.

OTTAWA, March 20.—Fears
are entertained in some
circles that Russia may have
established her right to pos-
session of Wrangel Island be-
fore other nationalities set foot
on it.

The island, which is west of
Behring Straits, but beyond
the reach of Siberia, bears the
name of Baron Wrangel, a Rus-
sian explorer of some note. Au-
thorities, in their search for a
clear title to the territory in
dispute, have been unable to
unearth any documents that
would give the Russians any
prior claim to ownership.

DROUILLARD CONVICTED OF PETITE COTE ROBBERY

Windsor Youth, Along With Five
Others, To Be Sentenced
Friday.

WINDSOR, March 20. — Russell
Drouillard, 24 years old, arrested at
Detroit five weeks ago, was this af-
ternoon found guilty on three of
four charges preferred against him
by the crown.

Officials of Petite Cote branch of
the Merchants Bank did not hesitate
in identifying Drouillard as the
armed bandit who swooped more than
\$15,000 into a canvas bag after back-
ing teller Lewis against the wall, and
cowering six customers of the bank.
He was also identified by George
Meloche, turnkey of the county jail as
one of two men who attempted to
rob the Amherstburg mail car and
who shot him in the leg.

stiff joints, relief comes at once.

The moment you apply Red Pepper
Rub you feel the tingling heat. In three

Regulate Motor Busses.

A bill was introduced by Hon. F.
C. Biggs to regulate motor busses
operating in Ontario. Mr. Biggs
pointed out that there had been tre-
mendous growth in the motor bus
business during the last few years.
There are 27 busses operating out
of Hamilton. There is often keen
competition between rival concerns.
One firm will publish a time schedule
and the bus of the other firm will
operate just ahead of this timetable,
picking up the passengers. In the
race for passengers each firm will
keep changing its time-table, and
there is increasing inconvenience and
poor service. This bill, while it is not
intended to give any company a mon-
opoly, will endeavor to protect the
investors who seek to provide good
service. It will seek to make the
time schedules more permanent.

The bill also proposes to regulate
the style of bus in use and the seat-
ing accommodation. The attorney-
general told Hon. Howard Ferguson
that the blue sky legislation now be-
ing prepared need not cause the men-
ing men any worry, as it did not
seriously affect that industry.

The second reading of the insur-
ance rating bill was passed on the
understanding that the clause which
gives the superintendent supreme
power to force insurance companies
to remove discriminations in their
rates would be open for debate in
committee.

The reciprocal insurance bill pro-
vides that reciprocal exchanges may
do business in this province without
making a deposit. The Dominion act
requires that they shall make a de-
posit, and this will bring to an issue
the dispute as to whether the provin-
ce or the Dominion has the say in
regulating insurance. The passing of
the bill by the provincial govern-
ment means litigation with the Do-
minion government, and accordingly
it will not come into force until the
jurisdiction in insurance matters is
decided.

The supporters of reciprocal in-
surance urge that it is co-operation
in insurance and eliminates the mid-
dleman. W. Watson (Victoria South)
was the chief advocate for reci-
procity in this afternoon's session,
and he argued that to force them
to put up a deposit with the provin-
cial government would make the forma-
tion of exchanges for the most part im-
possible because they were formed by
firms getting together and pooling
their risks. They did not make any
profits, and gave sufficient security
because resources of all the firms in
an exchange were behind the poli-
cies.

Would Demand Deposits.

The opponents of the bill took the
position that it had been brought
in so that reciprocals from the
United States could come into Can-
ada and solicit insurance without
putting up the \$50,000 security. W.
F. Nickle urged that these companies
should be forced to put up deposits
with the government as mutual com-
panies or straight-line companies
from outside countries had to.
J. E. Thompson (Toronto N. E.)
said the straight-line companies
were not opposing reciprocals from
the United States coming into Can-
ada if they put up deposits as the
Dominion bill provides.
J. C. Ramsden (Toronto S. W.)
opposed the bill, and claimed the
reciprocal people had been lobbying
every member of the house, which
was heatedly denied.

SEEKS PROBATE OF FISHER WILL

OTTAWA, March 20.—Application
has been made for an Ontario pro-
bate of the will of Hon. Sidney
Arthur Fisher, former minister of
agriculture. The papers filed with
the surrogate court here give no
indication of the total estate, which
amounts to \$58,581.

From the distribution of the estate
and the value placed on various prop-
erties in the city of Montreal in the
will itself the indications are that
the estate is a large one. The will
provides that certain mortgages and
properties go to the widow of his
brother, Mrs. Mary Field Fisher, and
places values on two of these prop-
erties at \$127,000 and \$108,358.

All the residue of the estate is to
form a fund, known as the Fisher
Trust Fund, for the advancement of
agriculture and education in his
home county of Brome, Quebec.

TWO DROWN AT THREE RIVERS.
THREE RIVERS, Que., March 19.—
Two persons lost their lives and two
others barely escaped death in a
drowning tragedy which occurred on
the St. Lawrence River at the foot
of the Canada Steamships pier when
their rowboat capsized. The drowned
were Adolphe Allard of this city and
Mrs. Beaumier, a resident of Cap de
la Madeleine.

failed to convict Drouillard of par-
ticipating in robbery of \$3,500 from
Herbert Jacobs, postmaster at Te-
cumseh. Drouillard, who was de-
fended by R. L. Brackin, K.C., could
not be connected with this robbery
and Magistrate Gundy held there

was not sufficient evidence to war-
rant a conviction.
Drouillard will be sentenced Fri-
day when five other border men will
come before court for sentences in
connection with Tecumseh mail
robbery.

MAGNESIA FINE FOR ACID STOMACH

Quickly Neutralizes Acidity, Stops Fer-
mentation, Sweetens the Stomach.

Nine people in ten, when food upsets
the stomach, causing distress, think
they have indigestion. In reality they
are suffering from "acid stomach." An
excess of acid in the stomach causes
gas, heartburn, bloating and sourness.
To have a strong healthy stomach,
capable of easily and normally digest-
ing three hearty meals a day you
simply must keep these stomach acids
neutralized and the stomach contents
sweet. No artificial digestants are
necessary. Just get a few ounces of
Bismarcked Magnesia from any good
drug store and take a teaspoonful of
the powder or two tablets in a half
glass of water right after eating, or
whenever the slightest pain is felt. The
result is amazing and you will be de-
lighted with the almost instant relief
it brings. This famous stomach-
sweetener combines Magnesia and Bis-
muth in desirable proportions and is
not only splendidly effective but per-
fectly harmless. Its regular use keeps
the stomach sweet, strong and healthy
all the time.

Bismarcked Magnesia is well known to
druggists everywhere and is used as
naturally by more than a half million
people who now eat as they please, in
reason with no more fear of indigestion.
