# Deportation of Matthews Delayed Until Frisco Gets Order From Capital

## MATTHEWS MAY START MONDAY

Inspector A. B. Boyd in Frisco To Settle Claims To \$2,500 Reward.

ORDER AWAITED

Toronto, Aug. 8 .- Inspector A. B Boyd, of the provincial police, who went to California to accompany Charles A. Matthews, Jun., former deputy provincial treasurer, back to Toronto, has been compelled to await in San Francisco until the necessary papers reach the immigration authorities from Washington, but he

Telegraphic messages from San Francisco say Boyd is settling the plan upon which the reward for the arrest of Matthews will be paid by the government of Ontario. Jack Martin, the man who holds the telegram from General V. A. S. Williams, commissioner of Ontario police, of-fering the reward of \$2,500 for the turning of Matthews into custody in Ontario will get the reward if the immigration officers who made the arrest will say the same man cave the information upon which Matthews was located and taken into custody. The process appears to be simple and

easily arranged.
Inspector Boyd is well acquainted with Matthews. They met many times in the performance of their official duties for the province. If Matthews had his way he would come with Inspector Boyd without waiting for the papers from Washington.

Already the question of bail for Matthews on his arrival here has been raised by friends, who are willing to go on his bond. It is not likely Alderman Bottrill Would Have anything will be done, however until Matthews arrives, and Hon. W. F. Nickle, K. C., attorney-general, formally hears an application from J. W. Seymour Courley, K. C., counsel for Matthews.

The Washington papers authorizing the deportation of Matthews are expected to reach San Francisco cream contract for the fair all in expected to reach San Francisco cream contract for the fair all in Saturday or Sunday and it is predicted at the Parliament Buildings ter way would have been obreak this that Matthews will be on his way to Toronto by Monday night. On the journey to the border, Inspector been better business and fairer to been better business and fairer to the small dealers if the directors had Boyd will have no official status, but will keep Matthews company. Matthews does not become Boyd's pristing a small contracts. This would

Canadian Press Despatch. Ottawa, Aug. 9.—Just about every 42nd child born in Canada last Januacy is a twin. Vital sta-tistics assembled from every province in Canada, except Quebec, shows that 147 pairs of twins and one trio of triplets, were added to Canada's citizenry in January, 1924, in a total birth registration of 12,224. The one case of triplets occurred in Manitoba.

Vital statistics for Quebec are not available, but the average probably holds.

Only Two Roads.

The two roads over which the inspection took place are the only two roads in the States employing the system to any great extent, while no railroad in Canada has as yet taken up the matter.

Defence Has But Few More Witnesses To Examine Before Resting Case.

Associated Press Despatch. Chicago, Aug. 9.—Returned to tech-Doubles Switches.

Briefly, the idea is to have double cross-over switches at all stations, and speed up traffic by having a fast passenger routed over the parallel cross-over switches at all stations, and speed up traffic by having a fast passenger routed over the parallel track, on which, according to custom, unless in case of accident, no traffic is routed except in the opposite direction, thus "going through" a slower freight train, at the same time allowing the latter to proceed on its way instead of having to stand "parked" on a side track at some station, while the passenger goes on through.

Supt. Forrester explained that the question would require considerable study as to timetables, etc. before it could be given a trial on the C. N. R. Asked about railroad traffic in the States. Supt. Forrester replied that it was light, both as to passenger and freight traffic. Employment conditions of the men on the railroads were also similar to those existing on the consecution on rebuttal, Robert E. Crowe, state's attorney said.
