THOUSANDS STAND IN RAIN AT QUEBEC TO HEAR PREMIER

LAPOINTE SPEAKS

By a Staff Correspondent of the Canadian Press. Quebec, Sept. 23.-In Quebec East where Sir Wilfrid Laurier fought his battles, Premier King spoke tonight. He faced the largest crowd of his

campaign. In spite of the rain, the market square was packed by thousands to the farthest corners. "In St. Sauveur he is at home," declared Premier Taschereau, who presided. Behind Mr. King as he spoke was a huge streamer in French, "In dark days King was with Laurier."

Facing him was another, "Abov all, King is Canadian."

"Would you workmen of St. Sauveur," asked Hon, Lucien Cannon, "put Premier King aside for Armand Lavergne, who has dragged Armand Lavergne, who has dragged every opinion over the hustings of Quebec and has no settled conviction himself, or for Mr. Patenaude, who has nothing but negations?"

Hon. Ernest Lapointe declared that the tribute to Mr. King was a personl tribute, which showed that Quebec ad a heart and remembered Mr. Lapointe pointed to the stream 'In dark days King fought with

This little incident would merely be one of the usual duties of Mr. Tustin, but in this case it has turned out to be of a serious nature. The London club has suffered a great deal lately in this respect.

Special to The Advertiser.

St. Thomas, Sept. 23.—Movements in sugar beets on the M.C.R., C. N. R. and P.M.R. are expected to begin this week, according to information received from the railroad authorities today. The consignments are expected to be heavier than usual this year, which will have the effect of considerably bolstering up local traffic.

Lately a number of complaints have been received both by county and railway police of shootings on Saturdays, and over the week-ends. Several farmers have found shots whizzing over their heads during the last few weeks, and boys have been noticed using firearms near railway tracks, both on the C. P. R. and the C. N. R.

Transfer System and Five-Cent Fare Promised by Promoters.

Citizens of London will vote on bus transportation franchise next December. Acting on the instructions of No. 1 committee, the city solicitor will draft an agreement, which will be submitted to representatives of a new bus company and members of the city council for final revision and adoption. Elastic routing, five-cent fares and transfer privileges are promised.

Such action followed the appearance before No. 1 committee last night of representatives of the new com-pany, who were introduced by Ald.
