DAVID SPENCER CANADIAN CORSET

TRADE MARK IS EQUAL TO PARISIAN MODELS IN STYLE AND SHAPELINESS BUT FAR MORE DURABLE AND MUCH LESS COSTLY

This is one of the most radical changes which Dame Fashion has introduced of late. The "Directoire" Corset, and in order to come up to her requirements, we have devoted time, energy and money in securing the best and latest ideas in Corsets.

These new "Directoire" styles define the waist, but do not emphasize its curves, the corseted figure presenting an appearance of long, unbroken lines, as shown by this illustration.

Style 265 and 646—This model attains the summit of corset ideality for the average figure, for which it is designed. It gives the willowy grace, the long waist line and the absolutely correct front.

Corsets fitted every day excepting Saturday afternoon and evening.

All D. & A. Corsets are not Directoire styles. We carry a large and assorted stock to fit every figure and suit every purse, in all sizes from 18 to 36. Prices, \$1.00 to **\$5.00**

Champion Combination Ranges Lead

Come in and Let Us Demonstrate to You Their Many Advantages

The Champion Interchangeable Range is new and is the greatest patented invention of modern times. What is it? It is a high-grade steel gas range which in three seconds can be changed from gas to a coal or wood range.

It is not a combination range. It occupies exactly the same space as a coal range—it looks like one—it feels like one—it works like one—it IS one, yet it is also a gas range.

In brief, it does everything and more than any other high-grade gas range does, and does it better. It also does everything that a first-class coal or wood range does, and does it better. It is the most practical, sensible, useful, economical and cleanly range in the world today. Note the accompanying picture of the Champion Interchangeable Gas Range as it appears in the kitchen set up and ready for instant operation. In the Champion Interchangeable Range the heat is at all times confined within the range and on the top cooking surface—hence its superiority over all other gas ranges.

The Champion Range is a marvel of durability, and will last a lifetime. It has the extra heavy construction of the regular coal and wood ranges and, being three times as heavy as any of the high-grade gas ranges on the market today, it will naturally outlast any three of them. Prices, \$65.00 and **\$85.00**

TAFT HONOR WRIGHTS TODAY

Achievement of Man Flight Was Celebrated in Wellington Today When Pilot Received the Wright

INVENTORS ARE GIVEN MEDALS

Newspapers of United States Print Editorials Appropriate to Occasion and States in Praise

Washington, D. C., June 10.—Achievement of man flight, for which men have striven for more than 2,000 years, was celebrated in Washington today.

After having been paid homage by the rulers of Europe, the Aero Club of America, the Aero Club of Ohio, received their first public recognition by their fellow countrymen.

In the west room of the House President Taft today presented the inventors the gold medals awarded to them by the Aero Club of America to commemorate the flight of the first successful flying machine.

The event was intended to be of national interest and to carry out the idea of the Aero Club of America, which had urged the government to print editorial day appropriate to the occasion. The governors of the various states have sent laudatory messages, congratulating them on their success.

YELLOW PERIL STILL GREATER MENACE

San Francisco Man Tells Story at Conference of Charities and Correction Buffalo

ONE SPEAKER BLAMES THE

Buffalo, N. Y., June 10.—The West clashed on the reality of the "Yellow Peril" today's session of the Immigration of the annual Conference of Charities and Correction.

W. A. Gates, secretary of the Charities of San Francisco, declared that the yellow peril was more of a menace today than any time in the past.

"It is also gravely doubted," Mr. Gates said, "that the United States has been fully keeping the gentlemen's agreement entered into with Great Britain in regard to British immigration of the coolie class."

"Japan recognizes no coolies," Mr. Gates said, "and she has been deliberately sending her subjects over the borders of Mexico and the United States."

It would be an easy matter, Mr. Gates said, to marshal an army of 100,000 Japanese in any point in California within eight hours. The slave trade in women he said was worse than at any previous time.

Blames United States C. L. Sulzberg, president of the Hebrew Societies of New York, said that the United States had turned off Japan and that America was exploiting the natives. Chinese he said were entitled to the same conditions of the natives. Japanese he said were entitled to the same conditions of the natives. Chinese he said were entitled to the same conditions of the natives.

"You have just as rotten a hell in your Mott and Pell as New York as any in San Francisco," Mr. Gates said, "and you have just as rotten a hell in your Mott and Pell as New York as any in San Francisco."

"Not only brown girls held in bondage there, but white girls within a week show the same white girls have been there."

"If we must have the yellow peril," Mr. Gates said, "let it be the Chinese. The Japanese from a standpoint is as detested as it is respected. The Chinese and competes only in the field of labor."
