# The wonderful hand tailoring in **Fit-Reform Suits**

If you could be in the Fit-Reform workrooms and see a Fit-Reform Suit being made, you would be amazed at the amount of hand tailoring put into each garment.

What you see when you look at the completed suit, is only a small part of the workmanship.

It's the hidden part-the intricate stitching-the hand shaping—the patient moulding-that gives Fit-Reform garments so much style and grace.

It takes expert tailors to do the kind of work demanded by Fit-Reform. The specialists in the Fit-Reform workrooms are the best tailors in Canada today.

Compare these garments with the best custom work you kn of, and you will find that the Fit-Reform standard of hand tailoring is the highest in the Dominion

This does not mean that Fit-Reform garments are expensive. Prices for high class Suits are \$78, \$20, \$22,
