The Edison Phonograph is not only the greatest musician of all the ages—it is all the great musicians of the present day—playing all of the greatest music ever written.

You select your program to suit your audience when you own an Edison Phonograph. The songs you love best, sung by the singers who sing them best—your kind of music, rendered as only the Edison can.

render it—as true to life as the original.

The Edison tone is pure, smooth, subdued and true, because of the rounded, button-shaped sapphire reproducing-point, which gives exactly the right volume of sound for the home. And the sapphire point is permanent—lasts forever. No changing needles, no scratching or wearing of records.

There are Edison dealers everywhere. Go to the nearest and hear the Edison Phonograph play both Edison Standard and Edison Amberol Records. Get complete catalogs from your dealer or from us.
