CAPLIN RIVER

On Wednesday last a very quiet and pretty wedding took place at the home of Mrs. Thos. McLellan, when her daughter Georgina Effie Maude was united in marriage to Mr. Arthur Richard Keith the well known baseball player Campbellton, N.B. Rev. Mr. McCallum of New Richmond officiating.

To the strains of Mendelssohn's wedding March the bride beautifully gowned in white satin veiled with white chiffon, with pearl and lace trimmings and carrying a bouquet of white carnations, sweet peas and maiden hair fern, entered the room on the arm of her mother who was gowned in black silk.

After the wedding breakfast the happy couple left to visit Halifax, Sydney and other cities.

The bride's travelling suit was Copenhagen blue tulle with hat to match. The couple will reside in Campbellton on their return.

BLACKLANDS

To many the happy holiday season has again come round and the school activities are, for a time, a thing of the past, when girls and boys feel free to wander, at will, through fields and woods and enjoy themselves as they only can, after the long tiresome winter term of school.

The young women too, who have gone out, to teach from the different homes are glad to get back and there are not a few of them, for two miles we have nine teachers and one of them, Miss Elizabeth Cook, teaches in Blacklands school, where she has faithfully taught for years.

The examination of our school was held on Friday afternoon in the presence of many visitors who enjoyed a profitable half-holiday. The various subjects were taken up by the teachers in a most practical manner and the pupils showed an intelligence in their work that would be hard to equal.

During the holidays Miss Cook expects to visit a normal school friend in Charlotte County, also her sister Mrs. John Miller of Kings County.

Mr. and Mrs. Jas. Nicol and children are spending a few days in Campbellton.

We hold our school to be the banner school of this county (at least) for sending out suc-

cessful normal school applicants. For years past, almost every year, some of the pupils attend the Normal School at Fredericton. This year there will be five in attendance at the entrance examinations in Campbellton. Two will write the first class entrance papers. When we consider that the work is done by Miss Cook alone—no assistance—we express no little surprise at seeing it so well done. We wish the pupils may enjoy their well earned holidays.

Miss E. J. McNair a former pupil of Blackland school is home from the West, where she has been teaching for sometime. Some of our young people, who have joined the Sons of Temperance, are seen every Monday evening wending their way to Charlo Hall.

RUNNYMEADE

On Wednesday evening, June 25th, a very successful concert was held in the schoolhouse, which was tastefully decorated for the occasion. The stage was tastefully arranged and adorned with ferns and potted plants, and by a simple contrivance a drop curtain was manipulated. At 8.30 the curtain rose to the strains of the opening chorus, "O Canada." Then followed a programme consisting of humorous recitations, tableaux, songs and dialogues.

The features especially worthy of notice were two dialogues. The first, "The Train to Mauro," in which Mrs. Dugald Myles ably played the part of Mrs. Buttermilk, a lady, who lived fifteen miles back in the country, and had come in early to take the train to Mauro to visit a sick relative. Having time to spare she pesteringly asked after the health and usual pleasure pursuits of the station agent, whose part was competently filled by Mr. Fisher. The part of the terrible child was especially well played by Jack Wheeler. The other, "Gertrude Mason M. D.," was rendered in a very effective manner by seven of the Runnymede ladies and although all performed their parts well, Miss Rose Montgomery, in the role of Dr. Mason, and Miss Maude Lodge as Mrs. Mason's Irish housekeeper, deserve special praise.

The other ladies assisting were Mrs. Dugald Myles and the Misses H. Falle, E. Falle, G. Lodge and D. Wheeler.

The musical part of the programme ended with a number of baskets filled with good things, and artistically designed by the young ladies to entice the young men of the audience to part with their hard earned money for the good cause, were in a masterly manner auctioned off by Mr. Dugald Myles, and by this means a considerable amount was added to the proceeds of the evening, which amounted to \$73.00, which will be devoted to the repair of the school building.

The success of the evening was largely due to the executive ability of Messrs. Fisher, Allen Falle, N. Falle and John Lodge.

PORT DANIEL

Weather is still cool, crops are backward. High winds are prevailing, so much so that, only for the sight of our quaint little farms and cottages, we would think ourselves in the proverbial windy State.

Mr. M. McDonald, of the Government Lobster Hatchery, spent a few days in Campbellton last week.

Mrs. Jardine and children of Newcastle are spending the summer months with her parents, Mr. and Mrs. James Miller.

Miss E. Green of Miramichi is the guest of her aunt, Mrs. John Enright.

The examination held by the gentlemen Trustees at School No. 1, was very satisfactory. It was the fruitful result of a year of hard work by the teacher and scholars. The

distribution of the prizes was followed by an old fashioned raffle spree, greatly enjoyed by the children and by some "bigger folks" as a little tot put it. After a few hasty goodbyes the popular teacher left for her home. Her many friends wish her a pleasant vacation.

Mr. F. Miller of Saskatchewan is here winding up his business, prior to settling in the West.

Scholars who passed the year at different colleges and convents are flocking back home. One feels happy to witness the joy of this return, to see the young faces brightening up at the sight of the dear familiar places.

Miss Ada Enright attended the distribution of prizes at the Good Shepherd Convent, Grand River.

No. 2 elementary school closed today and those that attended through the kind invitation of the teacher, Miss C. Cooke was more than delighted with the splendid discipline and order, as well as the well got programme of singing, recitations and dialogues. It certainly looked well on the part of Miss Cooke, who has taken such an interest in the children and its quite easy to notice the strong regard they have for her. As a token of their appreciation, they presented her with a beautiful jardiniere, also a glass dish from one little girl. I am sure the commissioners made no mistake in re-engaging Miss Cooke for another year, at an advance of salary. Many ladies were present. Rev. Mr. Watson and J. O. Shear were the only gentlemen present and at the request of the teacher, Mr. Watson and Mr. Shear gave some very kind, encouraging remarks to both teacher and pupils. Miss DeCorvoit of Campbellton, N. B., and Mr. Shear sang a hymn "The best friend to have is Jesus," after which the pupils all marched out in regular order.

The liquor party who were so thoroughly defeated on May 26th, not willing to take it gracefully, have sent out a document, accusing some of our best citizens of dishonorable conduct. It suggests to one's mind the final kick before the end. They may not find it so hard to bear when they give up struggling.
