The Council are to be commended for their interest in making our charitable institutions as convenient and as comfortable as possible.
-Mr. J. E. Brown, eya-sight specialist, of the Brown Optical Co., Toronto, will be at his Bridgetown agency, Medical Hall, on May 3cd. Persons suffering from defective vision should consult him.
-Diphtheria is prevalent at Bear River, Wallace Porter, agel 15 years, the eldet saw of Mr. Herbert Porter, died a few days ago of Mr. Herbert Porter, died a few days ago.
Mr. D. Dinhtheria 1. Murray, formerly of the same disease at the time of the function.
-Dr. Daniel A. Murray, formerly of Truro, now on the teaching staff of Cornell University, has been nominated for the protelling just when it will be most required. The best way is always to be ready for an emergency. There's a tower in the new engine house for a bell, and a bell should be there; and, in addition, it might be wise to which would enable them to be first on the spot for the direction of work. An electric alarm for the house of each fireman would net cost a great deal, but it would add much to the efficiency of the service. If the Town -Dr. Daniel A. Murray, formerly of Truro, now on the teaching staff of Cornell University, has been nominated for the pro-fessorship of mathematics in Dalhousie Uni-versity, and he will soon be formally appoint-ed. Council cannot see its way clear to the in stitution of such an alarm, it should at least morrow. Mrs. Wm. Thomas and her daughter, who have been spending the winter with Mrs. E. E. Daley, have returned to their home in furnish a good loud toned bell for a general

warning. If a fire were to get a good start in the business centre of our town, the conequences would be most disastrous, and since -The-two story house owned and occu-pied by Mr. William Rice at Upper Clem-ents, was totally consumed by fire last Sat-urday afternoon. The fire when discovered spread so rapidly that very little of the furn-iture was saved. No insurance. it is the early work in fire fighting that is most effective, the call to firemen should be no uncertain sound.

-The spray pump will play a more im-

-The spray pump will play a more im-portant part in Annapolic county orchard-ing this spring than ever before. Last year only a few orchards were treated to the paris green solutions for the destruction of the little pests that oreate such havoo with the fruit crop, but this year scores of our best corebards will be treated and the work best orchards will be treated, and the work

best orchards will be treated, and the work will surely produce results that will encour-age a closer study and practice of scientific orcharding. Much can be done in the culti-vation of an orchard and the care of the trees to ensure a regular crop of clean, sal-ble forit. Well directed effort will be reable fruit. Well directed effort will be re-

chards only need a business-like attention to be the most paying adjunct of the farm. They represent now the principal source of the farmers cash income, but their earn-ing powers are crippled by a lack of care, that leaves them at the mercy of the wather er and an army of insect pests. Many of our orchardists are now lining up for or-chard improvement, and we hope to see the

our orchardists are now lining up for or-chard improvement, and we hope to see the advance speedily become general, as this county cannot afford to be behind its eastern neighbor in the quantity or the quality of the fruit it offers for competition in a com-mon market. Something ought to be done to secure

—Something ought to be done to secure the memory of the Bluenose express train at this station during the coming summer. Surely the difference between what the town offers for this service and what the railway company require is not so wide that it can not be spanned to the advantage of both. The fast express service is a convenience that should not be denied us by the railway, as its business at this point is probably greater than

should not be dealed us by the railway, as its business at this pointie probably greater than at other stations that have been marked on the Bluenose stop list, but since it has been dealed, except under certain conditions, there ought to be a careful reconsideration of the situation. It is possible that a new effort on the part of the town may bring about a better understanding all around. The town loses a great deal of the tourist

about a better understanding all around. The town loses a great deal of the tourist invest that would find its way hither if the Binenose were to acknowledge our import-ance by a stop, and above all is the incon-venience town travellage feel to be forced upon them when they have to wait for the slower trains, while their more fortunate neighbors ride in the fast ones. It is possible that if the railway demands a a greater consideration for the facility than the town can afford, that the difference could be adjusted by private subscription. There are many of our townemen who would con-tribute toward the expense of moving the

of his olient. - Mr. D. R. Cummings is apparently the most abused man in Sydney. He was arrived as the system of our towns in the summer season is fast approaching and efforts to effect an increased facility for travel should not be delayed. - No San Jose Scale in Nova Scotis yet, Mr. Thro, the inspectors in Kings County Court of Cape Breton. The most orebards and nursery stock in Kings County and reports that in has not found at he pest with the fide of the acid Clarke swore areful examination to be the Forbes Scole, not injurious to trees.
