It will pay all our readers to peruse, very carefully, the article elsewhere copied from the *Scientific American*, addressed to that dispassionate paper, and reproduced herein because it is of very great value to everyone, containing some important scientific facts very plainly put.

ADVICE TO MOTHERS.—MRS. WINSLOW'S SOOTHING SYRUP should always be used when children are cutting teeth. It relieves the little sufferer at once; it produces natural, quiet sleep by relieving the child from pain, and the little cherub awakes as "bright as a button." It is very pleasant to taste. It soothes the child, softens the gums, allays all pain, relieves wind, regulates the bowels, and is the best known remedy for diarrhoea, whether arising from teething or other causes. Twenty-five cents a bottle.

Can't Keep House.

BOWMANVILLE, ONT., Dec. 5, 1882.

Messrs. SETH W. FOWLE & SONS, Boston:

Dear Sirs:—We suppose it is no new thing for you to receive congratulations on the success of your valuable cough remedy, **DR. WESTAR'S BALSAM OF WILD CHERRY**; but perhaps at this time a word or two from us will not prove out of place. Although the Balsam has not been advertised to any extent in this locality, our sale of it is very large and the demand is increasing, which is due to the universal satisfaction which it gives to our customers. We have never had a single complaint, and husbands tell us their wives will not keep house without it. We would like you to do a little more advertising in this county, for we believe were your Balsam better known, its sale would be increased ten-fold.

Yours truly,
STOTT & JURY,

1886 GREGORY'S SEED CATALOGUE 1886

FAIR AND SQUARE DEALING.

Believing that if a man has dealt squarely with his fellow-men his patrons are his best advertisers, I invite all to make inquiry of the character of my seeds among over a million of Farmers, Gardeners and Planters who have used them during the past thirty years. Raising a large portion of the seed sold, (few seedsmen raise the seed they sell) I was the first seedsmen in the United States to warrant (as per catalogue) their purity and freshness. My new Vegetable and Flower Seed Catalogue for 1886 will be sent **FREE** to all who write for it. Among an immense variety, my friends will find in it (and in none other) a new drumhead cabbage, just about as early as Henderson's, but nearly twice as large!

I have used Permangano-Phenylite in my house in water-closets, swill-buckets, etc., etc., and have no hesitation in saying that it is the best disinfectant ever used by me.

M. HOWIE,
Detective, Melinda Street.

TORONTO, Sept. 4th, 1885.

The ingredients entering into the preparation known as Permangano-Phenylite are in themselves disinfectants, and their combination cannot fail to make this a powerful disinfectant preparation.

J. ALGERNON TEMPLE, M.D.,
Professor of Midwifery, Trinity Medical School.

TORONTO, Sept. 21st, 1885.

GENTLEMEN,—From an examination of your Permangano-Phenylite, I am fully persuaded that it is a most valuable compound, possessing powerful disinfectant qualities, without offensive smell, and I especially recommend it.

Yours truly,
H. H. MOORHOUSE, M.D.,
